

## Star of Space 1261

Chapter 1261 Came here to look for a daughter-in-law

Nowadays, Sui Zimo has long been out of her son's control. He will do whatever the emperor says? Do you still want Sui Zi to send Lin Caisang, whom he finally invited, to the palace?

Is this possible?

It's just a daydream!

"What Mo'er said is that after the Yi family returns to the palace, they will also talk to the emperor and ask the emperor to warn the empresses in the harem, so that they will not know that they have offended Miss Lin.

"My grandson has thanked the imperial grandmother for her thoughtfulness towards my grandson." Sui Zimo thanked him immediately.

...

The two sat and talked for a while before the Queen Mother got up and left.

"Your Majesty, why is the Queen Mother here?" Ban Jue flashed out from the side and asked his prince.

Sui Zimo just gave Ban Jue a cold look and sneered lightly.

"It goes without saying that this old guy is here to find a daughter-in-law for her son. Just look at how eager she is to find out the identity of the master."

Zhong You also walked in from the door, saying with an angry look on his face.

When she saw that the old guy had bad intentions, he still had the nerve to tell the prince earnestly. He really regarded his master as her daughter-in-law, didn't he? It's so shameless.

"What?!"

After hearing Zhong You's words, Ban Jue also screamed.

He thought that the Queen Mother came so eagerly to stop the Emperor's unrealistic ideas, but he did not expect...

Sure enough, this family is so vicious and terrifying if they don't enter the same family!

"Your Majesty, do you want me to teach her a lesson?" He looked at his master and asked.

The Queen Mother had only a few people with her, and she was riding in an ordinary sedan chair. If she wanted to stop her and give her a lesson, she could.

"No need."

Sui Zimo shook his head.

Naturally, he wanted to clean up those people in the palace, and it was not just as simple as cleaning up.

But now...is really not the time.

"Let them have some sweet dreams first."

The speaker was Lin Caisang who came in from outside. She held several books in her hand and handed them to Zhong You.

"Zhong You, please read these books first. When you have finished reading them, come back and tell me, and I will teach you other things."

"Yes, Master."

Zhong You took the book into his hands and responded respectfully.

"Exiled Jue, don't you think the more beautiful the dream, the more miserable it will be when you wake up?" Lin Caisang looked at Exiled Jue and asked him.

"Having said that, my subordinate is still angry!" Ban Jue curled his lips.

How could his mistress be something that an old man like the Emperor could imagine? He thought he was still a young man and could be compared with his master?

Pooh!

Even when the emperor was young, he was not as good as his master.

If the Empress Dowager had not overpowered the ministers back then, it is still uncertain who would have taken the throne of Emperor Wei.

"If you can't get angry, just do something else." Lin Caisang said.

"Something else?"

Ban Jue raised his eyebrows, wondering what the other thing Lin Caisang was talking about was?

"Your Majesty..."

"Sonny, come here."

Sui Zimo waved to Lin Caisang, and after Lin Caisang came to his side, he looked at Ban Jue.

"Go and bring the fifth young master from Prince Yi's Mansion, and he will be raised in Prince Mo's Mansion from now on," he ordered.

"ah?"

Hearing this, Ban Jue was stunned.

Wasn't the fifth son of Prince Yi's house mortgaged to Suyang by the emperor?

Chapter 1262 Can you give it a try?

This is like a relatively weak country sending the prince to a strong country to be a hostage. That is the emperor's purpose to check and balance Prince Yi's palace. His prince will snatch it away if he wants to?

Doesn't this blatantly tell the emperor that they have united with the national preceptor Suyang?

"My lord, is this... really okay?" He looked at Sui Zimo with sweat dripping and asked.

"What's wrong?" Sui Zimo asked him.

"Well."

Ban Jue was choked by his own prince's question to him.

Although the prince's words should be listened to, but...why does he feel that this approach is not good in any way.

"Mother..."

"Call Miss Lin!"

