Chapter 1131 I just don't want to give it to you

"Tsk tsk. Ye Yan)"

Lin Caisang curled her lips, clicked her tongue twice, and looked sideways at Sui Ziyou.

"Ziyou, go."

Sui Zi took a deep breath, strode down the stairs, and came to Zeng Wuzuo.

Zeng Wuzuo thought that Sui Zi had passed by and it was Lin Caisang who asked her to come over and untie him. He immediately turned his back and looked at the people with his chin raised high.

"Did you see that? Those people tied me up before, and now they have to untie me. They still have to respect me, Zeng. Humph, one by one, just wait for me to take my time to clean it up! "

Sui Ziyou: "!!!"

She really couldn't stand listening anymore. How could there be such a blind person?

No wonder he offended so many people... Well, no, it should be that he felt that those people had offended him. In fact, it was all caused by him, right?

She reached out, grabbed Zeng Wuzuo's shoulders, and pulled him over so that he was facing her.

Then, he raised his hand unceremoniously and greeted his thick face, "Let me try and see how thick-skinned you are. If I hit you on the face with my hand, it's your face." It hurts, but my hand hurts more!"

Following her words, the sound of 'papa' slaps resounded into the hearts of all the people present, and everyone was very happy to see them.

"Ah! Ah!"

Nie watched her husband being beaten. Although she wanted to help, she was restrained by the guards and could not move.

However, every time Zeng Wuzuo was hit, she screamed in surprise.

After a while, Sui Ziyong threw Zeng Wuzuo away and let him fall to the ground. She shook her head and returned to Lin Caisang.

"Zeng Wuzuo, is the answer I gave you strong enough?" Lin Caisang looked at Zeng Wuzuo intently and asked.

"You...you will regret it!"

Zeng Wuzuo covered his face and looked at Lin Caisang with fierce eyes.

"Without my antidote, those people will all die, all of them! Remember, you guys, it was that bitch who killed those people. If you want revenge, go find her!"

he yelled at the people.

Everyone: "..."

One was the girl who came to rescue them from Wan County and caught the villain Zeng Wuzuo; the other was an unforgivable murderer who had killed many innocent lives.

Are they crazy to blame the girl?

"Zeng Wuzuo, you actually don't have an antidote at all, right?" Although Lin Caisang's words were light, they made all Zeng Wuzuo's movements stop.

But soon, he came to his senses and turned to look at Lin Caisang.

"This poison is mine, how could I not have an antidote? You are talking nonsense, I just don't want to give it to you."

"hehe."

Lin Caisang chuckled twice.

It seems that there really is no antidote for Zeng Zuo.

"Your Excellency, County Magistrate, please interrogate these two people here, and interrogate them carefully."

She looked at the magistrate and said.

"Okay, Miss Lin."

The magistrate responded.

...

"Miss Lin, don't you have any doubts in your mind?"

The prince and Lin Caisang entered the county government office together. Looking at Lin Caisang, he asked.

If Lin Caisang had no doubts, he had a lot of questions in his mind that he wanted to wait for Lin Caisang to answer.

"Yes, why not?"

Lin Caisang looked into his eyes and said frankly.

Chapter 1132 Order someone to handle this matter

"But if we ask, will he tell? A person like Zeng Zuo can no longer be called a normal person. Nine and a half out of ten sentences he says cannot be believed.

Even if he really said something, my lord, can you believe it? Or, do you dare to believe what he says? "

"this....."

The prince twitched his lips in embarrassment.

Zeng Wuzuo really seemed like a madman, and everything he did was not what a normal person should do.

"Miss Lin, where do you think he got his poison?" he asked.

Hearing this, Lin Caisang just shook his head.

"How can I know this? I'm not Zeng Zuzuo.

Of course she knew where the poison Zeng Wuzuo used came from, but she would not tell the prince.

Because she knew that even if she said it, it would only increase the troubles in the prince's heart, and the rest would be of no use at all.

