

Star of Space 118

Chapter 118 A shining sword

She murmured, feeling that it was really possible, but since she used it first, it was considered to be the best use of it.

After struggling to put the ladder in place, she looked up to the higher place, raised her foot and stepped up. Just when she was about to step on the other foot, unexpectedly, she didn't know whether it was because she was too heavy or the ladder was not strong in the first place. With a click, the horizontal bar under my feet broke.

"ah!"

Lin Caisang swayed a few times before he could stand firmly and almost fell down.

"Wow..." Damn!

Before he could even say the word "Fuck", there was only a "clang" sound, and a bright sword struck the ladder.

"hiss!"

She gasped and looked at the masked man in black holding a big knife in his hand. If the ladder hadn't been stepped on like tofu, the big knife would probably have hit her neck right now, right?

"Again?"

Without thinking, Lin Caisang immediately stood firm, raised his feet and ran back.

Looking at the posture of these masked men in black, they were different from the servants sent by Mr. Gong before. If she didn't run faster, her head would be separated from her neck.

"superior."

When the masked man in black saw Lin Caisang was about to run, he immediately chased after her and slashed at her back vest with the big knife in his hand.

Lin Caisang felt a cold air coming in and knew something was wrong, but it was better that she had the golden pearl space. Although she didn't have the skills to deal with the enemy, she could still avoid the disaster.

Taking a deep breath, he turned sideways to avoid the attack of the masked man in black and turned to look at him.

"If my aunt doesn't show off her power, you really think I'm a sick cat, don't you?"

As he said that, with a sharp look in his eyes, he took out a packet of poisonous powder from the Jinzhu Space and powdered it towards those people.

This was also inspired by the people sent by Master Gong. After arriving at the drug store, she found some poisonous powder made from poisonous medicinal materials. Although it would not poison people to death, it could still make them suffer for a while. There will be no more fighting power.

"Well!"

Several masked men in black froze and fell to the ground instantly, unconscious.

"Well!"

Lin Caisang was confused by this situation.

No matter how powerful her poisonous powder is, there is still a process of waiting for it to take effect. She still wants to hide in the Jinzhu space, this...

"Is this poisonous powder really that powerful?"

She looked at the piece of paper in her hand that was originally wrapped with poisonous powder and murmured to herself.

"What's awesome?"

A familiar voice reached her ears, making her startled.

"scare!"

Turning around, she breathed a sigh of relief when she saw the guy standing behind her.

"Brother Mo Lian, where have you been? You scared me to death. Are you okay? Are you injured somewhere?"

She was very nervous after being chased by a masked man in black. She could finally take a breath. She immediately thought of Ya Molian's injuries.

"hurt?"

After hearing her words, Ya Molian's head was filled with black lines.

"You think I'm injured and want to climb the wall to find me?"

He had been following Lin Caisang when he saw her hurriedly coming out of the medicine shop and arriving at the inn. Because he was standing far away, he didn't hear what she was mumbling. He saw her not staying for a while before heading out of the town. Walk.

He also struggled to move a ladder to climb out of the wall...

If he hadn't wanted to wait for those people behind the scenes to show up, he really wanted to ask this girl how she came in from outside the town before, and how she had to go out so hard now!

"Of course, you are good at everything. You just like to hide and heal by yourself. This is a big taboo. How can you die in any corner?" Lin Caisang deserved it.
