

Star of Space 123

Chapter 123 Pregnant?

...

"Brother, what's going on over there at Menghuang Mountain?" After dinner and Ya Molian left, Lin Caisang took Lin Changhong to his room, intending to interrogate him carefully.

"How about what?"

Lin Changhong glanced at her and rolled his eyes secretly.

"Sang Sang, you are too impatient. It has only been three days, what can you do, let alone..."

"What's more, something happened?" Lin Caisang asked.

"Nothing happened on the mountain, but... something happened at the second uncle's house." Lin Changhong lowered his voice and said.

"What's wrong?"

Lin Caisang raised his eyebrows and looked at the gloating expression on his eldest brother's eyebrows.

"Liu Yushui...is pregnant." Lin Changhong said softly.

"What? What what? What did you say?!" Lin Caisang opened his mouth wide and was so surprised.

Pregnant? Did she hear it correctly? Liu Yushui actually killed Zhou Liang. Isn't this ridiculous?

"Is it true? It's not Liu Rumei who is careless, right?"

According to Liu Rumei's temperament, in order for Zhou Liang to marry his daughter so that she could become the mother-in-law of a successful family member in the future, she would really do such a thing.

"it is true."

Lin Changhong nodded.

"Mrs. Zhou came to the door yesterday to make trouble.

"That woman still has the nerve to come to the door?" Lin Caisang looked stern and angry.

He couldn't control his own son and caused such a thing, and dared to come to their home. Do you really think that their family has no support and they can be bullied?

"Then what happened next? Grandma didn't mention it just now."

"Grandma didn't say anything, but grandpa told Mrs. Zhou directly that Liu Yushui's surname is Liu and has nothing to do with our Lin family. If someone from that family causes trouble, she should go to that family.

Later, Old Master Zhou came in person and took away his nosy daughter-in-law. "

"Ah."

Lin Caisang chuckled.

Mrs. Zhou is such a face-saving person. Although she was the first to cancel the engagement at that time, from the words of the Zhou family, it turned out that the Zhou family looked down on her, but they also gave it to her. Lin Caisang did a lot of good things and did not wrong her.

Now, before their words have spread, it has been revealed that Liu Yushui is pregnant with Zhou Liang's child.

How terrible this must be.

"I heard from Mrs. Zhou that Zhou Liang seemed to have gone to stay with relatives to stay away from the Liu family and never returned home," Lin Changhong said.

"That's right. If such a huge embarrassment happened to him, he would be drowned in saliva. He would have to hide in a place where no one is around. Sang Sang, tell me, Zhou Liang can still go to the provincial capital to participate in this event. Qiu Wei?"

"Natural can do it."

Lin Caisang knew this without even thinking about it.

"Is it still possible? Not necessarily. If this matter is reported to the provincial capital, Zhou Liang will not be able to..."

"Brother."

Lin Caisang glanced at Lin Changhong and interrupted him.

"Who said Liu Yushui is pregnant with Zhou Liang's child?"

"What?"

Lin Changhong looked at his sister in astonishment, not understanding what she meant. Liu Yushui was pregnant with Zhou Liang's child. It was a certainty. How could the Zhou family retort?

But, having said that, Liu Yushui and Zhou Liang have no connections. She is pregnant with a child. Who knows whose child it will be?

If the Zhou family refused to admit it, what else could the Liu family do?

"Old Master Zhou won't even deny his great-grandson, right? He's a relative!"