"But I have already developed the antidote to this poison. Tomorrow, you will gather the people of Anhui County. I will give the antidote to you and you will send people to distribute it. On the other hand, those who have been poisoned will be recovered as soon as possible. Incinerate, don't keep it."

She explained.

"Okay, I understand." The great prince nodded in agreement.

"besides....."

Lin Caisang thought of something.

"Didn't you hear at the gate of the city before that a cow was also poisoned? It's best for the prince to send someone to deal with it. The poison is very powerful. All soil contaminated with poison must be burned. .

"I will order someone to handle this matter." The great prince said.

"Um."

Lin Caisang nodded.

"Ziyou, let's go."

"Okay, sister-in-law."

Sui Ziyou nodded, and then followed Lin Caisang and left through the back door of the county government office.

"Miss Lin..."

The eldest prince stood there and stretched out his hand to stop the two of them, but still did not speak.

He really wanted to ask, where did Miss Lin and Miss Ziyu live, and why did they have to leave so late? Isn't it okay to live in the county government office?

But this was Lin Caisang's own matter, so naturally he couldn't say anything more.

...

Yacun.

It was late at night, and it was rare for the Lin family to have guests.

However, Lin Laogan and Lu Qiubo had cold faces and did not take those people in the yard seriously at all.

When Lin Caisang came out of the room, he saw the family he least wanted to see.

"Grandpa, grandma, what's going on? Why are they in our house?"

What she saw was none other than people from the Zhou family, Old Master Zhou, Master Zhou, Mrs. Zhou, and Zhou Liang, all there.

"Sang Sang, you're finally out. Come here quickly. Mom is here today to get you engaged to Liang'er. You..." Mrs. Zhou saw Lin Caisang opening the door and coming out and hurried forward.

"Get lost!"

At this point, how could Lin Caisang allow the Zhou family to ruin her reputation like this.

He directly raised his foot and kicked Mrs. Zhou in the chest.

"ah!"

Mrs. Zhou screamed and fell to the ground.

"Lin Caisang, you..."

When Mr. Zhou saw this, he looked at Lin Caisang angrily.

"We came here sincerely to propose marriage. How dare you hit your future mother-in-law? Lin Caisang, do you still have any filial piety?"

Hearing his words, Lin Caisang really laughed out loud.

How thick-skinned is this family? After all, they dare to come to his house. Do they really think she is a fool?

Chapter 1133 Be aware of yourself

"Mr. Zhou, if you don't say anything secretly in front of people, do you think I, Lin Caisang, will go into the muddy waters of your Zhou family? You, the Zhou family, have done all the bad things and completely ruined the family tradition. His descendants have already accumulated great virtue to be able to marry Miss Ninth of the County Sheriff's Mansion.

What else do you want? Do you really think that Qianlin County will not be able to survive without your Zhou family? What, who do you think you are, can you fly or escape?

If you have that ability, I, Lin Caisang, will obey you, but what you do is your family's business and has nothing to do with my Lin family!

I warn you, if you really push me into a hurry, don't even think about the marriage in the County Sheriff's Mansion. Qianlin County is not a place you can stay in anymore. I can make your Zhou family live in Liang Dynasty. Completely disappeared from the country's land!

Believe it or not! "

"Lin Caisang, if you really had that ability, would you have been dumped by Yamolian? You would have followed him to enjoy life!" Mrs. Zhou was beaten, and her face was full of anger, and she faced Lin Caisang San cursed.

Hearing this, Lin Caisang took a deep breath and opened his mouth. Just as he was about to speak, he was interrupted by Old Master Zhou.

"Collecting mulberry trees, we are here today to have a good talk, not to compete with others on their ability to talk. After listening to what Grandpa Zhou said, you should think about it again."

He looked at Lin Caisang deeply and spoke.

"My Liang'er is not much worse than Ya Mo Lian. Who can we live with? Ya Mo Lian doesn't know where he is right now. How much more can you abandon the near and seek the far away, looking forward to something that has no end? Son, isn't it?"

"Ah."

Lin Caisang sneered.

The shamelessness of this family seems to always be able to set her bottom line.