He was about to ask his mistress to persuade the prince, but unexpectedly, he was interrupted directly by Lin Caisang.

"Yes, Miss Lin."

Ban Jue hurriedly responded, almost forgetting the saying that walls have ears.

Although this is Prince Mo's Mansion, there are still a lot of mean eyes and ears in the Mansion, so it's best not to reveal Lin Caisang's identity.

"Here, take this."

Lin Caisang took out a porcelain bottle from his small bag and handed it to Ban Jue.

"This is....."

Ban Jue took it over hesitantly and looked at Lin Caisang.

"Tell Suyang to pour it into the fifth young master's food, and then send the fifth young master over."  
Lin Caisang said.

Banished: "!!!"

It turns out there is such a way, and he really saw it.

Give a medicine to the Fifth Young Master of Prince Yi's Mansion first, and then let Suyang carry the Fifth Young Master to come to seek treatment?

Now, even if the Fifth Young Master doesn't want to be left in Prince Mo's Mansion, he has no choice but to be left here, because in the end, whether he lives or dies depends entirely on the words of his mistress!

"Yes, I will take care of it now." He responded.

"Why."

After Ban Jue left, Lin Caisang sighed and looked at Sui Zimo.

"Brother Mo Lian, are you sure there are still big secrets in Princess Yi's mouth?" she asked.

"uncertain."

Sui Zimo shook his head. Naturally, he was not sure what Princess Yi, who was just a small chess piece, would know.

But the premise is that the truth is as Princess Yi said. She only received the order from her master to send him as an infant to Weiguo, and nothing else.

"But can I try?"

Lin Caisang raised his eyebrows and said to him.

Since it is something uncertain, you always have to give it a try to find out. As for Princess Yi, as long as the Fifth Young Master is in their hands, it is a key.

A key that can pry open Princess Yi's mouth.

"Um."

Sui Zimo nodded.

"Okay, I can only give it a try." Lin Caisang also nodded.

"Don't you still have things to do? I'm going to make alchemy too."

Since Princess Yi has the secret they want in her mouth, it's not good for her to save the person with her front foot, and someone else poisons the person directly with the back foot, right?

Therefore, one must refine an antidote pill to make all poisons lose their effect when they get close to Princess Yi.

Poor her, she just arrived and has to go to work again.

...

In the harem.

As soon as the Queen Mother returned to her palace, she lost her temper with everyone in the room.

"My Lady, why do you have to endure Prince Mo? Look at what he said to you today. It's so unreasonable. I think you should punish him!"

The old nanny was on the side. Instead of trying to persuade the Queen Mother, she fanned her rudely and lit the fire.

Chapter 1263 Bringing people into the palace

Because she really couldn't stand it. Why did Sui Zimo speak to the Queen Mother like this? You know, this is the Queen Mother of the Kingdom of Wei, and even the emperor wants to give the Queen Mother seven points!

Why should the little Prince Mo let the Queen Mother look at his expression?

"What do you know?"

When the Queen Mother heard what she said, she was no longer angry and glared at her.

If Sui Zi Mo was really as easy to deal with as they thought, why would she go to Prince Mo's Mansion to confront her son?

Not to mention the identity of Prince Mo, Sui Zimo, who has only been sealed for a few months and has already become so powerful. How many people in Shaohua City have to look at Prince Mo's face.

Moreover, Sui Zimo still has such a huge force as Jiulian Palace!

What's more, does Sui Zimo really only have the power of Jiulian Palace? Only her stupid son would believe this.

As for Sui Zi Mo, if he didn't have any influence outside, he would have expanded his influence so much just after returning to Shaohua City. How could he wish that everyone was afraid of him, Prince Mo?

He was doing it to show them, to warn them that Sui Zimo was not someone they could easily offend!

"Old slave, you talk too much." The old nanny quickly admitted her mistake.

But she felt that she was right. It was indeed Mrs. Sui Mo who didn't know how to praise her, and didn't even show respect for the Queen Mother.

