

Star of Space 1251

Chapter 1251 Too sick to go to the ground

"What's wrong? I just let him enter the palace, so what?" the emperor shouted coldly.

He just wanted to ask King Yi, this pickpocketing guy, why he didn't treat him well. He actually let him join forces with that villain Sui Zimo to deal with him. Do you really think he is easy to bully?

"He dared to let King Mo enter the palace, and even brought the female doctor with him. I'm afraid that after a while, he would dare to do anything!"

He doesn't want to keep an underfed wolf by his side!

"emperor....."

Eunuch Gui gritted his teeth, took a deep breath, and continued to speak.

"Prince Yi has always lived in seclusion. Even if there has been some movement in Prince Yi's palace recently, it is all for Princess Yi. If the emperor comes to Prince Yi's palace now for the sake of a female doctor, and summons Prince Yi into the palace, I am afraid it will be true."

Hearing this, the emperor opened his mouth, but no words came out.

Yes, Sui Zimo just brought the female doctor to Prince Yi's Mansion, and he immediately summoned Prince Yi into the palace to reprimand him. Isn't this because there are three hundred taels of silver in this place, and he told everyone that Princess Yi's illness was related to him? ?

Although he is the emperor, there are many ministers watching over him. If his behavior is really deviant, it may be counterproductive and cause dissatisfaction among the courtiers.

"That's all, just step back."

Although the female doctor looks very powerful, she is just a little girl after all. How powerful can she be?

Let Sui Zimo do it, he wants to see what flowers this evil obstacle can bring out!

"Slave, please retire.

Seeing that his expression softened, Eunuch Gui left the imperial study.

...

In Prince Yi's Mansion.

Sui Zimo arrived in person and brought a female doctor. Prince Yi was so excited when he heard the news that he came out to greet them in person and welcomed the two of them into the harem.

"Zimo, I will sit with you in the courtyard for a while and then ask Miss Lin to diagnose the princess?" When they came to a courtyard, Prince Yi looked at Sui Zimo and asked him in a questioning tone.

He was also not sure what kind of relationship his nephew had with the female doctor in front of him.

If the relationship between the two was just cooperation, then why would Sui Zimo accompany Lin Caisang to Prince Yi's Mansion in person? She could just send a personal bodyguard to come with her.

Or, first send someone to Prince Yi's Mansion to inform him. He will definitely send someone to pick up the female doctor immediately.

"Uncle King Yi, are Princess Yi too sick to go to the ground? Huh?"

Sui Zimo glanced at Lin Caisang, then turned his attention to Prince Yi and asked aloud.

Let him feel free to let Sonny go diagnose Princess Yi alone. Will he do this?

The answer is of course impossible!

It was good enough that he could bring his son to Prince Yi's Mansion, but he still wanted his son to get out of his sight? How much he wanted Sonny to be kidnapped by those who were watching them secretly.

"Well."

Prince Yi choked at his words and glanced at Lin Caisang.

But she didn't say anything, as if what Sui Zimo said was what she was thinking.

"Someone, help the princess to the courtyard."

Helpless, he could only ask the maid to bring the princess.

There was nothing he could do about it, because the reputation of the female doctor next to Sui Zimo was so great that he almost visited all the famous doctors and couldn't diagnose her.

Now, all we can do is place our hope on the female doctor Sui Zimo brought.

Chapter 1252 I haven't finished speaking yet

"Yes, Your Majesty.

The maid responded and went to the building.

...

After a while, a woman with a sallow complexion was helped out.

Lin Caisang raised his eyes and saw that Princess Yi's steps were weak. She looked as if she hadn't slept for days and nights, and her sallow face was filled with a black air.

When Prince Yi saw his princess, he hurriedly greeted her, helped her from the hands of the maid, and carefully helped her to sit down at the stone table.

"Careful, slow down."

While helping her sit down, she also warned her carefully.

"Prince Yi and Princess Yi are very affectionate. Lin Caisang smiled and looked at Sui Zimo.