"Old Master Zhou, I have told you a long time ago that a person must be self-aware. It is obvious that the whole Zhou family is nothing, why do you still go out and embarrass yourself in front of others?"

Since you are shameless, then I will also be shameless to show you! Are you going to argue with me? OK.
"

"What do you want to say?"

Old Master Zhou raised his hand, stroking his long beard, and looked at Lin Caisang calmly.

He had already predicted Yilin's ability to pick mulberry trees, so he couldn't do anything to him yet. In the end, he would obediently marry into their Zhou family.

"I don't want to say anything, I just want to do something!" Lin Caisang looked at him and said.

"I think that at this time, the county governor must really want to know the news about your Zhou family. He also wants to know how Old Master Zhou told your son and daughter-in-law to go to the streets of Ye County to publicize how his ninth daughter was ruined. Innocent.

Do you think that the Sheriff will be so polite to you and let you go?

The thoughts of your Zhou family are really...staying restlessly at home, properly marrying the daughter of the county governor, and yet you dare to come to my place to cause trouble. You really think that your Zhou family is the only one in Ye County. ? "

"You...how do you know this."

After hearing what Lin Caisang said, Mr. Zhou looked at Lin Caisang and asked in surprise.

Suddenly, as if something had occurred to him, he stared at her in shock, raised his hand, and pointed at her tremblingly.

"It's you. You already knew about Miss Ninth, right? You deliberately... revealed it to us on purpose. It was you who framed our Zhou family! Let us be blamed by the County Sheriff?!"

Chapter 1134 You...are you? !

"So what if it's me?"

Lin Caisang did not deny Master Zhou's words and glanced at Mrs. Zhou with sharp eyes.

"Mrs. Zhou, do you think I will still be polite to your family after you used Liu Rumei to let the Chen family bury me alive?"

"you--"

Mrs. Zhou's face turned pale and her whole body trembled with fear.

How did Lin Caisang know about this matter? Liu Rumei had already run away, so how could she still know about it?

"You are talking nonsense, I don't know anything, please don't accuse me wrongly!"

"You said you were wronged, so let's just say you were wronged. Lin Caisang didn't argue with her.

"But you want to use your marriage with the county governor to exchange my cousin Changfeng's examination papers for your son. Is this true? It's a pity that the county governor is not a fool. He knows which side to choose. The direction is right!"

"What? Old Master Zhou, it's useless for you to call yourself a scholarly disciple. You are simply embarrassing all the scholars in the world!" Lin Laogeng blushed with anger when he heard his granddaughter's words and looked at Old Master Zhou.

When Old Master Zhou was scolded, he couldn't refute a word, because he didn't know about it at all, so he could only look sideways and glare at his daughter-in-law.

"you--"

Mrs. Zhou, on the other hand, was so frightened by Lin Caisang's words that she stepped back.

"How do you know...the Sheriff told you? No, that's not right..."

She shook her head hastily, feeling that this idea was too whimsical. How could Lin Caisang, a little farm girl, meet the county governor?

Even she is already firmly in-laws with the Sheriff's Mansion, and has never met the Sheriff himself. The Sheriff's wife has always conveyed messages from him.

But.....

Why did Lin Caisang know about this?

"Lin Caisang, how did you know? How on earth did you know?!" she asked screaming.

Is Lin Caisang really that capable? Do you even have the ability to know such secret things?

Hearing her words, Lin Caisang's lips curled up slightly and he looked at the Zhou family with evil eyes.

"Mrs. Zhou, haven't you always wanted to know why the county governor's wife made a good promise in front of you, but then regretted it when she turned around? Even later, her attitude towards you plummeted?

Do you think this is all for no reason? Mrs. Zhou, you think too simply! "

"You...it's you?!"

Mrs. Zhou finally figured it out.

She asked why ever since she went to the county governor's house to see the county governor's wife and wanted to deal with Lin Changfeng, and as a last resort, she wanted to exchange the test papers of her family's Liang'er and Lin Changfeng's. The governor's attitude towards her would become so bad.

