

Star of Space 1221

Chapter 1221 The most severe punishment!

Hearing her words, Ya Molian raised her head, looked at some of the... crooked rice dumplings in front of her, and then looked at the little girl.

"Sonny, go ahead and leave it to us."

"Yes, yes, Sangsang, go get that salted duck egg. Just leave these rice dumpling making tasks to us. Third Aunt finally found a job that she can do."

Yang Lin heard Ya Molian's words and quickly agreed.

She was afraid that if the rice dumplings made by her Sangsang family were boiled in a pot, all the glutinous rice inside would come out, and that would be... the end of it.

"Sang Sang, go and do something else. Qing girl, go and wash out the salted duck eggs that your sister Sang Sang has pickled. We will make egg yolk rice dumplings later." Lu Qiubo even said to Lin Caiqing.

"Hey, I'll go right away." Lin Caiqing responded quickly, took a wooden basin, and opened the jar in the corner.

Lin Caisang: "..."

Even though the rice dumplings she made didn't look very good, it wasn't the first time she made them. Isn't everything familiar once and twice?

Besides, she doesn't want to lose face. Even if she really can't get into their eyes, don't say anything.

"Then you make rice dumplings, and I'll make something else."

There was nothing she could do about it, the rice dumplings she made were indeed a bit difficult to catch in the eyes of others, and even she herself could hardly stand it anymore.

After taking a deep breath, she went to her room, took out a large piece of malt sugar she had made before, put it in the kitchen, and took out some cooked rice to make rice cakes.

(Note: The rice cake here is not the kind where the rice is ground into powder and then steamed. Instead, the uncooked rice is soaked first, then steamed, and then left to cool on frosty days. The cooked rice is cooked in the evening. When the time comes, put it outside and freeze it into ice, and freeze it like this for two to three days.

After that, the cooked rice is dried in the sun, stir-fried with fine sand, filtered out the fine sand, and the maltose is melted in the pot. The fried rice is put in again...

Anyway, it is such a process. My family often did it when I was a child, and we still do it now. But this is how my family does it. I don't know how other people do it.)

...

In the room, Lin Changhong has been talking with Liu Yuyang, and Liu Yuyang has been telling him about the past.

Of course, Liu Yuyang would only answer Lin Changhong's question.

She herself didn't want her children to know too much. After all, those things in the past, including her experiences, were not that good. She didn't want her son's impression of her to be too bad.

But facing Lin Changhong's questioning, she naturally couldn't hide anything. After all, her son and she had a quarrel.

What if she stumbles over her answer and her son gets angry and ignores her?

"Mom, is the person you mentioned who lied to you still alive?" Lin Changhong asked.

Through chatting with Liu Yuyang, he roughly knew what her mother had been through in the past.

In short, the reason why he and Sangsang were separated from their mother for so many years was because they were harmed by others!

"Alive."

When Liu Yuyang mentioned the person who lied to her, Liu Yuyang's eyes became obviously dim, but even more ruthless.

"Why are you still alive? This kind of person should receive the harshest punishment!" Lin Changhong said harshly.

A person like this caused his father and mother to be separated for so long. If it hadn't been for that person, his father might not have joined the army. Now the family must be reunited.

Chapter 1222 Must still be alive

"You won't be..."

Could it be that after his mother had lived with that person for a long time, she couldn't bear to let him go?

"What are you thinking about?"

Liu Yuyang came back to his senses and raised his eyes to look at his son seriously.

"Mom just thinks that letting him die so easily is too easy for him. The suffering he has suffered in these years is no easier than death."

she said.

Taking advantage of someone's danger, he deceived her and made her feel sorry for Baizhong. How could she be reluctant to let go of such a person?

She just wanted the evil thief to die without a burial place.

And she had thought so too, and had already ordered people to pull the man down and chop him down directly, but at the last moment, she still did not kill him.

She thought that just letting that person die would be too cheap for him. She wanted to make that person live in pain, and then watch his family disappear bit by bit in front of his eyes!