Sui Zimo just licked his lips and didn't say anything. However, Princess Yi, after hearing Lin Caisang's words, turned her head and smiled at her.

"My lord, of course, treats me very well."

She said something.

Hearing this, Lin Caisang frowned slightly, raised his hand, put his index finger under his nose, and coughed lightly.

"What's wrong?"

Sui Zimo saw her abnormality and asked.

"fine."

Lin Caisang shook his head.

"Princess Yi, please reach out your hand, and I will take your pulse first."

"good."

Princess Yi responded, stretched out her trembling hand and placed it in front of Lin Caisang.

Lin Caisang took out a clean handkerchief from her small bag, spread it on Princess Yi's wrist, and checked Princess Yi's pulse through the handkerchief.

After a long time, there was no movement.

Prince Yi, Princess Yi, and all the maids all stared at Lin Caisang with bated breath.

Although in Lin Caisang's view, it was just a momentary thing, in the hearts of Prince Yi and others, it seemed that a whole year had passed, and by the time they began to feel anxious.

Finally, Lin Caisang took his hand back.

"Miss Lin, how is the princess's health?" Prince Yi asked immediately.

"Judging from the pulse pattern, Princess Yi really has nothing serious to do. It's just that she had depression in her heart, which made her body get out of control and she became seriously ill."

Lin Caisang said lightly.

Hearing this, Prince Yi frowned, somewhat disbelieving her words.

"Miss Lin, it's not that I doubt your medical skills, it's just that... every doctor invited to the palace by this king has said this, saying that it's just a minor illness, it doesn't matter, and a few doses of medicine will cure it. Get better.

However, the princess has been ill for two months. What kind of minor illness can make the princess like this? I am really..."

"Prince Yi, I haven't finished speaking yet."

Lin Caisang turned her eyes, glanced at Princess Yi, and then looked at Prince Yi.

She hasn't finished speaking yet, so why worry? This matter has to be said bit by bit. She can't say everything in one go. She doesn't have the ability.

"Your Majesty, please be patient and listen to Miss Lin first."

Hearing this, Princess Yi raised her eyes and advised her husband that her illness is here, no matter what happens, it will be like this. It can't get any worse, right?

"Well."

Prince Yi choked and looked at Lin Caisang.

"Miss Lin, tell me, tell me."

"Um."

Lin Caisang nodded and turned to look at Sui Zimo.

"Prince Mo..."

"You all stand down."

Sui Zimo understood and gave orders to the maids.

Hearing his words, the maids looked at Prince Yi and Princess Yi hesitantly. They were the maids of Prince Yi's Mansion, and they would never obey the orders of Prince Mo's Mansion no matter what.

His master has not given the order yet.

Chapter 1253 This disease can't be cured?

"What are you looking at? Why don't you step back quickly!" Prince Yi shouted when he saw them still standing there.

The maids then leaned over to leave. Suddenly, there were only four people left in the yard, and it suddenly became quieter.

"Princess Yi, you have been dreaming every night lately, and you are not at peace?" Lin Caisang asked.

"This is!"

Princess Yi wanted to deny it, but after thinking about it for a moment, she agreed again.

"Miss Lin, the princess has never had a good rest since Wu'er was taken away." Prince Yi also said.

However, after hearing Prince Yi's words, Lin Caisang chuckled, shook his head, and instead focused on Princess Yi.

"The princess also thinks that I will believe that you can't sleep well every day because your child was taken to the Imperial Preceptor's Mansion?" she asked Princess Yi softly.

"this....."

Princess Yi didn't know what to say and could only bite her pale lips.

"Princess, you'd better tell me the truth, otherwise, your disease may be incurable." Lin Caisang said to her.

"What?!"

Prince Yi screamed in shock when he heard Lin Caisang's words.

There is no cure, so why is it so serious? The doctors we invited before just said that as long as the princess adjusts her mood, she can recover without medicine. How come Lin Caisang has become incurable? ?

Isn't this female doctor a... quack?

"Princess, what are you still hesitating about? Is there anything you can't say? There is no one else around now, so hurry up and talk to Miss Lin." He hurriedly advised his wife.