But it turned out that Lin Caisang was obstructing all of this!

"Lin Caisang, you bitch, why are you doing this? What grudge does our Zhou family have against you? You want to target our Zhou family like this?!" She asked Lin Caisang.

Lin Caisang: "..."

Everyone in the Lin family: "!!!"

How could the woman in front of me say this?

What grudge does the Zhou family have against them?

"You are a family of immoral things. The third child has a broom. Take it out and drive these shameless things out!" Lu Qiubo shouted to Lin Baiyi.

"If you still have the nerve to ask this, I would like to ask, what grudge does our Lin family have against you to make you deal with our Lin family like this? Old Master Zhou, we are not done with this matter!"

Chapter 1135 Living a hard life

"This...sister Qiubo, you..."

Old Master Zhou wanted to explain a few words, and he also wanted to have a good relationship with the Lin family.

After all, Lin Changfeng is now the Jieyuan of Ye County. Even when he arrives at the County Sheriff's Mansion, even the County Sheriff is somewhat polite to him.

"Get out of here, get out of here right away. Zhou, does he really regard our politeness as a blessing? It didn't cause me to be patriarchal, it was because he was lucky. This was not enough. He also wanted to come to my house several times to cause trouble for Sangsang. , surnamed Zhou, aren't you afraid that the ancestors of your Zhou family will come to trouble you at night?"

"Sister Qiubo, you... are so old..."

Seeing that Lu Qiubo couldn't make sense, Mr. Zhou looked at the silent Lin Laogen, trying to take advantage of him and play the family card.

"People surnamed Zhou, don't you really see that? I ignored you because I didn't take you seriously at all. In my eyes, you Zhou family members are just air!"

Lin Laogan's gloomy gaze glanced at Old Master Zhou.

"They are all very old. If you are willing to embarrass your face for your grandson, that is your own business, but don't use your face to make our Lin family lose face with you!"

"Well....."

Old Master Zhou choked at his words.

At the moment when he had nothing to say, Lin Laogong looked at his granddaughter.

"Sang Sang, how capable are you? How do you want to deal with the Zhou family, a member of the Zhou family who is so shameless? Just go ahead and don't worry about anyone else's face."

"Old Gang, how can you say that? We have been friends for many years!" Old Master Zhou was shocked when he heard what he said.

Because he discovered that Lin Caisang might really have the ability to make the Zhou family unable to hold their head high in Qianlin County, and he couldn't take the risk.

"What friend?!"

Lin Laogong directly refuted his words.

"Mr. Zhou, from the time you acquiesced to your daughter-in-law and came to deal with my Sangsang; from the time you brought your grandson to cancel the engagement, but were caught in the small bamboo forest;

From the time when your daughter-in-law plotted against my Sangsang and Changfeng again and again; from the time when you were shameless and came to my house to make trouble several times after knowing that my Sangsang and Mo Lian were engaged, we have not been together for many years. of friends.

Just think that all those years of friendship have been fed to the dogs! "

"you--"

Old Master Zhou had a bad breath stuck in his throat.

"Lin Laogong, I really didn't expect that you are so ignorant of praise! In this case, I don't need to be polite to your Lin family. After my Liang'er marries Miss Jiu of the County Sheriff's Mansion, your family will good-looking."

He said angrily in order to save his breath.

"puff!"

Before Lin Caisang could laugh, Lin Changhong on the side laughed rudely.

"Old man Zhou, this is really the funniest joke I have ever heard. What, what do you think, are you still trying to get married in the county magistrate's house? Let me tell you, if my family Sang Sang hadn't

been there to suppress you, you would have really Do you think you can get married in the Sheriff's Mansion?

The Sheriff was so angry that he wanted to drive you out of Ye County early in the morning. Who knows where you will live a miserable life in the corner? "

"What?!"

Mrs. Zhou almost jumped when she heard what he said.

"Lin Caisang, how can you be so vicious? Miss Ninth from the Sheriff's Mansion is like that, and you actually force my Liang'er to marry her? Why don't you go..."

