

Star of Space 1241

Chapter 1241 It's necessary, it's necessary

"Let's not mention these things for now, let's talk about them later.

By the way, her precious daughter is indeed a little younger, so it is too early to talk about these things.

"Um."

Yamolian just responded.

But he has already thought clearly enough. No matter what Sonny's identity is, to him, Sonny is everything to him. Anyone who dares to be disrespectful to Sonny or make her unhappy is going against him. Naturally, he will not let it make those people feel better.

Shaohua City is not Yacun. To those who are disrespectful to Son'er, he will not be as polite as Yacun.

and.....

Could it be that his son is someone who can be manipulated by others? Whoever dares to bully her, don't spread the poison, everyone will have to play it out. If you are not dead, it will be good if you can still breathe!

...

Although there was one more person in the family, by the beginning of February, Lin Caisang still explained all the things at home, and then left with Ya Molian.

Watching the carriage leave, Lin Changhong, who was standing at the front, couldn't help but curl his lips.

"Really, I have loved her for so many years in vain."

He actually left with Brother Mo Lian without even looking back. They were so unworthy of his precious sister's nostalgia.

"How about you go with Sangsang?" A faint voice came from the side.

Lin Changhong turned his head angrily and glanced at the man.

"Hmph, I really want to go, but can that little girl let me go? I don't know how happy she was when she left. She was busy moving things to the car, and she didn't even see my brother. !"

He said bitterly to Lin Changfeng.

"Okay, you kid, it's not like Sangsang won't come back, what's the matter with you?" Liu Yuyang looked at his son's resentful look and said to him angrily.

However, this proves that the relationship between the two brothers and sisters is not something that ordinary people can compare to.

"Changfeng, Sangsang has left. In a few days, you should leave for Jian'an City. Let me go with you so that I can take care of you." She looked at Lin Changfeng and said.

"No need."

Lin Changfeng quickly shook his head after hearing Liu Yuyang's words.

How could he have the nerve to ask his eldest aunt to accompany him to Jian'an City? She is so old and not a three-year-old baby.

"Auntie, you have just recovered. How could you..."

"Yes, yes, must."

But before he could finish his words, ordinary Lin Changhong interrupted him directly.

Why not? Of course he must accompany Brother Changfeng to Jian'an City. Otherwise, how could he go out to see the world? His family Sang Sang was taken out by Brother Mo Lian, so naturally he can't lag behind. My own girl.

"Mom, I will go with you then."

Lin Changfeng: "..."

This kid used to look like a little adult. Why did he suddenly shrink back and turn into a child as soon as his aunt came back?

Or is it because Lin Changhong is jealous because Sang Sang left with Brother Mo Lian?

"Okay, you come with me."

Liu Yuyang looked at his son, smiled and nodded.

"It's just that we have to make arrangements for your grandpa and grandma first."

Lin Laojie and Lu Qiubo naturally couldn't go, and Yang Lin, who was pregnant with a child, couldn't go either.

Therefore, after they left, they had to make arrangements for these people in the family, otherwise, how could she feel at ease.

Chapter 1242 Never do it

"If you want to go, just go. We have a lot of people at home, are you worried that we won't be able to take good care of you? Don't think of me and your grandpa as we are the same old people. We are still strong and strong!"

Lu Qiubo looked at them funny and said something.

"Besides, there is Bai Yi. With him here, what can happen to the family?"

Hearing this, Lin Changfeng and Lin Changhong both nodded. With Lin Baiyi at home, what could happen? What's more, some of the people around Liu Yuyang will definitely stay to look after the family, and not all of them will be taken back. .

However, when Liu Yuyang and the others left, they still invited the midwife first and asked them to stay on Menghuang Mountain until Yang Lin finished giving birth before leaving.

Of course, all the money was paid until the midwife laughed from ear to ear.

...

Shaohua City.

When Lin Caisang, who was wearing a mask, arrived in a carriage with Ya Molian outside the gate of Prince Mo's Mansion, there was a big storm in Shaohua City.