It is naturally impossible to say that the female doctor is a quack.

Therefore, the only possibility is that his princess did not tell the truth to them, and she also hid some secrets that even he did not know.

"I....."

Princess Yi opened her mouth, glanced at her prince with some embarrassment, and then looked at Lin Caisang.

"Miss Lin, it's not that I don't want to talk about it, but there are some things that I don't know where to start."

As she spoke, she sighed softly and shook her head.

"Then the princess means that your disease will not be cured?"

Lin Caisang raised his eyebrows, looked sideways at Sui Zimo, and stood up.

"Uncle Prince Yi, that being the case, I and Miss Lin will say goodbye." Sui Zimo received her gaze, stood up, and said something to Prince Yi.

"No, no, Zimo, just wait for me to persuade the princess. She will definitely tell Miss Lin." Prince Yi saw that they were about to leave and hurriedly tried to stop them.

But how could Sui Zimo give him this opportunity? He blocked it with just one sentence.

"Then wait until Aunt Wang is willing to tell you, and Uncle Wang will come back to Prince Mo's Mansion to inform you."

With that said, Sui Zimo left with Lin Caisang.

Prince Yi: "..."

Watching Sui Zimo and Lin Caisang leave, he really wanted to order someone to detain them.

Unfortunately, he knew better that it was simply impossible to detain these two people. He knew Sui Zimo's kung fu very well. The entire palace guard could not be his opponent, let alone another person. Lin Caisang.

This girl is a poisoner. If she spreads the poison, how can anyone do anything to them?

"You, you, there's nothing you can't say. You have to wait until you...by then it will really be too late!"

Turning his head, he looked at his princess and sighed.

Chapter 1254 Is it just a coincidence between the two?

"Your Majesty, it's not like you don't know. That matter cannot be told to outsiders, especially... I feel that Prince Mo is here just to know about that matter. If we tell him, the Emperor will not let us go."
omj"

Princess Yi looked at Prince Yi and lowered her voice even though there were only two people in the yard.

If she could say it, would she still not say it?

You know, this is her own life, and she is not very old. Does she want to let herself die in such an unknown way?

"Even if you don't tell us, the Emperor may not spare us." Prince Yi sighed softly and said.

If the emperor would really let them go, Princess Yi would not suffer from such a 'strange disease', especially after being scolded by the emperor in the palace last time, he already knew it.

"You haven't noticed that the emperor has already taken action?"

"this....."

When Princess Yi heard what he said, she was also speechless. mj

She was not a fool. Her child was sent to the imperial master's house for no reason, and she herself became more and more sick day by day.

If she still couldn't notice anything, then she could really die.

"What does the prince mean?"

"Rather than die in such a mysterious way, it would be better to open up the matter to Zimo. In this way, the emperor will not dare to attack us. It is somewhat taboo."

Prince Yi said.

"The emperor still has...taboos?"

Princess Yi sneered, feeling that this was really the funniest joke she had ever heard!

What other taboos can the emperor have? It has already reached the point of lawlessness. He wishes that all the eyesores like them would die so that he could feel at ease, right?

"Then go and invite King Mo back." Princess Yi said.

"I'll go right away."

Prince Yi didn't hesitate at all and went directly in the direction Sui Zimo and the others were going.

The emperor must have received the news that Sui Zimo came to Prince Yi's Mansion at this time, right? If he doesn't make things clear now, maybe if he waits for another day, his Prince Yi's family will be wiped out.

This is really something the emperor can do.

...

"Brother Mo Lian, do you know there is a big secret hidden in Prince Yi's Mansion?"

In Prince Yi's palace, Sui Zimo and Lin Caisang were walking together. She looked sideways at Sui Zimo and asked.

"Um."

Sui Zimo nodded.

"I checked and found that Princess Yi did not have a natal family. She came to Weiguo almost overnight and became Princess Yi. That day happened to be the day when my mother-in-law gave birth to me."

Such a coincidence, he really didn't believe that it was just a coincidence between the two.