Chapter 1136. Just your old face, how can you be so embarrassed?

"Mrs. Zhou, this is my territory, Lin Caisang. I advise you, if there are some things you shouldn't say, it's best not to say them, right? Otherwise, I can't guarantee that your family will be able to leave this village safely!"

Lin Caisang looked at Mrs. Zhou coldly and threatened.

"you--"

Mrs. Zhou had a bad breath stuck in her throat, unable to come up or go down.

"Moreover."

Lin Caisang glanced at Zhou Liang, who was silent at the side, with disdain.

"With all due respect, Mrs. Zhou, for your son to be able to get married in the county governor's house, he is already at the top of the ladder. What else do you want? Why, you don't think that your son can marry a princess and go home. Bar?

This is really pitiful for the hearts of parents in the world. Even if his son is a piece of mud that cannot be supported on the wall, he is probably still a treasure in the eyes of Mrs. Zhou, right? Yes or no? "

"Lin Caisang!"

Mrs. Zhou gritted her teeth bitterly.

What's wrong with her son? His son is very powerful. At least even if Lin Caisang is gone, there is still Miss Jiu from the county governor's house who is eager to marry into their Zhou family and be her son's wife.

However, thinking about Miss Ninth of the Sheriff's Mansion, she felt really unwilling to do so!

"Old Master Zhou, Master Zhou, I might as well tell you straight, if I see your family in Ya Village again, I don't have to think about the good marriage in the Sheriff's Mansion, just get out of Liang Country .

Lin Caisang looked at Old Master Zhou and said calmly.

"you--"

Old Master Zhou opened his mouth, but couldn't think of anything to say, and Lin Caisang didn't give him a chance to speak again.

"Don't doubt my ability, Old Master Zhou. Since I can let the Lord Sheriff bite your Zhou family, it doesn't even matter if I can't get out the anger in my heart. I can also let the Lord Sheriff marry Miss Ninth to her heart." that person.

At that time, Old Master Zhou, your Zhou family will really be fetching water from a bamboo basket, and everything will be in vain! "

"Sang Sang, I am your elder after all, how can you be so decisive in doing things?" After hearing her words, Old Master Zhou sighed heavily and asked Lin Caisang.

After all, he had done something wrong at the beginning. If he had not listened to his daughter-in-law and canceled the marriage with the Lin family, things would not have reached this stage.

The Zhou family... maybe his family, Liang'er, has already passed the examination.

It won't be like now. In the Lin family, Lin's ability to pick mulberry trees is getting better and better. Lin Changfeng has even passed the exam to understand the Yuan Dynasty. His future is boundless.

As for the Zhou family, they were forced to marry the loser from the county governor's family. In the future, their whole family might have to look at that loser's face.

I'm afraid that days like this will never come to an end.

"Our family, Sangsang, has never had an elder named Zhou. Now you still have the nerve to talk about elders and not elders. You, Zhou, have the nerve to do that with your old face?"

After Lu Qiubo cursed at Old Master Zhou, he looked at Lin Baiyi.

"Third brother, why don't you hurry up and drive people out!"

"Dad, let me help you! There is no need to be polite to these shameless people!"

Lin Changfeng winked at his father, picked up the broom, and was about to drive people away.

When dealing with these people, no matter how well-educated they are, they will still be so angry that their hearts ache. If they see them in the future, they will be beaten once! He set a goal for himself.

Chapter 1137 Isn't it embarrassing enough?

"You...Lin Changfeng, it is in vain that you, as a scholar, are so presumptuous!" Old Master Zhou became angry immediately after hearing Lin Changfeng's words.

"Old Master Zhou, how can this junior compare to you?"

Lin Changfeng looked at Old Master Zhou with disdain, with a faint smile on his lips.

"This junior is still young. If you do something wrong, you can at least learn to improve it. Unlike Mr. Zhou, your skin is as thick as a city wall. You shouldn't be able to change it, right?"

"you--"

Old Master Zhou blushed at what he said. He didn't know whether he was angry or embarrassed.