Many people got the news, and even the big shots in the palace couldn't sit still.

"What? What did you say?"

The Queen was the first one to get the news. She almost spit out a mouthful of blood when her people came to reply.

Ever since her son was driven to a deserted place by that guy Sui Zimo, she has been ordering people to keep an eye on Prince Mo's Mansion, just to find an opportunity to kill Sui Zimo!

However, she failed to find a chance to kill Sui Zimo, but she heard the news that he had brought the female doctor back. Didn't this make her so angry that she vomited a mouthful of blood!

"What nonsense are you talking about? How could that little bastard Sui Zimo bring that female doctor back? You must have seen it wrong. Go and check it out for me!"

She shouted to all the palace maids and eunuchs.

"Mommy, it's true. Prince Mo really brought the female doctor back. Now, she has already entered Prince Mo's mansion. This is something that many people have seen."

The eunuch replied to the Queen.

"At this time, I guess the emperor has also received the news, and many ministers have also received the news. They all plan to go to Prince Mo's Mansion to ask female doctors to treat people in their own families."

After hearing such words, the Queen Queen really vomited out a mouthful of blood.

"Bitch, they are all bitches!"

That female doctor is a despicable, good emperor. She, the empress, and her son, the legitimate prince, have such great power and are not clinging to each other, but they actually get involved with that despicable thing Sui Zimo.

This is really...

"You guys, go and guard outside Prince Mo's Mansion immediately. When you see that little bitch, don't be polite to her, just tie her into the palace! I want to see how tall this little female doctor is. What's wrong!"

"this....."

After hearing the Queen's order, all the eunuchs looked at me and I looked at you, but none of them dared to say anything.

They could naturally send people to guard outside Prince Mo's Mansion, but if they wanted to kidnap the female doctor directly into the palace, they would not dare even if it was the Queen's order.

Not to mention that the female doctor was accompanied by a black panther. Who would dare to attack her just because of her poisonous skills?

"My dear, you can't do this, you must never do it."

Before the eunuchs could say anything, the nun beside the queen immediately spoke to her anxiously.

Chapter 1243 Just train again

"No matter how hard it is, if that little bitch dares to go against me, I will make her go around without food and kill her directly. This will save the people of Shaohua City fighting over this little bitch. It was unseemly to go!"

The Queen didn't feel that her idea was wrong at all. Instead, she felt that she was clearing obstacles for the Emperor.

"If the emperor knew that I had taken action, he would definitely change his mind and come to see me. That bitch would not dare to climb on my head again."

The bitch she was talking about was naturally Ya Molian's mother-in-law. Ever since the emperor neglected her as the queen, that woman no longer paid attention to her.

And the emperor really didn't care about her as the queen at all, and actually went to that bitch's palace many times in a row.

Grandma: "..."

Does this have anything to do with the emperor? It's not just a matter of a day or two for the Queen to stay away if the Emperor doesn't come. In the past, it seemed that the Queen was still the Empress of the Palace when the King was here.

But that time the Queen and the Emperor fell out because of her being demoted.

The Queen has messed up the matter herself. What can be done?

She persuaded the Empress to leave the green hills and she was not afraid of running out of firewood. As long as the Empress could win over the Emperor first, Prince Lin would still be able to come back in the future.

But the queen didn't listen to her!

"Mother, please listen to this old slave's advice. Don't conflict with King Mo at this time. You can't even mess with that female doctor," she said.

Maybe, the Emperor is also hoping that he can win over the female doctor from Prince Mo's Mansion to his side. If the Queen does this, will it disrupt the Emperor's plan?

At that time, the emperor will ignore the queen even more.

What is the most indispensable thing in this huge harem? That's a woman!

Even if the Queen is the main palace, so what? It is not the Queen who has the final say as to which Queen's palace the Emperor wants to go to. The Emperor has not been in the Queen's palace for a year, so who can say anything?