This is the punishment he deserves!

"Changhong, my mother has been sorry to you and Sangsang these years, let alone your father."

She sighed softly, held her son's hand, and said to him.

"Mom, you think too much."

Lin Changhong held her hand with his backhand and comforted her.

"If Dad knew that you had suffered so much, he would only feel sorry for you even more. Although Dad never mentioned you in front of me and Sangsang before, I also understand that Dad loves you very much.

In fact, he is also very clear about this.

Precisely because he understood this, he became even more angry when he saw her coming back.

Why was it that his father used to miss this woman every day, but she looked so calm and indifferent, obviously dressed in gorgeous clothes, and she didn't come from a poor family at first glance, yet she made Sangsang's life so miserable these years.

But now that he knows that these things are not his mother's fault, he has nothing to complain about.

"Your father, has there been no news about him?" Liu Yuyang thought for a while and asked.

After learning about Lin Baizhong's joining the army, she sent several people to search, but found nothing.

Originally, this should have been an easy matter to investigate. Since Lin Baizhong joined the army from Ye County, he could just start the investigation directly from here. They were all registered as policymakers.

But people were clearly found here, but when they went to another place, there was no news at all.

It's not that there is no news about this person, but we don't know where this person is, let alone whether he is dead or alive.

"No."

Lin Changhong shook his head.

"However, I believe that dad is still alive and nothing can happen to him."

His father is blessed with great fortune, and no matter how bad things happen, he is still surrounded by Sangsang's wealth star. What can happen?

It must be somewhere, they just don't know.

"Yep."

Liu Yuyang also nodded.

If something really happened to Lin Baizhong, there must be a result, and she would be able to find out.

But until now, she hasn't been able to find anything, which shows that the person must still be alive.

Even so, she can feel at ease. No matter where she is, as long as people are alive, there is still hope. She believes that they will be reunited one day.

...

New Year's Day.

The news of Liu Yuyang's return spread quickly.

Obviously no one in the Lin family told the outside world, but everyone in the village knew the news.

Of course, the news outside is not just that Liu Yuyang is back, but directly deifies Liu Yuyang, saying that Liu Yuyang made a fortune outside and brought back a lot of gold, silver and jewelry.

Chapter 1223 Is your future father-in-law

Others said that Liu Yuyang came back this time to pick up the two brothers Lin Changhong and Lin Caisang, and then went to enjoy their happiness.

Naturally, the Lin family would not pay attention to these words and just pretended that they were not the ones being spoken about.

but.....

There just happened to be someone who was ignorant. The Lin family couldn't say anything, but they rushed to the door of Ya Molian's house to find trouble for Ya Molian. This person was Ya Hai.

"Mo Lian, I heard that Lin Caisang's mother is back. Does she disagree with your marriage to Caisang?"

Yahai looked at Yamolian with a proud face.

He thought bitterly in his heart that it would be better to make Ya Molian look down on his daughter in the first place. It would be impossible for Lin Caisang to marry Ya Molian!

"Let me tell you, that girl Lin Caisang is not worthy of you at all. Now that her mother is back, she is a young lady living in the household. Lin Caisang's status will also rise with the tide in the future.

Seeing that Ya Molian didn't speak, he continued talking.

On the side, Ban Jue and Jiang Zuo were eating rice dumplings and looking at Ya Hai like idiots with speechless eyes.

How did this guy figure out that the eldest princess didn't agree with the marriage between his master and his mistress?

Besides, isn't his master's status high?

"Mo Lian, what do you want me to say? My Sui'er is better. You and I look like husband and wife. Otherwise, you should think about it again. That girl Lin Caisang has such a high level of vision. How could she possibly see it? Going to you.

You see, now that she has hooked up with such a powerful mother-in-law, she will definitely dump you in a few days. "

"Exiled."

Ya Molian took a deep breath and called to the side.

Today is the first day of the Lunar New Year, and Liu Yuyang has just returned, so he really doesn't want to cause too much unpleasantness in Yacun.