He was secretly glad that he came to Lin's house today at night, so he wouldn't be seen and embarrassed outside.

"Okay, okay, well done to you Lin family, let's go!"

With that said, he turned and left.

"Dad, dad!"

When Mr. Zhou saw his father leaving, he hurriedly followed him.

"Dad, are we leaving like this? What about the marriage with the Sheriff's Mansion?"

They came here this time just to decide Lin Caisang first, and they couldn't let the roots of the Zhou family be cut off by his son.

But now, if they just leave like this, don't they get nothing?

"What can you do, keep doing it!"

Old Master Zhou stopped and gave his son a cold look.

"It's all because of you that you married such a good wife and gave birth to such a good son, and the Zhou family has been disgraced!"

If it weren't for this grandson, would he have come to the Lin family to embarrass his old face?

Now they have lost all their dignity, gained nothing, and have to continue to marry the county governor, but unfortunately, the county governor has already become their enemy.

He used to think that those things were caused by her daughter-in-law, but after visiting the Lin family today, he finally knew what was going on.

It turned out that it was that little girl Lin Caisang who caused such misery to the Zhou family!

But what can he say? Wasn't this all done by his daughter-in-law and grandson themselves? Who can blame you?

"father!"

Mr. Zhou didn't want to let it go and looked at his father.

"Walk!"

Old Master Zhou doesn't care about him anymore.

"What are you still doing here? Isn't it embarrassing enough?"

Hearing this, Mr. Zhou turned around and glanced at the Lin family. Seeing that they didn't even look at them, he could only take a deep breath and look at his wife and son.

"What are you still doing standing there? Hurry up and catch up!"

"Sangsang, please think about it again, really, I..."

How could Zhou Liang be so willing? How could Miss Ninth from the Sheriff's Mansion be as good-looking as Lin Caisang?

Moreover, that woman was only second-hand and he had no idea for a long time. How could he marry such a woman as his first wife?

Someone like Lin Caisang, who is good-looking and quite capable now, is the wife he should marry. How could he just miss it like this.

"Brother..."

Lin Caisang turned his head and looked at Lin Changhong aside.

"Okay."

Lin Changhong couldn't hold it any longer, and when he saw the look his sister was giving him, he nodded immediately.

He raised his feet and walked towards Zhou Liang, grabbed his collar, lifted him up, strode directly out of the yard, and threw Zhou Liang out.

"Lin Changhong!"

Old Master Zhou watched helplessly as his grandson was thrown out by Lin Changhong like he was carrying a piece of cargo, and he was immediately furious!

"What's the matter? If you don't like it, just get out of here. It's like someone asked you to come to our house."

Chapter 1138: Beat someone up?

Lin Changhong glanced at him, looked him up and down with disdain, and said.

"you--"

Old Master Zhou was so angry that he almost vomited blood.

When did everyone in the Lin family become like this? They were all easy to talk to before, but they just do whatever they say!

"You guys... okay, let's wait and see!"

With that said, he held his son's hand and got into the carriage.

"Lin Caisang, you will regret it. You bitch will definitely be abandoned by Yamolian. When the time comes, just wait to go to the nunnery to become a monk!" Mrs. Zhou cursed Lin Caisang angrily. After that, he also got on the carriage.

After a while, the Zhou family's carriage left.

"Sang Sang, the people in the Zhou family are really... It seems that we have to find a way." Lin Laogan looked at the back of the carriage as it drove away and said to his granddaughter.

Hearing this, Lin Caisang glanced sideways at Lin Changfeng and Lin Changhong.

She saw that they were also looking at her, and the three of them had the same idea in their eyes.

Zhou family, how else do you want to dance?

"Grandpa, you are overthinking. The Zhou family has done so much evil, and there will always be consequences for them," she said.

Moreover, it is definitely not a good fruit.

"Brother, Brother Changfeng, I'm going to visit Brother Mo Lian's house. You guys stay with me, I'll be back soon.

"good."

They both responded at the same time.