The Queen Mother wanted to see that female doctor. That was her blessing. She still dared to give the Queen Mother a hard time. Do you really think that just a commoner would be a big deal? She just knows some medical skills.

There are so many people in this world who know how to heal!

"The Queen Mother, do you want to invite the Emperor here?" she asked.

"No need."

The Queen Mother shook her hand.

emperor? He knew that he had just returned from Prince Mo's Mansion and would definitely come here by himself. It was not like she had not given birth to those legs for the emperor.

What a pity...

The legs were born, but she really forgot to give her son an extra head. Otherwise, how could he do things that would be impossible to deal with in the end?

"Go to the door and greet him. The Emperor will be there soon," she explained.

"Yes, the old slave resigns."

The old grandma responded and went to guard outside.

...

Sure enough, not long after, the emperor came over. After sitting down beside the Queen Mother, he dismissed all the maids and eunuchs.

"Queen mother..."

"Okay, the Ai family knows exactly what is in your belly."

Before the emperor could open his mouth to say anything, the Queen Mother interrupted him and glanced at him coldly.

"Then... what does the queen think of the female doctor? Can she be allowed to come into the palace?" the emperor asked hurriedly.

Now that the female doctor is in Prince Mo's palace every day, he really can't feel at ease. If he doesn't bring her into the palace, are he still waiting for her to become Sui Zimo's confidant and then become his enemy?

This is naturally impossible.

"The Ai family has never seen that female doctor." The Queen Mother said to him bluntly.

"What?"

Hearing her words, the emperor seemed a little unbelievable.

The Queen Mother has already gone to Prince Mo's Mansion in person. How dare Mo at this age not let the Queen Mother see the female doctor?

Or is it that the female doctor is trying to bridge the gap with the Queen Mother? He didn't believe that even his imperial edict had been sent to Prince Mo's Mansion, and the people in Prince Mo's Mansion would not be able to guess his intentions.

"This King Mo is really too presumptuous!"

He frowned and cursed in displeasure.

Chapter 1264 I am the emperor!

"You, you..."

The Queen Mother looked at the emperor's appearance and was really angry with him.

"Emperor, you are so unwise in issuing this imperial edict. Do you think Suizi Mo will still care about your imperial edict now?"

"How dare he resist the decree?"

The emperor snorted disdainfully, thinking that was definitely impossible.

To put it bluntly, if Sui Zi Mo really dared to resist the decree, it would just give him a reason to destroy Prince Mo's palace.

The reason why Suizi Mo was named King Mo was to rescue King Lin. Little did he know that although King Lin was rescued, he got himself into huge trouble and actually killed Su Ri!

Although he already knew that all this was caused by King Jin and Concubine Lian, King Lin had already lost in the game with Sui Zimo, and now the only one who could help him up was King Jin.

Naturally, he would not do anything detrimental to himself. It would definitely not work to punish King Jin now.

"It would be fine if he dared to resist."

"you--"

The Queen Mother was almost angered by his words.

"Emperor, why don't you understand now? Even if Sui Zi Mo really resists the decree, so what, what can you do to him? Could it be that you just named him King Mo, and within a few months, you will kill him? The throne was removed?"

What do you regard as your own imperial edict? A big joke?

Furthermore, do you really dare to bring that female doctor into the palace? Just based on her friendship with Sui Zimo and her medical skills, do you think you can get any benefit from her?

Don't get half of the advantage, but she poisoned you to death. If you regret it later, it will be too late! "

She bombarded the emperor and explained everything clearly.

"Well."

After hearing the Queen Mother's words, the emperor's face turned green.

Why didn't he think of the female doctor's ability at that time? If she was really summoned into the palace, I'm afraid there would be endless troubles.

"You, you, emperor, what do you really want Aijia to say about you?"

The Queen Mother looked at her son with hatred, and really wanted to vomit a mouthful of blood.

"If you take the opportunity to build a good relationship with Sui Zimo, and then contact the female doctor bit by bit, and slowly win her over, that's not bad, and it's not too stupid.