"And according to what Suyang said, when he entered the palace to divine my fortune, he didn't look like a newborn child at all. Although I didn't pay much attention to this at the time, but..."

"What happened to Princess Yi right after?" Lin Caisang asked.

"almost."

Sui Zimo nodded again.

"What happened in Prince Yi's Mansion was not just Princess Yi. Ever since you appeared, Wu'er was sent to the Imperial Preceptor's Mansion by the Emperor on the grounds of mourning the loss of his son, and then something happened to Princess Yi..."

"you are wrong."

Before Sui Zimo finished speaking, he heard three words from Lin Caisang.

He looked down at her in surprise and raised his eyebrows.

"Princess Yi was poisoned just after we left Shaohua City to rescue King Lin." Lin Caisang explained.

"you sure?"

Sui Zimo raised his eyebrows, looked at her seriously, and asked.

Chapter 1255 It doesn't matter

"Um.

Lin Caisang nodded.

She couldn't be more sure of this.

"And there's one more thing... the poison that Princess Yi suffered is actually very common. I believe that any doctor with some ability can diagnose it. If he can't even diagnose this poison, then he is a quack.

However, even today, when you took me to Prince Yi's Mansion, no doctor told Princess Yi the truth. Brother Mo Lian, what do you think the truth of the matter is? "

And according to what Sui Zimo said, Prince Yi had consulted many imperial doctors, but none of them diagnosed anything.

"It's quite generous."

Sui Zimo sneered and said.

What else can be said about the truth? In this Weiguo, who can have such a big hand to make all the doctors keep silent about Princess Yi's poison? It's only the one in the palace, right?

"So, this poison...is easy to cure?"

he asks.

"Well..."

Lin Caisang's red lips curled up slightly and she smiled softly.

"This poison may be said to be easy to detoxify, but it is not easy to detoxify. It depends...how do you want Princess Yi to detoxify it," she said.

Her intuition told her that the trip to Prince Yi's Mansion had a lot to do with her brother Mo Lian. If she didn't dig out all the secrets of Prince Yi's Mansion, how could she be worthy of her trip to Prince Yi's Mansion in vain?

"hehe."

After hearing her words, Sui Zimo also chuckled.

He raised his hand and was about to tap the tip of her nose when he heard hurried footsteps coming towards him. He immediately put his hand down.

"Zimo, Miss Lin, please stay."

Prince Yi hurriedly chased after them, and when he stood in front of the two of them, he was already out of breath.

...

Soon, Sui Zimo and Lin Caisang, who had not yet left Prince Yi's Mansion, were invited back.

After sitting down in the same position, Lin Caisang put his eyes on Princess Yi's face and kept staring into her eyes.

"Princess Yi, please speak. King Mo and I are all ears." Lin Caisang said straightforwardly.

"Well."

After listening to Lin Caisang's words, Princess Yi didn't know how to deal with herself.

"This... I really don't know where to start."

She looked at Lin Caisang and said quietly.

"Then let's start from the first day you arrived at Prince Yi's Mansion, which was also the day King Mo was born." Lin Caisang said.

"hiss!"

Princess Yi gasped and glanced at Sui Zimo before looking at Lin Caisang.

She didn't expect that Sui Zimo had connected all these things together. Has he already doubted her identity?

Moreover, if you are suspicious, you are suspicious, and you actually told Lin Caisang about this matter?

"This... King Mo, you and Miss Lin..."

"I don't need Princess Yi to worry about the matter between me and Miss Lin. Princess Yi should just think about her own body, or maybe Wu'er." Sui Zimo interrupted her and said.

"Well."

Princess Yi choked at his words.

Su Yang had brought Wu'er back before, but he never mentioned King Mo. Could it be that there was something about King Mo among them?

"Wu'er is now the son of the Imperial Master and has nothing to do with our Prince Yi's Mansion." She said sarcastically.

"oh?"

Sui Zimo didn't say anything, just looked at Princess Yi with light eyes.