...

Ya Molian's house.

As soon as Lin Caisang's front foot arrived, the next moment, Beidou, Ya Enxi, Nangong Piao'er and Ya Yufeng arrived.

"Mother, it seems that the Zhou family no longer shed tears when they saw the coffin. How do you want to deal with them?" Beidou asked.

They have all fallen into this situation, being stared at eagerly by the people in the Sheriff's Mansion, but they still refuse to give up. They have to make everyone unhappy and kill their whole family before they are willing to do it.

"How to deal with them?"

Lin Caisang snorted coldly, this family is really giving people a headache.

"You've never been a bandit or a robber, right? You're going to be one tonight."

"Does the mistress mean that we should rob the Zhou family's carriage and beat them up?" Nangong Piao'er asked, guessing what Lin Caisang meant.

"Isn't this okay?"

Ya Yufeng immediately rejected his wife's words.

"I just saw that the people in the Zhou family don't have anything valuable on them. Since they are robbers, how can they only beat people and not even take anything to steal?"

As he said that, he raised his eyebrows at Beidou and Ya Enxi, and thought of a brilliant idea.

"How about we go to the Zhou family and be a gentleman once before the Zhou family's carriage returns to the county?"

"Going to Zhou's house?"

Beidou's eyes lit up and he thought this was a good idea.

"Don't let the Zhou family owe Mistress too much this time. Just take some money from her family and consider it as compensation. Mistress, what do you think?"

"If you take the Zhou family's money, you will take it, but don't bring it to me. There are so many people in Qianlin County who need help. Just give all the money to them."

Lin Caisang thought for a moment and then ordered.

"In addition, all the servants and maids of the Zhou family had all their deeds of sale in the hands of Mrs. Zhou, and gave them directly to the mother-in-law of Yahang, and asked her to go to the Zhou family to beg for help.

How can people with the character of the Zhou family deserve to be served by others? Just do your own laundry and cook to earn money. "

Chapter 1139: What should I do if I bite back?

Thinking of what Mrs. Zhou said before leaving, how could she let them go again? Since this is the case, let the Zhou family completely surrender to Miss Ninth's knees and never stand up again.

"Besides, keep an eye on the Seventh Young Master at the Sheriff's Mansion, and don't let him make any mistakes." She ordered again.

"Yes, Mistress."

The four of them responded and went to do their business.

...

"This Zhou family is getting more and more shameless. They can do anything!"

In the main hall of the Lin family, everyone in the room was sitting together, discussing what happened when the Zhou family came over just now.

Lu Qiubo was very angry, thinking that they had already spoken so clearly, but Old Master Zhou seemed not to have heard them, which really made them anxious.

But unfortunately, with that stubborn approach, they really couldn't do anything to the Zhou family.

"No, we can't just let it go!"

After thinking about it, she still felt that she couldn't let it go and that she had to clear up the relationship with the Zhou family.

Otherwise, if the Zhou family keeps coming to their door in the future, will their family still be able to survive? The Zhou family is shameless, and the Lin family is even more shameless.

"Old man, what do you think we should do about this?"

She looked at Lin Laogong and asked.

Hearing this, Lin Laojie took a deep breath and looked at Lu Qiubo.

"This matter still has to fall on you.

"I?"

Lu Qiubo raised his finger and pointed at his nose.

"what can I do?"

"In this way, you take Changhong and Changyi to Qianlin County tomorrow, and cry at the door of the neighbors of the Zhou family. Anyway, it was the Zhou family who forced them to come to ask for an annulment of the engagement.

Moreover, the things that happened to Sangsang before were all caused by Mrs. Zhou. Since the Zhou family is shameless, why should we give them face? We can just pierce this layer of window paper.

I want to see how the Zhou family wants to go to Yacun to cause trouble when they are being pointed and nodded every day from now on! "

"Grandpa, are you serious?"

Lin Changhong opened his mouth slightly and looked at his grandfather and asked.

If you really do this, then the Zhou family will be completely embarrassed, not only the face of Old Master Zhou, but also the faces of the ancestors of the Zhou family, right?