But, how dare you directly issue an imperial edict to Prince Mo's Mansion? How old is the female doctor, and how old are you?

Do you think she would abandon the young and handsome boy Sui Zimo to fall in love with you, the middle-aged emperor? Why don't you even understand this? "

"Queen mother, I am the emperor!"

The Emperor did not agree with the Queen Mother's words.

He is the emperor, the supreme protector of the country. Who among the women in the world doesn't want to enter the palace to serve him and become his woman?

This is supposed to be glory, is that little girl still unhappy? I'm afraid that if she hears the news, she will happily come to the palace, right? !

In other words, it is not known that Sui Zimo, an evildoer, will cause trouble.

"You are the emperor, but you have your own palace, and you are also an imperial concubine, with four concubines." The Queen Mother said bitterly.

Not to mention these, I'm afraid he himself can't remember how many women there are in his son's harem, right? With such a harem, does he think he is so charming that he can make a female doctor fall in love with him?

Chapter 1265. The result is Princess Yi?

"Emperor, not everyone likes the power in the harem. Think about the way the female doctor looked at you when she came into the palace."

she asked her son.

"this....."

The emperor thought about it and realized that the female doctor was really indifferent to him, the emperor.

How to put it this way, that little girl didn't treat him as a person in power at all. She didn't do any saluting or kneeling, but he, the emperor, had to coax her with nice words!

"What does the Queen Mother mean? Is this the end of it?"

he asked.

"Of course we can't let it go like this." The Queen Mother said immediately.

No matter what, we can't take advantage of an outsider like Sui Zimo. The female doctor and the others must win over him.

"The Ai family heard that Sui Zimo took a female doctor to Prince Yi's Mansion today?" she asked.

"snort!"

Upon hearing this, the emperor snorted coldly.

"Have you heard about it too? This King Yi is getting bolder and bolder. He doesn't even dare to listen to my words. What do you think the Queen should do with King Yi?"

He asked the Queen Mother what she meant.

"Dispose of what?"

The Queen Mother asked him back.

"Even if the female doctors were involved in Princess Yi's illness, the emperor ordered people to send more supplements to Prince Yi's mansion. Prince Yi should also be more comforted."

she said.

"What?!"

The emperor couldn't believe his ears.

What did he hear and send supplements to King Yi's Mansion to appease King Yi? Is this what he, the emperor, should do?

"Queen Mother...are you trying to tamper with those supplements and directly end up with Princess Yi?"

he asked doubtfully.

"emperor!"

The Queen Mother frowned and stared at the Emperor displeased.

"Where is your sense of propriety as an emperor? Princess Yi is just a small role. The key is that the female doctor went to Prince Yi's palace, and you should win over the female doctor's heart.

Do you want the female doctor to think that you are a cruel and cruel emperor? "

"this....."

The emperor gritted his teeth and finally understood the meaning of his mother's words.

Just let him be a good person in front of the female doctor, and let her think of him as the emperor in a good way, right?

"Mother, I understand, I will order someone to do it."

"It's too late today, let's talk about it tomorrow morning." The Queen Mother thought for a while and then warned.

Originally she shouldn't have said this, but she was just afraid that her son would be too anxious, so sending the things to Prince Yi's Mansion today seemed too deliberate, and even she couldn't help but think too much about it.

And since Suizi Mo dared to take the female doctor to Prince Yi's Mansion, he must have known about Princess Yi's illness.

No matter what, the female doctor will definitely go to Prince Yi's Mansion tomorrow. It would be best if the things the emperor ordered were delivered to Prince Yi's Mansion at that time.

She believed that the emperor would handle this matter well.

"yes."

The emperor responded.

...

The next day, in Prince Mo's mansion.

"Master, Prince, you don't know what that old monster in the palace does. He could make our big teeth laugh out loud!" Zhong You said to Sui Zimo and Lin Caisang.

