

Star of Space 113

Chapter 113 Can you open a back door for me?

"Captain Wei, please take a few people and find a secluded place to burn the bodies, as well as the female corpses that were dug up." Lin Caisang walked out and faced Cap Wei. The head ordered.

Suddenly, as if she thought of something, she turned to look at Mr. Wei seriously.

"Does Captain Wei have the right to burn these female corpses?"

"This... you still have the right, but you have to find a prisoner first to prove the cause of death of these women. Some evidence cannot be destroyed." Wei Captou looked a little embarrassed, but he still gritted his teeth.

Since Lin Caisang said he wanted to burn it, there must be a reason. If he couldn't even do this, I'm afraid things would get worse again.

"I will send a message to the county government and ask you to send a widower to come and conduct an autopsy."

"What? Do you want an autopsy?"

On the side, Mr. Gong, who had been following Mr. Wei with his neck curled up, heard his words and screamed in surprise.

He heard Lin Caisang say that these corpses would be burned before, and he secretly breathed a sigh of relief. Unexpectedly, the next sentence would be that they would invite a widower to do an autopsy? !

If someone were really invited to do an autopsy, wouldn't this matter become a big deal? Then should the Gong family show their faces in front of others, and should they still be human beings?

"Why, Master Gong doesn't think it's okay?"

Captain Wei frowned, looked at him displeased, and asked.

"No, no." Mr. Gong quickly shook his head.

How does he have the right to say 'no' now? Why not just do what the people in the county government say?

If it weren't for the strange illness in Hong Lingzhen, based on the things his family had committed, he would have gone to prison long ago. How could he stay in his own home? If he said the word "no" again, he would have gone to jail with Gong Yu. That disgusting thing stayed together.

"snort."

Wei Captou snorted coldly.

"Captain Wei, I'll leave the matter here to you. I'm going to study the prescription now to see how I can cure this poison." Lin Caisang glanced at Mr. Gong and said to Capt. Wei After that, he turned around and left.

...

Back in the room, Lin Caisang went straight to the Jinzhu Space, picked up the jade book and read it non-stop.

It's just that no matter how hard you look, you can't see the flowers. She really doesn't understand poison. She doesn't understand it at all. She claims to be a miracle doctor in vain. In fact, she is just a half-hearted person. Telling it can really make people laugh!

"Brother Yujing, can you open a back door for me and tell me what this poison is?"

Raising her head, she looked at the jade mirror and asked helplessly.

'Master, this poison is just as you imagined. ' A group of people appeared on the jade mirror.

Lin Caisang was stunned for a moment and raised her eyebrows. As she had guessed, how could Yu Jing know what she was thinking?

In other words, what she was thinking about was...

"No way?"

I heard some things about Hongling Town from Ya Molian before, combined with the pregnant woman who committed suicide in the Gong family, the third young master Gong who died of a strange virus, and then the Gong Yu family.

What she was thinking was that the dark forces behind Hongling Town wanted to completely clean up Hongling Town and kill everyone who was not part of their group, so they came up with such a poison.

It is very likely that this poison was intended to be poisoned on the child in the pregnant woman's belly, but the pregnant woman accidentally overheard their plan, so the pregnant woman committed suicide out of fear.

They had no choice but to poison Third Young Master Gong?

Then it turned into a strange contagious disease?
