Chapter 124 Go and help those two scumbags?

"So what if it's a kiss? It's about the face of the Zhou family and Zhou Liang's future. Isn't the Zhou family's only grandson like Zhou Liang quite capable?"

Lin Caisang said.

"On the other hand, my great-grandson, when Zhou Liang is admired by others in the future, why not just have as many as he wants?"

"this....."

Lin Changhong suddenly felt that what his sister said was very reasonable.

"Brother, go find out where Zhou Liang went, and then tell the people in the Liu family." Lin Caisang thought for a moment and said to his eldest brother.

Lin Changhong: "..."

Sister, you are trying to add insult to injury. If the Liu family knew where Zhou Liang was, they would definitely come to make trouble.

In his opinion, Zhou Liang still had some feelings for Liu Yushui. Now that Liu Yushui had another child, others could deny it, but Zhou Liang could not deny the child in Liu Yushui's belly.

"You want to help Liu Yushui and Zhou Liang?"

This doesn't seem like adding insult to injury, but rather like doing a good deed.

"Perfect?"

Lin Caisang sneered coldly and rolled his eyes at Lin Changhong.

"Will I help those two scumbags?"

"Then what are you going to do?" Lin Changhong asked.

"Think for yourself."

Lin Caisang ignored her and turned around and walked into the yard, planning to borrow some pen and ink from Lin Changfeng to draw something.

Lin Changhong was the only one left in the room. He was puzzled by what his sister was doing. He couldn't figure out what his sister wanted to do even if he tried hard.

...

In the main room of Ya Molian's house, Ban Jue and Shi Jian finally heaved a sigh of relief when they saw their master coming back.

"Palace Master, you..."

"Shi Jian, dig out all the secret forces in Hongling Town in the Hall of Orders." Before they could say anything, Ya Molian ordered Shi Jian.

"Yes, Palace Master." Shi Jian accepted the order and went to do it immediately.

"Has anything happened to the Lin family in the past few days?" Ya Molian asked Ban Jue again.

"Back to the master, there is indeed a big event in the Lin family. Yesterday, the Zhou family made trouble with the Lin family. It is said that Liu Yushui, the second daughter of the Lin family, is pregnant with the son of the Zhou family's grandson."

Exiled Jue replied.

"My subordinates went to find out and found out that this matter is indeed true. Now Liu Yushui is raising a baby at home. Liu Rumei has already been in trouble with the Zhou family. Because of this matter, Liu Baixiao's idea of buying an official position has been given up."

If there is such a daughter in the family who kills people without paying for it, she will never be able to get ahead.

Poor Liu Rumei still thinks this is a rare opportunity, which is really laughable.

"Palace Master, I'm afraid this matter will affect everyone in the Lin family in the future. You..."

"Where is Zhou Liang?" Ya Molian asked.

Liu Yushui, a small person, can't affect the Lin family, so he won't pay attention to it. What he cares more about is Zhou Liang.

"Zhou Liang was almost punished by Master Zhou at home. Mrs. Zhou sent him to her second brother's home to avoid Liu Yushui." Ban Jue replied.

"Reveal this matter... to Lin Changhong." Ya Molian thought for a while and said.

Knowing this, Lin Caisang, that quirky little girl, will definitely not sit idly by and ignore it, right? In this case, he would help the little girl.

"ah?"

Ban Jue opened his mouth slightly, and he also didn't understand what his palace master meant. If he revealed it to the Liu family, it would be fine, but he actually revealed it to Lin Changhong. What could that stupid boy do?

But since you don't understand, you still have to do it.

"Yes, Palace Master."