"Regardless of whether Wu'er has anything to do with Prince Yi's Mansion, Aunt Wang, you'd better tell me what I want to hear. Miss Lin is also anxious waiting here. After all, she is not a person with nothing to do."

Chapter 1256 Force him over and get him married

Lin Caisang: "..."

Brother Mo Lian, just say what you say, can you not drag me into it?

Well, indeed, she also wanted to know what Princess Yi knew that made the emperor spend so much money to kill Princess Yi.

And it was made so obscure, yet so upright.

Well, in the eyes of outsiders, even if Princess Yi died, she died of illness and had nothing to do with anyone.

But for Prince Yi's Mansion, Prince Yi knew very well that his princess was given to death by the emperor. Moreover, the emperor gave Princess Yi to death and even threatened Prince Yi!

She was really curious about this matter. What could Princess Yi know?

"Actually, I am not from the Wei Kingdom." Princess Yi said quietly.

"Um?"

Lin Caisang raised his eyebrows.

You don't need to think about this, you don't even have to guess. Do you need to say it?

"The princess continued."

"I come from Qianhuan Continent." Princess Yi glanced at Sui Zimo and said.

Hearing this, Lin Caisang glanced sideways and looked at each other with Sui Zimo.

I really didn't expect that this Princess Yi actually came from Qianhuan Continent. No wonder her brother Mo Lian couldn't find out the former identity of Princess Yi no matter how hard he checked.

"It is said to be from Qianhuan Continent, but I don't know much about Qianhuan Continent either." Princess Yi spoke again.

"Many of us sisters are all slaves kept in one place by our master. We have never set foot in other places in Qianhuan Continent. Until one day, my master ordered someone to bring me to him and gave me a task."

"What mission?"

Sui Zimo asked aloud.

"It is to send a newly born child to Weiguo and hand it over to the emperor of Weiguo." Princess Yi said.

As she said that, she glanced at Sui Zimo.

"child?"

Lin Caisang and Sui Zimo looked at each other again.

The answer is already obvious, isn't it? These people are so bold, they actually sent the children from Qianhuan Continent to the Kingdom of Wei to raise them.

And this emperor of Weiguo is quite courageous, he actually dares to raise him!

"Since you have sent people there, why are you still here? Shouldn't you go back to Qianhuan Continent?" she asked Princess Yi.

Moreover, since this woman came here with a mission, how could she stay and become Princess Yi? What's more, she married King Yi the same day after she sent the child to the palace.

"this....."

Princess Yi looked at Prince Yi with an ugly expression.

"Let me, the king, speak on this matter." Prince Yi took over the words.

"At first, I made a marriage agreement with the Nie family, but because I have been doing nothing, the Nie family disliked my identity and did not want to marry their daughter into Prince Yi's palace."

Thinking back to the beginning, he also hated the Nie family to death, because he despised him as just a powerless prince, so he actually sent his daughter to the palace and became the emperor's concubine.

Then, he forced the current Princess Yi to come over and asked him to get married.

It's just that he is used to being submissive, and he knows that resisting the emperor's actions is useless.

However, after getting along with the princess over the years, they have developed feelings for each other. It is a kind of fun for the two of them to live together, so they don't care about it so much anymore.

"She was forced into Prince Yi's Mansion by the Emperor. It can be said that she was kidnapped and sent to the Prince's room. Maybe the Emperor felt that it was not safe for the child to be raised by his side.

Chapter 1257 Waiting here for so long

Therefore, I wanted to keep someone else in my hands, so I left the person behind.

"laugh."

Sui Zimo sneered.

This is really something that the emperor can do. How can he take the life, death and freedom of others seriously?

"So, does Princess Yi know where the child is now?" He looked at Princess Yi steadily and asked.

"I didn't know that before."

Princess Yi lowered her head and said softly.

She was only responsible for sending people to the Weiguo Palace, how could she know about other things?

What's more, Qianhuan Continent was originally a continent for spiritual cultivation, but she couldn't cultivate spirituality at all and had no ability at all. Perhaps it was because of this that the master sent her to Weiguo.

I'm afraid that when the master sent her here, he had already made up his mind that she would die in Weiguo.