"Why? That bitch Sui Zimo dares to harm my Lin'er, how can I spare him lightly?" The Empress said fiercely with scarlet eyes.

She always thought about her son being demoted to that desolate place. She couldn't even send him off. The eunuch she sent said that Lin'er was still sick, so he was sent away.

How could she swallow this bad breath?

She wanted to kill Imperial Master Suyang, and of course, the one she wanted to kill even more was Sui Zimo!

"Empress!"

Mammy helplessly looked at the queen whom she had served for so many years, feeling deeply powerless.

"You have to think about Prince Lin. You must not create any more complications at this time. Madam, the most important thing you should do now is to go to the Queen Mother from time to time and ask the Queen Mother to tell the Emperor that Prince Lin will be recalled. Come here instead of continuing to fight against Prince Mo."

What's the benefit of going against Prince Mo?

So what if the emperor doesn't like Prince Mo anymore? Wasn't it because of Prince Mo's instruction that King Jinlin was sent away half-heartedly?

It can be seen that the emperor still cares most about the existence of Prince Mo. As for the others, the emperor does not only have one son, Prince Lin. Without this one, there are many more, and they can just be cultivated.

"hiss!"

After hearing what the mammy said, the queen took a deep breath.

Chapter 1244 Men are the most unreliable!

"I am not willing to let that bitch Sui Zimo go like this!"

How could she be willing to do so? She had originally wanted to kill Sui Zimo, but she had never been able to do so. However, she learned that the female doctor had been brought back by Sui Zimo.

Nowadays, the female doctor lives in Prince Mo's Mansion. If those ministers have patients at home, why don't they rush to the female doctor?

It is very likely that those ministers were won over by Sui Zimo to his side.

By that time, even if her Lin'er comes back, he will still be inferior to Sui Zimo in the huge Shaohua City. How can he compete with Sui Zimo for the emperor's throne?

"Mother, I didn't ask you to let Prince Mo go. It's just temporary. We can't touch him yet.

Without thinking, the old mama continued to persuade the Queen.

Now, with their strength, it would be so easy to defeat Sui Zimo, Prince Mo. Only by letting the empress win over the emperor's heart can they have a chance of winning!

"When your power comes back, it won't be too late for us to deal with Prince Mo again."

she said.

Hearing this, the Queen took a deep breath again and bit her silver teeth.

Sui Zimo, obviously a little bastard who has been abandoned for many years, can still come back, come back when he comes back, but he can become a thorn in her side and a thorn in her flesh. This little bastard is really not easy!

"Then let him be proud for a few more days!"

Looking up, she looked at the old nanny.

"Do you have any good ideas? How can I make the emperor change his mind just by going to the Queen Mother's house a few times? Man, you are the most unreliable!"

"this....."

When the old grandma heard her words, she could only open her mouth.

Naturally, she understands this very well. Let alone the emperor, ordinary men are not all fond of the new and hate the old. With a new man, how can he care about how miserable the old man is?

"Newcomer..."

Suddenly, her eyes lit up and she thought of a brilliant idea.

"Your Majesty, how about we personally select a beauty for the Emperor and send it over. If the Emperor likes her, the Emperor will definitely think of you again."

"What?"

Hearing what the old nanny said, the Queen was shocked at first.

If she was asked to choose a woman for the emperor, wouldn't she be making herself miserable? Now that there are so many women competing with her in the harem, why should she find a few more?

But think about it, there are so many women in the harem anyway, so why worry about a few more?

"Then...do you have a suitable candidate?"

she asked.

"How do you think Luo Xin is doing?" After thinking about it for a while, the old woman lowered her voice and asked.

"Luo Xin?"

The Queen's eyes suddenly lit up.

Luo Xin is the palace maid next to her, and she is extremely loyal to her. I think back then, Luo Xin was only twelve years old when she first entered the palace. If she hadn't brought that little girl here, she would have attracted people's attention with her charming face. His face has died countless times.

Now, Luo Xin is seventeen, a young woman.