But this Yahai was so ignorant that he had to run in front of him to seek death!

"Come down, come down, Young Master, why do you always call me banished? At least you can give me some use."

Hearing his master's call for banishment, Jiang Zuo quickly stuffed some rice dumplings in his hand into his mouth and rushed over before banishment.

Why should such a guy who deserves a beating have to be punished and taught a lesson? It must be done by him. He hasn't done anything for a long time, and his whole body is itching. It's just time to move his body bones.

"I've never seen a guy as capable of seeking death as you. Tell me, what are you going to do..."

The fingers of his two hands intertwined and he slowly moved them in front of his chest. His bones made a "clucking" sound, and his eyes stared at Yahai with a sinister look.

Yahai was immediately frightened by his appearance and took a step back.

"You...what do you want to do?"

He swallowed his saliva, glanced at Ya Molian, and then looked at Jiang Zuo.

"Ya Molian, I am your future father-in-law, you...ah!"

Before he could finish his words, Jiang Zuo lifted his foot and kicked him away unceremoniously. Of course, he was still in the yard when he landed heavily.

"You...ah!"

Just when he was about to get up and prepare to run, he felt something pressed on his chest, and then pressed down hard.

"Ah, no... don't step on it, it hurts, it hurts like hell."

"Does it hurt?"

Jiang Zuo asked coldly while stepping on Yahai's chest.

"For someone like you, I thought you weren't afraid of pain. At least, you weren't afraid of death."

Chapter 1224 I have to come to ask for a beating

"me....."

At this moment, Yahai doesn't have the same sense of pride as before, and there is only regret in her heart.

Why can't he think about it so hard that he actually went to Ya Molian's house to find trouble? If Ya Molian can come back with his entourage, it must be that things at home are not that simple.

If he had known better, he would have waited for Lin Caisang to dump Ya Molian before coming to pick up the leak.

"I was wrong, Mo Lian, I was wrong, I was really wrong. I'm leaving. Can't I leave now?" He looked at Ya Mo Lian, endured the pain in his chest and apologized to him.

He just didn't understand, what was so good about Lin Caisang of the Lin family, and why did everyone praise her so highly?

Just like Lin Caisang, who walks arrogantly in the village every day and walks with wind, what good can she do? If someone marries her in the future, she will have to be worshiped like a god every day?

"Mo Lian, I'm not talking about you. That girl of your Lin family can't even enter the kitchen. From now on, she will have to ask you to cook for her. What's so good about such a daughter-in-law? How can she compare to it? Those two in my family, they can't make out what you want to eat. Let me tell you... ah!

No, don't step on it. I'm leaving. I'm leaving now.

Before he could finish his words of complaint, he felt the foot on his chest stepping harder.

"Sir, in my opinion, this guy is just a piece of dog-skin plaster. If you don't repair it severely, it won't hurt. How about..."

Jiang Zuo looked at his master and raised his eyebrows.

"Go and do it."

Although Ya Molian didn't bother to pay attention to people like Ya Hai, people were coming to him. If he didn't do something, he wouldn't be able to help himself.

"Yes, my subordinates will definitely handle it."

When Jiang Zuo heard his master's words, he immediately leaned over, picked up Yahai, and carried it away.

"Tsk."

Ban Jue let out a light tut and raised his hand to pick out his ear.

That guy Yahai really knew that when he knew he was going to be beaten, he screamed worse than the old hens in the mistress's house when they were about to be slaughtered. What were you doing there earlier?

If you have to come to your door to ask for a beating, who can you blame?

"Sir, there are more rumors in the village. Would you like to inquire about it?" he asked.

"No need."

Ya Molian replied quietly.

There had never been rumors before. Liu Yuyang came back last night. Of course, people in the village talked about this topic vigorously for a while.

But these rumors are nothing more than words. If there are no big disturbances, naturally there is no need to pay attention to them.

"Go and deal with Chief Ya's family. I don't want to see their family again in Ya Village." He ordered.