It's just that the master couldn't have imagined that the emperor would hide her instead of killing her because he wanted to save her.

"It's just that... King Mo just returned to Shaohua City last year, and I got seriously ill here, and Wu'er also left my side, so... there are some things that can always be thought of."

The emperor was afraid that she would think of Sui Zimo, so he wanted to eliminate the root cause!

"Princess Yi, do you know that there is only so much?" Lin Caisang asked when he saw that she seemed to have nothing to say.

"There are only so many, and the rest is not something someone like me can know." Princess Yi replied.

As for who the master entrusted to her back then, and whose child it was, how could she know? She only knew how to carry out the tasks assigned by her master, that's all.

"Really?"

Lin Caisang confirmed again.

"Really... there is one more thing. The emperor should have been in contact with people from Qianhuan Continent these years. I once saw a spiritual cultivator in the palace. That person should have come to contact the emperor."

Princess Yi was about to say no, but she thought of something else.

Although she has been reclusive in Prince Yi's palace these years, if there is any state banquet, as Princess Yi, she still has to enter the palace to participate.

Others may not be able to see what a spiritual cultivator is like, but how could she, who came from Qianhuan Continent, not be able to see it?

Hearing this, Sui Zimo just glanced at Princess Yi lightly.

He knew this early on. If the emperor had no contact with the people on Qianhuan Continent, how could he get the antidote to the poison on his body?

Presumably, the poison on his body did not come from the emperor, right?

"Okay, I understand."

He stood up, took Lin Caisang with him and prepared to leave.

"Miss Lin, my princess's antidote..." Prince Yi asked hurriedly when he saw that the two of them were about to leave.

"I will have the antidote delivered tomorrow."

Lin Caisang looked back at Prince Yi and Princess Yi and said.

...

In Prince Mo's Mansion.

"The Queen Mother, I'll go take a look again. It's almost dark. I guess Prince Mo should have returned to his house, right?"

The Queen Mother came out of the palace, and although she didn't see Sui Zimo after arriving at Prince Mo's Mansion, she still waited here and didn't leave. When the old nanny saw this, she looked at the sky before she spoke.

"Wait."

The Queen Mother didn't give her a chance to go out and uttered two words calmly.

Do you think she really came to Prince Mo's Mansion to visit Sui Zi Mo? Or are you here for medical treatment? If that's the case, why go to all the trouble and wait here for so long?

Chapter 1258 It's still credible for the time being

"You have been with the Ai family for so many years, why can't you understand such a little thing?"

"Well.

The old nanny was stunned by the Queen Mother's words, and her face turned red.

After being reminded, she realized that the Queen Mother came to Prince Mo's Mansion this time to seek peace with Sui Zi Mo!

"Empress, you don't think that King Mo will guess something, do you?" She lowered her voice and asked in a very quiet voice.

The Queen Mother only found out the truth by chance after probing for a long time, let alone King Mo, who was still in his infancy at that time.

After that, he was sent to Ye County. How could he know about that?

If he really knew about that matter, he would be very capable. Her intuition told her that this was impossible.

"Shut up!"

The Queen Mother shouted to the old nanny.

The only thing to blame is her son who doesn't let her worry. He dares to take advantage of anyone and cooperates with anyone thinking that he is the only one who is smart and everyone else is stupid!

If Sui Zimo's identity was really that simple, how could those people send him here from Qianhuan Continent?

"Old slave, I'm too talkative. Please forgive me." The old nanny immediately lowered her head.

...

In another courtyard of Prince Mo's Mansion.

Sui Zimo and Lin Caisang had to climb over the wall to get in. I guess they had to climb over the wall to get to their own homes. Only Sui Zimo, Prince Mo, must be the only one.

"Can Princess Yi's words be trusted?"

Sitting at the table, Lin Caisang looked up at him and asked.

They always felt that Princess Yi had something to hide from them. However, they were not familiar with Princess Yi, so it was not possible for her to tell them all her heartfelt words.

"It's still believable for the time being."