She also thought about giving Lin'er as a concubine when the girl was older, but the plan could not keep up with the change. Lin'er was demoted to Sui County because she offended the imperial master Suyang.

With this tone, she was going to find Sui Zimo and Suyang to get her back!

"I'm sorry. Go and call her over. I'll dress her up myself."

"Yes, concubine."

The old grandma responded and went outside to call Luo Xin in.

Chapter 1245: Does it look like someone is sick?

...

Another place, the Queen Mother's Palace.

It can be said that no one in the entire palace was unaware of the news of Sui Zimo's return. As the real master of the harem, the Queen Mother naturally got the news immediately.

"You're back? And you've brought back the female doctor?"

"Yes, Queen Mother, Prince Mo and the female doctor came back together, and they entered Prince Mo's Mansion together." The old lady beside the Queen Mother responded.

"Ah."

Hearing what the old nanny said, the Queen Mother chuckled lightly.

"He has become very capable, and he can welcome into his residence a female doctor who many people want to win over.

As far as she knew, the emperor also wanted to let the female doctor enter the palace. Although she didn't know what the emperor had in mind, there were only two ways:

One is to stay in the Taiyuan Hospital and listen; the other is to directly leave the person in the harem.

Of course, with the arrogant and arrogant appearance of the female doctor, it was impossible for her to want to stay in the harem. If the emperor dared to make such a request, I am afraid the consequences would not be something he could bear.

But since ancient times, emperors, who doesn't think that women should obey men, especially women who can become the harem and the emperor, should be the dream of all women, right?

Her son must have thought the same way, right?

"My dear, Prince Mo has always been capable. Last year, he traveled with the female doctor for several months. I heard that they were all in the same carriage. It is understandable that he could summon the female doctor to his residence.

The old nanny secretly glanced at the Queen Mother's face and thought it was pretty good, so she said a few more words.

"Where is the Emperor? How is he?" the Queen Mother asked.

Where the female doctor will go is not what she cares about. What she cares about most is the emperor. Don't put the entire Wei Kingdom in danger just because of a moment of recklessness.

In that case, she would definitely not agree!

"emperor....."

When the Queen Mother asked about the Emperor, the old nanny couldn't help but glance at the Queen Mother secretly.

"You see what the Ai family is doing, but what happened to the emperor?"

Seeing her like this, the Queen Mother asked.

She was already used to being surprised when anything happened to the emperor. Among the women who surrounded him all day long, none of them had grown up vegetarians. I'm afraid they all wanted to suck a few mouthfuls of blood from his body.

"There is news over there. After the emperor received the news that the female doctor entered Prince Mo's Mansion, he directly issued an order to Prince Mo's Mansion to announce that the female doctor had entered the palace." The old mama replied.

"Announcement of a female doctor entering the palace? How?" asked the Queen Mother.

Announcement of a female doctor entering the palace for no reason? The emperor is such a smart person, he will always find some reason to come, right?

"this....."

The old nanny hesitated for a moment and glanced at the Queen Mother.

"That's why... I used your illness as an excuse to introduce the female doctor to the palace."

The Queen Mother: "..."

Hearing what the old woman said, she almost vomited a mouthful of blood.

That son of hers is really dead, right? Last time, Sui Zimo was summoned because she was ill. She thought it was for the sake of her other grandson, so she would just pretend to be ill.

But this time...

She has a very strong body, how does she look like she is sick?

After summoning the female doctor into the palace, could it be possible that she, the Queen Mother, would directly pour a bucket of cold water on her body and give herself gonorrhea?

Chapter 1246 Is such an honor enough?

Furthermore, as a son, he would curse his own mother for getting sick all day long.

Only her unfilial son can do it, right? How could she give birth to such a son? I just want to make the queen mother angry to death!

"Has the imperial edict reached Prince Mo's Mansion?" she asked immediately.

"Never."

The old woman shook her head.