In a few days, Son'er will return to Shaohua City with him. Chief Ya is capable of doing all sorts of destructive things, and he is really afraid that Old Man Yun and the other three will look down on them.

After all, Old Man Yun would not stay in Yacun and do nothing every day.

Rather than doing this, it would be better to let Chief Ya's family disappear from Ya Village and save Lin Laogan and Lu Qiubo some unnecessary trouble.

Furthermore, now that Liu Yuyang is back, she is the eldest princess of the Liang Kingdom after all, and he doesn't want her to be upset by some troublesome things in the village, so he should just deal with those unclean things.

"Yes, Master."

Exiled Jue responded and just finished eating a whole rice dumpling, so he was ready to go to work.

Chapter 1225 It's precious

...

Another place, the Zhou family.

"What are you talking about? Lin Caisang's mother is back?"

When Mrs. Zhou heard her husband saying in the yard that Liu Yuyang was back, she hurried out of the kitchen.

"Master, are you telling the truth? That Liu Yuyang is really back? Isn't it a lie?"

She knew that Liu Yuyang back then. Everyone said that Lin Baizhong had to accumulate virtue for several lifetimes before he could marry a girl as beautiful as Liu Yuyang. Although his identity was unknown, that face...

Just by looking at that face, which man in Yacun would not be drooling just by looking at it?

"Shut your mouth!"

Mr. Zhou glared at her coldly, then almost raised his hand and slapped her away.

What's fake? What he really saw was Liu Yuyang himself. You know, he was very fond of Liu Yuyang back then. If Lin Baizhong hadn't acted too quickly, he would have married Liu Yuyang into his family and become his second wife. .

How could he possibly admit the wrong person?

"I....."

Seeing his bad expression, Mrs. Zhou could only shut her mouth angrily.

Of course she knew what happened back then, and she knew even better what kind of virtue her husband was.

It's a pity that if you want to do something that you couldn't do back then, it's simply impossible. Not to mention that that stinky girl Lin Caisang is a master of black magic, so they can't fight against her.

Even that guy Lin Changhong is full of brute strength, and they can't get even the slightest advantage.

What's more, there are two giant Buddha bottles at home. Although they are not at home today, Feng Yurui and Lie Ming will come back in the evening, and she has to wait on them like an old mother.

and.....

When her husband doted on her, she couldn't let him get Liu Yuyang. Now, she was beaten and scolded from time to time. If she got another Liu Yuyang at home, she would still be able to live her life. Well, it's better to just hit him head-on and kill him.

"How did she come back?"

After hearing what his son said, Old Master Zhou also walked out of his room and couldn't help but murmured.

Back then, after Liu Yuyang disappeared, everyone said that she escaped because she didn't want to suffer with Lin Baizhong in Yacun. Could it be that it wasn't like this?

"Boss, have you found out how Liu Yuyang came back?" he asked.

"It's been spread throughout the village. You can tell by just listening to it." Mr. Zhou said.

"I heard that Liu Yuyang came back last night, and was sent back by a carriage. She was accompanied by several maids who were waiting on her. Box after box of things were moved down from the carriage. Lin Caisang's room was full.

However, I heard people say that I didn't seem to see the carriage and the servants and maids today, and I don't know if those words are true or false. "

"That....."

Old Master Zhou wanted to ask something else, but Master Zhou was still talking.

"But regardless of whether it's true or not, Dad, I just saw Liu Yuyang. Her appearance has not changed much from before. The key is that the clothes she wears are not something ordinary people can afford. They are expensive."

Master Zhou said.

"laugh."

Mrs. Zhou lowered her head on the side. Although she did not dare to interrupt, she sneered.

Liu Yuyang must have been having a hard time outside. He heard that Lin Caisang was now rich, so he came back, right? She estimated that the clothes must be Liu Yuyang's best clothes, but they were just to enhance her own face.

Chapter 1226 Just stop making trouble!

That's certainly the case.

Pity those country folks who were deceived and still thought Liu Yuyang was a god!