Sui Zimo put the dishes on the table into her bowl and said.

"Eat first, and we'll talk about the rest later. Maybe if we don't investigate some things, we will get the truth when the time comes."

"Um."

Lin Caisang nodded.

She was quite responsible for this.

"You should also eat more and stop picking up food for me. By the way, the Queen Mother is still in the mansion. Are you really not going to see her?"

She asked as she also added some vegetables to his bowl.

The Queen Mother is so perseverant that she actually stayed in Prince Mo's Mansion and never left. She ate lunch here and now has a tendency to eat dinner as well and continue to wait.

"I'll go take a look later." Sui Zimo thought for a while and said.

It is unjustifiable that the Queen Mother has been in Prince Mo's mansion.

He originally thought that if she couldn't wait for him for a long time, she would always leave. It was impossible for her to give up his face, so he should continue to wait.

Who knew that the Queen Mother's perseverance was really beyond the reach of ordinary people.

On the other hand, if the Queen Mother didn't have that kind of ability, how could she have supported her son to become the emperor when the nine kings were fighting for the throne? How could such forbearance be matched by ordinary people?

"Should I go together?" Lin Caisang asked.

"You want to go?"

Sui Zimo asked her back.

"Of course not."

Lin Caisang answered without thinking.

She knew that the other party was not well-intentioned and was just waiting for her to fall into a trap, but she still rushed over and sent herself into their big net?

This is not something someone as smart as her would do.

"Then I won't go." Sui Zimo said.

"Really not going?"

Lin Caisang pursed his lips and asked him.

Chapter 1259 Still in good health

"After all, Auntie the Queen Mother is here for me. It seems a little unreasonable not to go and see her.

She turned her head, thought for a moment, and said.

Sui Zimo: "..."

This girl clearly looked like she was gloating about her misfortune. She didn't want to go anywhere. She was clearly preparing to watch a good show.

"It's them who can't explain it, so how could it be you?"

Those people were all so thick-skinned that they really thought that his son could meet whoever they wanted, and now they even came to his palace.

"Eat first."

"Okay."

Lin Caisang responded.

...

It wasn't until the Queen Mother had finished dinner that she saw Sui Zimo, who had arrived late.

"Royal Grandmother, why are you here at the palace? I don't need someone to inform you so that my grandson can come back from outside immediately." When he saw the Queen Mother, he spoke to her.

The old lady on the side said: "..."

What a prince, Mo. He just made the Queen Mother wait for so long, but he actually accused the Queen Mother of her fault as soon as he opened his mouth. Why should he blame the Queen Mother for not sending someone to inform him?

Are all the guards in Prince Mo's Mansion just for food?

However, she didn't dare to say this in front of Prince Mo, otherwise, would she still have the head on her neck?

"The Queen Mother also heard that you were back, so she came over to take a look. The Queen Mother raised her head and looked at Sui Zimo with a smile.

"I heard that you brought the female doctor into the house. Is this true?"

she asked.

"It's true."

Sui Zi Mo naturally wouldn't deny it. His son entered Prince Mo's Mansion, and everyone outside the palace opened their eyes to see it, so he naturally wouldn't deny it.

"This time when I left the house, my grandson went to Miss Lin's hometown. After many twists and turns, he invited her back."

"Yeah?"

The Queen Mother's face was very ugly.

After several twists and turns, Lin Caisang was invited back. It can be seen that the little girl's ability is indeed not small, allowing Sui Zimo to invite her back like this.

With Lin Caisang, Sui Zimo is like having another pair of arms. Soon, he may even be able to fly.

But what can she do?

"Emperor Grandma, I heard the guards in the palace say that the emperor has issued an order to the palace and asked Miss Lin to come into the palace to diagnose your illness? Are you feeling unwell again? My grandson brought Jiang Zuo here, why not first Let me show you?"

Thinking about it, she heard Sui Zimo's voice again.

The Queen Mother: "..."

That son of hers was really digging holes in front of her!

How should she respond? It felt like Sui Zimo's questions were nothing, they all seemed fake.