"Empress Dowager, although the emperor's imperial edict has arrived at Prince Mo's Mansion, Prince Mo and the female doctor left the palace not long after they entered the palace. It is said that they have not returned yet.

Therefore...even if the people sent by the emperor were intentional, they could not find anyone to read the imperial edict.

"That's it..."

After hearing what Mammy said, the Queen Mother was silent for a while and then stood up.

Upon seeing this, Mammy immediately stretched out her hand to steady the Queen Mother.

"Mother Queen Mother, you want to..."

"Even if the Ai family is seriously ill, we can't wait any longer. Just tell us to go ahead and have the Ai family go to Prince Mo's Mansion in person and wait for the female doctor." The Queen Mother ordered the old woman.

Hearing this, the old woman was shocked.

Does the Queen Mother want to confront the Emperor in public?

But thinking about it, the emperor has repeatedly cursed the body of the Queen Mother. As a mother and the Queen Mother of a country, how can she tolerate someone making trouble with her body and bones again and again?

Even if this person is his own son and the emperor, it's not okay, right?

"Yes, concubine.

The old nanny responded, let go of the Queen Mother's hand, and went outside to give orders.

...

"What did you say? Where did the Queen Mother go?"

In the royal study, when the emperor heard what Eunuch Gui said, his heart suddenly jumped and he asked loudly.

"When I returned to the emperor, the Queen Mother entered the palace, and the servants found out that she was going to Prince Mo's Mansion." Eunuch Gui said to the emperor again.

"What?!"

The emperor couldn't believe his ears and stood up in shock.

Was his queen mother specifically here to oppose him? He wanted to announce that the female doctor had entered the palace and locked her in the harem, but his mother ignored his imperial edict and went directly to Prince Mo's Mansion?

"What do you do for a living? The Queen Mother has left the palace, and you're here to report now?" he asked Eunuch Gui.

"Your Majesty, this servant... I have also just received the news. Only a few people around the Queen Mother know about the Queen Mother's departure from the palace. They did not even sit down and just carried a sedan chair out of the palace."

Eunuch Gui knelt down and explained.

Of course he was waiting for the Queen Mother to leave the palace before coming in to report. Otherwise, he was waiting for the Emperor to stop the Queen Mother and her party back?

If this is the case, not to mention that the Queen Mother will not spare him lightly, even his master will cut him into pieces, okay? He finally managed to get some results, but he didn't want to fail!

"Hiss...hoo!"

After hearing his words, the emperor took a deep breath of cold air and exhaled heavily.

He never thought that his biological mother would be the first person to stand in his way. He thought that the first one would definitely be Sui Zimo.

In fact, he had already made two preparations. If the female doctor really accepted the imperial decree and entered the palace, it would be the best. He would directly canonize the little girl as a concubine.

Such an honor must be enough. No matter how arrogant that little girl is, she will definitely accept it gladly, that's for sure.

Chapter 1247 Take you to Prince Yi's Mansion

But if everything fails, if Sui Zimo dares to openly resist his will, then he will directly punish Sui Zimo, King Mo, for his crime. Although the crime will not lead to death, Sui Zimo, King Mo, has done it. .

He also took revenge for the fact that Sui Zimo and Su Yang had joined forces to force him to demote King Lin to Sui County.

However, he never expected that the Queen Mother would jump out to become his enemy and ruin his plan abruptly.

If Xiangbi sends someone over now, it will definitely be too late and there will be no way to stop the Queen Mother.

"Your Majesty, do you want to send someone to bring the Queen Mother back?"

Eunuch Gui looked at the emperor's ugly face and asked carefully.

He snorted in his heart and looked at the emperor's ugly face with a bit of disdain.

Even as an old man, he dares to miss his mistress. How thick-skinned does he have to be to achieve this level of success!

Hearing this, the emperor took a deep breath and glared at Eunuch Gui.

"Get back!"

Is it a joke to ask the Queen Mother to come back at this time and let the people in the palace treat him as the emperor?

He would do something like that.