"What are you scoffing at? Why don't you go back to the kitchen and cook?" Old Master Zhou frowned when he heard the sound coming from his daughter-in-law, and couldn't help scolding her.

If she hadn't been like a gopher trying to find a good match for Liang'er, how could they have provoked Feng Yurui, a woman who couldn't get rid of them no matter how hard they tried.

Up to now, Liang'er had been beaten all over by Li Ming, and it was even more impossible to surrender that woman.

And their family also had to be beaten by Feng Yurui and Lie Ming from time to time. Even the two little girls could point their fingers at his nose and scream. He couldn't swallow this tone. .

"I....."

Mrs. Zhou wanted to talk back, but she was still afraid of being beaten, so she could only turn around and go back to the kitchen.

"Dad, grandpa, how about we go to the Lin family to have a look?"

Zhou Liang walked out of his room, grinding his teeth and suggesting to his grandfather and father.

Every step he took now felt like the bones in his body had been torn apart and reassembled.

That woman Feng Yurui basically used him as a punching bag to practice her skills. If she didn't hit him a few times every day, her hands would itch, but it happened to be listed next to her, so there was nothing he could do to her.

He definitely wouldn't be able to live like this for many days, so he had to find a way.

"Now that Lin Caisang's biological mother is back, she definitely doesn't know the situation in the village. If we can strike first and make her happy, there is no guarantee that she will let the Lin family generals and Lin Caisang fight with each other. Yamolian's marriage was canceled and she married me again.

After all, I was married to Lin Caisang first, but I am not the guy from Ya Molian who stood in the way between Lin Caisang and me. "

he said.

After hearing his words, Mr. Zhou was about to say something, but saw his father nodding towards his son.

"Yes, we have to strike first."

Old Master Zhou had similar thoughts to Zhou Liang. He felt that Feng Yurui was not the grandson-in-law that the Zhou family should marry.

If he could get something better, he would definitely let his grandson divorce Feng Yurui.

"However, we still need to find out first what kind of identity Liu Yuyang is. If she has no identity at all, I'm afraid... if she can't defeat Feng Yurui, our Zhou family will suffer."

"Okay, just do as grandpa said." Zhou Liang nodded.

But that's not what he thought in his heart. Feng Yurui is nothing. As long as he can get Lin Caisang, he doesn't care about anything else.

What's more, Feng Yurui and Li Ming, who is beside her, must have that kind of relationship. If the county governor really dares to settle a score with him for Feng Yurui, he is not afraid of exposing the relationship between the two people.

Now, he doesn't want any fame, as long as Liu Yuyang has money in hand, which can make him have no worries about food and drink for the rest of his life.

"Grandpa, let's go there now."

"Um."

Old Master Zhou responded and prepared to take his grandson to Lin's house.

In short, before Feng Yurui and Lie Ming came back, they had to go to the Lin family to have a look. If Liu Yuyang was really prosperous, then what would they have to fear about Feng Yurui.

When the time comes, just kick them out the door.

"What are you going to do, Dad, Liang'er, please stop making trouble!" Mr. Zhou saw that they were really going to Lin's house and hurriedly stopped the two of them.

Chapter 1227 So what?

"Boss, what are you doing?"

Old Master Zhou was stopped and looked at his son displeased.

"Dad, what are you doing? We went to visit the mulberry-picking mother, why did we make a fuss? What you said is wrong. There must be many people going to the mulberry-picking house now, right?"

Zhou Liang also looked at his father with an unhappy face.

What are you trying to do to stop him? Does his father think he hasn't been beaten to death by Feng Yurui yet? Anyway, he must win over Liu Yuyang first, and he can't let Ya Molian get the upper hand again.

"Everyone has gone, what's the big deal if we don't go? Besides, Ya Molian must have gone too, right? Do you want Ya Molian to please the mulberry picking mother and let her deal with our Zhou family? "

"You and I....."

After listening to his son's words, Mr. Zhou felt a breath of bad breath stuck in his throat, and he almost died of anger from his own son.