"Don't listen to your father's nonsense. The emperor's grandmother is in good health, how could she get sick? The Ai family estimates that one of the empresses in the harem is sick. Your father is anxious, so he wants Miss Xuanlin to enter the palace. of."

It's a lie anyway, it doesn't matter how she explains it, just leave it at that.

But there was one thing she could tell. Although Sui Zimo called her "grandmother", he called her "emperor" instead of "father".

It seemed that he had really found something, otherwise, it would never have been so obvious in front of her.

"Those women in the harem are all noble masters, but Mo'er, you don't have to worry about this. Just make arrangements for Miss Lin in the house with peace of mind."

she said.

"My grandson will obey the emperor's grandmother's words." Sui Zimo responded.

Women in the harem? When did the emperor treat the women in the harem as human beings? Will she specially prepare a decree for them to announce that her son will enter the palace?

Chapter 1260 The Ai family won't ask anymore

It's really a joke when you think about it. If the civil and military officials knew that their emperor actually wanted to win over the female doctor and wanted to imprison her in the palace and prevent her from coming out again, I don't know what the civil and military officials would think.

"Mo'er, where is Miss Lin now? Why didn't you come here?" asked the Queen Mother.

Although she stopped her son's idea, if that little head really caught her eye, she could help her son win over the little girl into the harem.

After all, she is the Queen Mother of Weiguo, and she has to think about the future of Weiguo.

"Miss Lin has been running around for several days. Today she went shopping on the street again. She was a little tired. Her grandson arranged the yard for her and didn't come over." Sui Zimo replied.

"Yeah?"

The Queen Mother responded, how could she not know the true thoughts in Sui Zimo's heart.

Although they sounded so nice on the surface, in reality, they just didn't want to break up in public. Sui Zimo didn't want her to see Lin Caisang, and it wasn't like she couldn't guess.

"That's a pity, Mo'er. I wonder where Miss Lin lives? Who else is at home?"

she asked.

"Miss Lin's home..."

Sui Zimo lowered his eyes and thought for a moment before raising his head, looking at the Queen Mother with a look of embarrassment on his face.

"Royal Grandma, when my grandson brought Miss Lin out, he swore a poisonous oath to Miss Lin's family that he would never reveal their family's residence to others, otherwise, his grandson would die a good death.

The imperial grandmother has always loved her grandson, and she will definitely not let her grandson die under her own curse, right? "

"Well!"

The Queen Mother choked at his words and didn't know what to say.

How could she ask? There's no need to ask anything, right? Although she knew very well that these words were just Sui Zimo's excuse. He just didn't want her to find out where Lin Caisang came from.

Could she still ignore the life and death of this 'grandson' and insist on letting Sui Zimo tell Lin Caisang's origins?

"If Mo'er said so, the Ai family won't ask any questions." She said with a stiff smile on her face.

"It's just that Miss Lin is in Mo'er's palace. Mo'er must take good care of her and never wrong her. Miss Lin is a very talented person."

she warned.

"What the imperial grandmother said is true, please remember it, grandson." Sui Zimo responded.

"When leaving Miss Lin's hometown, my grandson also promised Miss Lin's family that he would protect Miss Lin's safety and would never let her suffer any injustice or let her see anyone she didn't want to see. .

However, the grandson's guarantees are unnecessary. According to Miss Lin's family, Miss Lin is very vicious. If anyone dares to bully her, there will be no return. .

On this point, my grandson should ask the guards in the palace to spread the word on the street, so that everyone can know Miss Lin's character and not come looking for trouble. "

As he spoke, he glanced at the Queen Mother meaningfully.

"this....."

The smile on the Queen Mother's face became even stiffer, almost unbearable.

The person Sui Zimo was talking about was not her, the Queen Mother. So far, she was the only one who came to Prince Mo's Mansion and asked Sui Zimo about Miss Lin's identity.

Of course, what Sui Zimo was referring to was the Emperor!

Her son is staying in the palace well, but he insists on giving some orders to Prince Mo's Mansion. Isn't this a scolding?