"Yes, I resign." Eunuch Gui accepted the order and exited the imperial study.

...

"laugh.

In a private room of a restaurant, Lin Caisang snorted coldly after receiving the news.

"Brother Mo Lian, your father is really capable of whimsical thinking. I don't think about how old he is. One of his legs has already been put into the coffin. How dare you think of me!"

I have never seen such a bold person, and I am not afraid that she will sprinkle some poison on him and let him go home!

"hehe."

Sui Zimo also smiled coldly.

If it hadn't been for the news coming from the palace, he really wouldn't have thought that his father would have such a bold idea?

Taking advantage of the news that the Queen Mother is seriously ill, you just want to announce Sang'er's entry into the palace, but you actually want to keep Sang'er in the palace and prevent her from coming out?

"Do you want to go into the palace and have a look? Huh?"

he asks.

Hearing this, Lin Caisang just raised his eyebrows.

"I would like to go..."

She wanted to see if the old emperor would think of making her his concubine after she poisoned him until he was half dead, and whether he would think it was a supreme honor.

only.....

"Forget it, let's wait. It's not wise to enter the palace now. When the time comes to touch him, I will definitely not be soft-hearted," she said.

"good."

Sui Zimo responded.

"Brother Mo Lian, do you want to go back to see the Queen Mother?" Lin Caisang asked him.

This Queen Mother is also not a good person. If she really cares about her brother Mo Lian and has taken him under her wing early in the morning, how can she let her grandson suffer so much?

Now that her brother Mo Lian is back and has gained some influence in Shaohua City, she has jumped out and wants to be a good person?

Nothing is that good, and nothing is that simple.

"She... of course wants to meet her, but not now." Sui Zimo said.

Now, no matter who submits an invitation to the palace, he will be sent away in the same way. It is naturally impossible to see his son.

Even if this person is the emperor or the queen mother, it is impossible!

"Eat first, and I will take you for a walk to Prince Yi's Mansion later."

"Prince Yi's Mansion?"

Hearing these three words, Lin Caisang was really surprised. He raised his head and looked at Sui Zimo.

Chapter 1248 That person was poisoned

"Are you familiar with King Yi?"

She naturally knew that this King Yi was the younger brother of the current emperor of Wei State, but he was not the son of the Queen Mother.

Therefore, in the Wei Kingdom, King Yi was never reused. He had all his talents, but had nowhere to show them. What's more, he was suppressed by the emperor and the Queen Mother, so he could only be an idle prince.

And in the end, the news she knew about Prince Yi was that the emperor had given the fifth son of Prince Yi's residence to the Imperial Preceptor's residence.

She also saw it with her own eyes that day. Housekeeper Xin of Suyang Mansion called the Fifth Young Master of King Yi as 'Little Young Master'. It was pitiful for a child at such a young age to live in another strange place.

It can be seen from this that this emperor is really...

"It's not that we are familiar with each other, but when I was sent to Ye County, it was King Yi who sent me there according to the emperor's order, and he took me home in Yatu for more than a month, Just left."

Sui Zimo said.

"Oh, I understand." Lin Caisang nodded.

For Brother Mo Lian, this is already a great favor, right?

Just imagine, King Yi has been suppressed by the emperor, and was even sent to the Liang Kingdom to see off the emperor's son. Under such circumstances, it was good that he did not add insult to injury to his nephew.

Still watching from the sidelines, he didn't leave until he saw Sui Zimo settling down in a common people's home.

It can be seen that Prince Yi is still a conscientious person. I guess there are not many people in the Sui family, right?

"Is there any patient at home?" she asked.

However, to say the least, even if Prince Yi and Brother Mo Lien were kind, he would not drag her to Prince Yi's mansion for a walk as soon as he came. He must have an ulterior motive.

And all she could guess was that there was only one possibility.

"Um."

Sui Zimo nodded.

"For some reason, Princess Yi suffered from a strange disease after Xiao Wu was sent to the Imperial Preceptor's residence. Many imperial doctors were sent to diagnose and treat them, but all failed. I also sent Jiang Zuo to have a look. But I can't see anything.