Even if Liu Yuyang really wants to deal with the Zhou family, there is nothing wrong with it, right?

Who told his father and his son to do so many outrageous things to Lin Caisang? It would be weird if a mother doesn't stand up for her daughter.

"I don't care what you think in your heart, in short, you can't go!" he said.

"Why?"

Zhou Liang didn't understand what his father said, let alone why his father wanted to stop him.

"Dad, my mulberry-picking mother is back now. This is a great opportunity for me. If I don't seize the opportunity now, there will really be nothing in the future. You can bear to have your son be sealed every day from now on." Rui, that bitch, is going to spend her whole life beating and scolding her?

If you really think so, then you are really not my biological father! "

"you--"

Mr. Zhou is really going to be so angry that he vomits a mouthful of blood. Please advise him that if it is for his own good, then he is no longer his biological father?

"What nonsense are you talking about? Dad, if Liang'er wants to do nonsense, will you let him do it?"

"Why do you call this nonsense?"

Master Zhou quite disagreed with his son's words.

"Why don't you call me Hu Lai?"

Mr. Zhou asked his own father in anger.

"Don't you think about it, what did our Zhou family do to Lin Caisang in the past? Not to mention how Liang'er's mother has made things difficult for Lin Caisang these years, and how she looked down on the Lin family. Last year, even more it almost caused Lin Caisang to be buried alive.

There was also the matter of breaking off the engagement, and after that, he often went to their Lin family to make trouble. Do you really think that Lin Laojie is a person who does not hold grudges? "

"so what?"

Old Master Zhou asked him back. He didn't think that the previous things were big things at all.

"Isn't it just a small fight? What's the big deal? If that old guy Lin Laogan takes it all to heart, he would be too petty.

Besides, Liu Yuyang didn't know about these things. She had just arrived, so Liang'er took advantage of the fact that she didn't know anything about Zhou Lin's family and quickly fawned over her.

If it were too late, when all those things were spread to Liu Yuyang's ears by the Lin family, everything would really be over. "

"Yes, Dad."

Zhou Liang echoed from the side.

"Now as long as I go over and pretend to be a good person in front of the mulberry picking mother, even if those things are told, the mulberry picking mother will not believe it. Why don't you understand?"

Mr. Zhou: "..."

After all, is Liu Yuyang Lin Caisang's biological mother or Zhou Liang's biological mother?

Chapter 1228 Go to another place

As a mother, if you don't trust your own daughter, why should you trust an outsider? How could it be so scary when he said this? Thinking about it, he felt that all the hairs on his body stood up.

"Are you two crazy? Let Liu Yuyang believe in you and not his own daughter?"

Even if she doesn't believe her daughter, there is still a large family in the Lin family, and there are so many people in Ya Village. Don't they all see it? Will Liu Yuyang believe you?

If you two really run in front of Liu Yuyang, it would be okay if she has no ability. If she is really capable and capable, after listening to other people's words, she will have to kill you two!

Now I don't want to tuck my tail between my legs and be a good person, but I still want to show my eyes to Liu Yuyang. You... you are really hopeless! "

"Dad, how could you say that? Are you saying the grapes are sour just because you can't eat them?"
Zhou Liang looked at his biological father and curled his lips in disdain, feeling that his words made no sense at all.

"I've heard my mother say it before. You were also interested in the mulberry picking mother at first, but later you couldn't win over her mulberry picking father. That's why...otherwise, why do you think my mother would target the mulberry picking mother so much? This is not something you have done before.

Now that it's finally up to me to resolve the past, how can you still... Grandpa, let's leave my father alone and go to the Lin family first. "

"well.

Old Master Zhou responded repeatedly and turned to glare at his son.

"You useless thing, stay at home and don't go out to cause trouble. Liang'er and I will go and come back."

"You, you guys..."

Mr. Zhou watched helplessly as his grandfather and grandson walked outside, but he couldn't persuade them, so he could only grit his teeth.

"This is crazy, crazy!"