"How can it be false?" Lin Laogong glared at Lin Changhong.

He didn't want to be harassed by shameless people from the Zhou family every day, so he could just knock that family over with one blow.

"Old lady, you can do it tomorrow."

"That works."

Lu Qiubo thought for a while and nodded.

However, she still felt a little hesitant in her heart. She didn't feel confident about saying those words outside.

"Old man, we have no evidence. What if someone from the Zhou family bites you back?"

"What evidence do you need for this?"

Lin Laojiang looked at Lu Qiubo funny and asked her.

"We just told those people our suspicions. We don't need evidence for the Zhou family's harm to Sangsang. You just need to say..."

"Grandpa, you don't need to say anything. Chang Yi and I know what to say, and we won't give the Zhou family a chance to bite us back." Before Lin Laogong could finish speaking, Lin Changhong spoke.

All the evidence is just a cloud.

What kind of evidence do they need? They just need to make a start and tell the truth about what is really before everyone.

As for those things that they were just guessing, and although they were certain but had no evidence, they could just say it casually, not mentioning the Zhou family, and let the neighbors of the Zhou family make their own guesses.

Chapter 1140 It's all gone, all stolen

Why bother talking about any evidence?

"Grandma, I'll go with you tomorrow. I'm still young, so don't let him go." Lin Caiqing interjected from the side.

To do these things, it is more convenient for a woman to come. Changzhi is still a child. Should he go to the county to be bullied, or to help grandma?

Hearing this, Lu Qiubo looked at Lin Laogan.

"Young girl, you can go if you want." Lin Laogan said.

We always need to let some of the children in the family go out and see it. This time, let the Zhou family see whether the Lin family is easy to bully and whether they can swallow any grievances!

...

Zhou family...

When Old Master Zhou and his party returned home, they saw the door of the Zhou family wide open.

"What's going on, where are the people?"

After getting off the carriage, when they walked into the yard, they saw that there were no servants or maids inside, and there was no sound except the voices of their own family.

In the yard, there were some clothes scattered here and there, as well as a few chairs and stools.

"Dad, this is... what is going on?"

When Mr. Zhou saw this, his heart skipped a beat and he asked his father.

He never thought that his family just went to Ya Village. When they came back, they saw such a scene. Their home seemed to have been ransacked by robbers.

"You ask me? Who should I ask?"

Old Master Zhou looked at his son with a bitter look on his face, and then glanced at the others.

"Why are you still standing there? Why don't you hurry up and take a look!"

"ah!"

Mrs. Zhou was reminded by him, screamed, and ran to the backyard.

Zhou Liang also hurriedly ran towards his room, fearing that his things would be stolen or something.

However, when the Zhou family gathered together after a long time, they saw that everyone was listless and wilted.

"Dad, the contracts of all those servants and maids are gone, they've all been stolen." Although Mrs. Zhou was weak, she still clenched her silver teeth tightly.

She had always been very strict with the servants and maids in the house. Those people didn't even dare to go even half a step closer to her room. Unexpectedly, today they would steal all the things and run away without a trace.

What should I do?

"Grandpa, father, mother, all the money I hid is gone." Zhou Liang said to his family with a livid face.

When Liu Yushui asked him for 500 taels of silver, his mother gave him the other 200 taels of silver despite his persistence, but he only gave Liu Yushui 50 taels of silver. , he hid them all.

But he didn't expect that even one tael was stolen before he even used it.

It's really irritating to think about.

"Dad, I..."

Mr. Zhou also looked at his father and was about to explain what things he had stolen.

But he saw his father's body swaying and about to fall forward.

He quickly stretched out his hand to support the person, only to hear his father closing his eyes and mumbling to himself.

"It's over, it's all over."

He now has the keys to his home, but there is not even a tael of silver in the warehouse. How will he live in the future?

"These servants, each one is really... Dad, I will go to the county government tomorrow to surrender. I must catch all those thieves!" Mr. Zhou said to his father.