There are rumors outside that Princess Yi misses her son too much and wants to threaten the emperor with illness to return her son back.

My father even issued an edict to reprimand Prince Yi for this. Later, Prince Yi no longer dared to go to the palace to ask for an imperial doctor. He could only secretly send people to find doctors in the market to treat Princess Yi. "

"But you think it's not that simple, don't you?" Lin Caisang asked him.

Ya Molian nodded.

"If it's just that I miss my son too much, that's not necessarily the case.

Since you left, Su Yang and I jointly drove Sui Zilin to Sui County. After that, Su Yang always wanted to have a relationship with me. I also secretly ordered Su Yang to take Xiao Wu back to Prince Yi's Mansion, but...

Even so, Princess Yi's illness has not improved at all, so..."

"Okay, you don't need to say anything."

Lin Caisang raised his hand and interrupted Sui Zimo's words.

No disease is without a cause, unless the person is poisoned.

So, her brother Mo Lian suspects that Princess Yi has been poisoned, right? This is not impossible.

"I'll let you go and take a look first."

Hearing this, Ya Molian nodded.

...

Prince Yi's Mansion.

The heavy door was opened, and several people walked out.

One of them carried a medicine box on his shoulder, and several others were guards who sent the man out.

After being sent out, the man looked at the gate of Prince Yi's Mansion, sighed softly, and shook his head.

"Oh, what a pity, what a pity."

Chapter 1249 Still wearing a mask?

"Old gentleman, what do you regret?"

Lin Caisang was just dressing up normally, and when she heard the words of the person who was about to pass her, she asked a question.

"hiss!"

After hearing her voice, the man turned his head, his eyes widened at just one glance, and he gasped.

"you you....."

The next moment, he left as quickly as possible.

Lin Caisang: "..."

Looking at the man's retreating figure, she almost turned to stone.

"Did I... offend him?"

She looked sideways at Sui Zimo and asked quietly.

It's okay if he doesn't answer her, why bother walking in such a hurry, as if there is a big tiger chasing him behind.

Who did she provoke?

"You."

Sui Zimo raised his hand helplessly and tapped the tip of her nose just outside the mask.

"Your current identity is well-known in Shaohua City. Who doesn't know the mask you are wearing? With just one glance, people can guess your identity. Facing the miracle doctor, what can they do if they don't run away? Woolen cloth."

This is called being ashamed of yourself, doesn't she even understand?

Hearing this, Lin Caisang fell silent.

"Well, it's my fault."

She and Brother Mo Lian seem to be quite famous in Shaohua City. Together, the two of them can turn the land of Shaohua City upside down.

"Brother Mo Lian, are we going to go in so openly?" she asked.

"if not?"

Sui Zimo asked her back.

Could it be that the two of them secretly climbed over the wall to get in?

"Even if you are here to treat a disease, you must be honest and let everyone know. Sonny, come with me."

"good."

Lin Caisang naturally responded and followed Sui Zimo into Prince Yi's Mansion.

...

There was a 'clang' sound.

The tea cup that was originally held in his hand was suddenly thrown to the ground, splashing ceramic shards all over the floor.

However, the man in gold robes in front of the desk didn't notice anything. Instead, he stood up, walked around the desk to the person who came to report, and lifted up the person's collar.

"What did you say? Say it again!"

He didn't hear clearly just now. What happened outside?

"Your Majesty, Prince Mo and the female doctor have entered Prince Yi's Mansion now." Seeing the Emperor asking this, the man added another sentence.

"Did you see it with your own eyes?"

The emperor didn't believe it, why did Sui Zimo bring the female doctor to Prince Yi's Mansion? These two people were out of reach!

"no."

The man immediately shook his head after hearing his words.

"Your Majesty, although this servant did not see it with his own eyes, the people sent by the servant to keep an eye on Prince Yi's Mansion really saw that it was really Prince Mo's Mansion who brought the female doctor into Prince Yi's Mansion.