"Master, what do you have to say? Dad and Liang'er were both forced by Feng Yurui and those two." Mrs. Zhou came out of the kitchen, looked at her husband with a faint look, and reminded.

If Feng Yurui was obedient, took out all the dowry, and served their family well, would her father-in-law and son still be so troubled?

"Go back to the kitchen!"

Mr. Zhou glared at her, turned around angrily, and walked out of the yard.

Although he couldn't persuade the old and the young, he had to keep an eye on them and not let them say something they shouldn't have said, which would make the Zhou family unable to stay in the village anymore.

...

Not long after, Old Master Zhou and Zhou Liang arrived outside the Lin family yard.

But the two of them could only stand far away and could not enter the Lin family at all, because there were many people standing outside the Lin family's yard. They all came to see what happened after hearing about Liu Yuyang's return. .

Of course, the Lin family's courtyard door has not been opened yet.

"Liang'er, we can't get in here, let's go to another place first." Old Master Zhou looked at the crowd of people, turned to look at his grandson, and said.

Although he also wants to enter the Lin family, there are so many people here, and he is also a face-saving person. He can't fawn over Liu Yuyang in front of so many people, right?

Wouldn't that be tantamount to currying favor with Lin Laogong's family?

He is extremely unwilling to do such a thing. What he wants to do most now is to ask Liu Yuyang to apologize to the Zhou family, and then ask Lin Laogan and Lu Qiubo to come forward in person to apologize to him and ask Lin Cai Sang said that he would become his wife Liang'er.

Chapter 1229 The hostess is his son!

"If you don't go in, where are you going?" Zhou Liang looked at his grandfather in confusion and asked.

They have already arrived in front of the door, why don't they go in? Although there are many people in front of the Lin family's door, they can still get in if they squeeze in, right?

"grandfather....."

"Follow me and go there first."

Old Master Zhou couldn't help but took his grandson to another place.

Yamolian's house...

Ban Jue went to do some work. Jiang Zuo took Ya Hai, who needed a beating, and went to clean things up somewhere. At home, only Ya Mo Lian was left. Of course, there were two other people, Ban Wu and Jiang. Leave.

It's just that it's inconvenient for these two people to show up. On the surface, Ya Molian only brings Ban Jue and Jiang Zuo.

Old Master Zhou brought Zhou Liang to Ya Molian's house. As soon as he entered the yard, he felt as if he had arrived at his own home and walked towards Ya Molian who was chopping firewood in the yard.

"Boy Mo Lian, are you at home?"

"Are you blind?"

Ya Molian put down the ax and looked at Old Master Zhou with cold eyes.

Is today a bad day? After throwing Yahai out, the grandfather and grandson of the Zhou family came again. Could it be that he looked like someone easy to bully?

"you....."

Old Master Zhou choked on his words and almost cursed.

But think about it, he just came to Geyingya Molian, he just wanted to make preparations.

Let's try to drive a wedge between Ya Molian and Liu Yuyang first. As long as the relationship between the two people cannot get along, Liu Yuyang will believe it even more if his Liang'er comes to Liu Yuyang and says anything.

Even Lin Caisang's daughter might not be as bright as his family.

After all, Liu Yuyang and her daughter hadn't seen each other for many years, and they didn't understand each other.

Thinking about it, he grinned at Ya Molian and smiled faintly.

"Boy Mo Lian, you have also seen that Sangsang's mother is back. She will definitely not agree to your marriage to Sangsang. Do you think it is up to you to go to the house to cancel the engagement first?"

I think you are also a face-conscious person. If you wait for Sangsang's mother to come and break off the engagement, you won't be able to save your face, right?

It's better for you to take the initiative than to let others seize the opportunity first. Look at you, you are talented and powerful. What kind of wife do you want to marry? You still need Lin Caisang? "

Yamolian: "..."

Why is he not short of Lin Caisang?

If his son hadn't been young enough, he would have married him home.

You know, his Prince Mo's Mansion lacks everything except a mistress, and this mistress is only his son-in-law!