Prince Mo and others had never met him before, but they knew the female doctor wearing a mask. "

Of course, female doctors are not something that those who want to see can see them, but in this Shaohua City, how many women will still wear masks when entering Prince Yi's Mansion?

I'm afraid there's only one female doctor, right?

If the people under him can't even guess this, then there is no need to work under him.

"hateful!"

The emperor threw off the man's collar and cursed bitterly.

At this age, Mo, was he really sent by God to defeat him? All right, what was he doing with that female doctor running to Prince Yi's Mansion?

Chapter 1250 They are all bitches!

Did he forget that it was Prince Yi who sent him to Ye County, Liang State? Didn't Sui Zimo not want to avenge this, so he actually took the female doctor to Prince Yi's Mansion?

Could it be that when Sui Zimo went to Prince Yi's Mansion, he would poison Prince Yi? It must be to treat Princess Yi's illness!

"At this age, Mo, do you really think that I can't deal with him? This is simply unreasonable!"

"Your Majesty, how do you want to deal with King Mo? I am willing to do it for you." The man said immediately after hearing the emperor's words.

He just lacks an opportunity to make a contribution. If he can get rid of King Mo, a serious problem for the emperor, the emperor will definitely reuse him. By then, not to mention Eunuch Gui, even the concubines in the harem will have to fawn over him. .

However, when the emperor heard his words, he glanced at him disdainfully.

"You? You want to be compared with Sui Zimo? Get out of here!"

How could it be so easy to deal with Sui Zimo now? What's more, he doesn't dare to attack Sui Zimo now.

"Slave, please retire."

The man glanced at the emperor secretly and had no choice but to leave first.

The emperor was the only one left in the imperial study. At this moment, his face was full of gloom, and he wanted to smash everything in the imperial study!

Sui Zimo, this villain, is really an immature white-eyed wolf. How old was Sui Zimo when he was thrown to Ye County by Prince Yi? If he hadn't sent someone to take care of Sui Zimo, he would have destroyed the Jiulian Palace. Will a big force be developed?

Now, not long after returning to Shaohua City, this villain wants to join forces with Prince Yi.

"Hmph, King Yi doesn't even have any troops. I want to see how you can cooperate with him! They are all bitches!" He snorted coldly and said.

The same goes for King Yi. When he first came to the throne, many of his brothers were either demoted or punished to death by him. He saw that King Yi had done nothing in his life and did not take action against him.

It's good now, I actually want to get together with Sui Zimo!

Do you really think that he is the emperor for nothing? If he is really angered, he will make these evil obstacles die without a burial place!

"Eunuch Gui!"

He shouted towards the outside of the royal study room.

Outside the door, Eunuch Gui heard the sound and immediately walked in, leaning towards the emperor.

"Your Majesty, what are your orders?"

"Go to Prince Yi's Mansion to declare the decree. I haven't seen Prince Yi for a long time and miss him very much. Let him enter the palace immediately!" The emperor ordered Eunuch Gui.

Hearing this, Eunuch Gui raised his eyes in surprise and glanced at the emperor.

He naturally heard the conversation between the man and the emperor just now when he was outside the door, but this did not mean that the emperor could behave so irrationally.

So what if Prince Mo takes the female doctor to Prince Yi's Mansion? Prince Yi is powerless in the huge city of Shaohua. Apart from the name of Prince Yi, he has nothing.

Otherwise, it would not have been so easy for the emperor to send his son to the Imperial Preceptor's Mansion at that time!

Even if Prince Mo takes a female doctor to treat Princess Yi, so what?

Could it be that, as the master said, Princess Yi's illness is really not a disease, but someone secretly poisoning her, and the poisoner is...

"Your Majesty, now that the Queen Mother has gone to Prince Mo's Mansion, would it be bad for you to summon Prince Yi to the palace at this time?"

He lowered his voice and asked the emperor.