"At least, I haven't married yet, so I still have a chance." He chuckled at Old Master Zhou and said.

"Well."

Old Master Zhou choked at his words, and his whole body suddenly felt bad. He turned his eyes slightly and looked at his grandson Zhou Liang.

Ya Molian's meaning couldn't be more clear, that is, his grandson is already married, and no matter how hard he thinks about it, he will never marry Lin Caisang.

"So what if I'm married? Who rules that I can't divorce my wife and remarry?"

Zhou Liang had not read books in vain over the years, so he naturally understood the meaning of Ya Molian's words. He immediately puffed up his chest and said to Ya Molian.

"As long as Aunt Yuyang likes me, I promise to divorce that bitch Feng Yurui immediately without any hesitation! Ya Molian, you better stop being jealous of me. Only I am worthy of her. Sangsang!

Chapter 1230: Shameless, you are right!

You're the only one who doesn't know a lot of Chinese characters, and you still want to compete with me? It's strange that Aunt Yuyang could like you! "

Hearing this, Ya Molian took a deep breath.

He really didn't want to get along with these two idiots from the Zhou family, but unfortunately, this was in his home, in his yard, and these two people really didn't regard him as an outsider!

Raising his hands, he directly picked up the collars of the old and the young and walked towards the door of the courtyard.

"roll!"

He threw the person directly onto the road. He didn't want to talk to such a person anymore.

"ah!"

Two screams were heard. Old Master Zhou was a person who couldn't bear pain the most. Just being thrown away made him scream as if all the bones in his body were being torn apart.

Zhou Liang was even worse. He had been beaten like a sandbag by Feng Yurui for many days, and now he was thrown on the road by Ya Molian. Naturally, every part of his body was in pain.

"Ya Mo Lian, you barbarians, dare to throw me away?!"

"What's going on, Mo Lian, why are they at your house?"

"That's right. I haven't seen Old Master Zhou and his family for many days. Why are you here at your house now? Did something happen?"

"This is the first day of the Lunar New Year. Are they here to bring bad luck to your family? Mo Lian."

The people who were originally gathered around the door of Lin's courtyard heard the movement here and saw two large living people being thrown out, so they all came over to watch the fun.

Seeing that the people who were thrown out were actually the grandfather and grandson of Mr. Zhou's family, everyone looked at them like giant pandas.

This family brought too many after-dinner jokes to the people in their village. Why didn't they stay at home on the first day of the new year instead of coming to Ya Molian's house?

They all came to see the eldest daughter-in-law of the Lin family, but the grandfather and grandson arrived at Ya Molian's house.

In the past, the Zhou family and the Yamolian family had no relationship. Isn't it so strange that these two people were able to go to the Yamolian family?

"A person who has nothing to do while eating!" Ya Molian replied coldly.

"you--"

When Old Master Zhou heard what he said, he didn't care about the pain on his body and got up from the ground.

"Ya Mo Lian, I persuade you with nice words, but if you don't listen, are you going to make yourself embarrassed?" He raised his hand and pointed at Ya Mo Lian and asked.

"that is!"

Zhou Liang also stood up and nodded.

"Ya Molian, you look like that. It's better not to come out and embarrass yourself again. Listen to my grandfather's words and quickly cancel the marriage with Sangsang. Aunt Yuyang must be interested in me, not a barbarian like you." of.

Don't be so shameless. If you do, the three of us will feel uncomfortable. You don't want to leave a bad impression on Sangsang, right? "

"hehe."

Ya Molian chuckled.

It's so shameless, you're right!

"Exiled Wu, come out!"

"Master."

When Ban Wu was called, he immediately flashed out without fear of startling all the villagers in Ya Village.

"My subordinates immediately 'drive away' these two ignorant things."

Of course, his driving away is not just as simple as driving away. If these two guys don't suffer, they will never know why the flowers are red!

Let them see today whether his master is a master that is easy to mess with.

"Ya Molian, what do you want to do?"

Seeing Ban Wu appearing like a ghost, Old Master Zhou was frightened and took a step back.