He followed his master's orders and went to Prince Yi's Mansion to deliver medicine with Ban Wu.

But he happened to meet the eunuch sent by the emperor to deliver supplements. He treated the people in Prince Yi's residence, including Prince Yi, with such arrogance.

The key is, just give the things as they are given, and you want the people in Prince Yi's palace to be grateful to the emperor. He told Prince Yi every word to be grateful to the emperor and remember to go to the palace to express gratitude.

Chapter 1266 A baby girl was born

That's not all. Before leaving Prince Yi's Mansion, he told the servants of Prince Yi's Mansion not to forget to always mention the emperor's kindness to Prince Yi's Mansion, and let his master, a female doctor, know the emperor's tolerance and love for his ministers. .

Every time he thought about the words he heard, he wanted to laugh!

"Okay, you've had enough laughing, go read a book." Lin Caisang said to him.

In fact, she really didn't expect that the emperor could do such stupid things. Is it because he was afraid that others wouldn't know how naive and stupid he was?

"Yes, disciple, please retire." Zhong You retreated.

"Exiled Wu, did anything happen in Prince Yi's palace?"

After Zhong You left, Sui Zimo looked at Fei Wu who was still standing beside him and asked.

"Nothing else has happened, it's just..."

Exiled Wu shook his head at first, but quickly continued his hesitant words.

"One of my subordinates found it strange. After the emperor ordered the supplements to be delivered, Prince Yi actually placed those supplements intact in the warehouse, and the steward of Prince Yi's Mansion actually took one of them and prepared it. Stew it for Princess Yi to drink."

He really couldn't understand this.

Is this Prince Yi afraid that his princess will not be poisoned to death by the emperor? Even if you can't give random orders in front of the eunuch who delivers the supplements, you can always dispose of those things after leaving the eunuch's sight, right?

Is it possible that the majestic Prince Yi's Mansion still lacks some supplements?

Lin Caisang: "..."

Listening to Ban Wu's words, she was also speechless.

In Prince Yi's Mansion, the life of Prince Yi and his wife is really worse than that of ordinary people.

"This can only mean that the steward of Prince Yi's Mansion is someone sent by the emperor, and Prince Yi and Princess Yi also know the inside story." She said to Sui Zimo.

Of course, this was said to Ban Wu, and it was impossible for her brother Mo Lian not to guess the key point.

"Has Princess Yi taken that tonic?" Sui Zi Mo asked Ban Wu.

"I ordered people to keep an eye over there, but I haven't received a reply yet." Exiled Wu replied.

Tonic cannot be stewed all at once, and he followed Zhong You to deliver the medicine, but came back not long after, so naturally it was impossible to see it.

But he has ordered someone to keep an eye on her, and he will surely get a reply soon. If Princess Yi really dares to drink the tonic given to her by the emperor, then this woman's courage is really commendable.

"What about the others?" Lin Caisang asked.

"other....."

Ban Wu's eyes dimmed slightly and he snorted coldly.

"Miss Lin, my subordinate also inquired about something, but I don't know if it is true or not."

"What's the matter?" Lin Caisang asked immediately.

"My subordinates found out that Princess Yi gave birth to a baby girl, but the Fifth Young Master was actually a boy. I wonder if there is something weird in this, or if the people in Prince Yi's palace are just talking nonsense."

Ban Wu said.

Naturally, he didn't think that person was talking nonsense. She was the maid who had served Princess Yi for more than ten years. How could she say this if she hadn't seen it with her own eyes.

"Baby girl?"

Lin Caisang raised his eyebrows and looked at Sui Zimo.

"Brother Mo Lian, what do you think?" she asked.

Sui Zimo did not answer her words, but focused his eyes on Fei Wu.

"Exiled Wu, you are becoming more and more capable. Can you find out about such secret things?" He said quietly.

Chapter 1267 Being smart!

"Well.

Ban Wu choked at his own prince's words.

The next moment, he immediately figured it out.

Just as he thought just now, the maid was an old man who had been with Princess Yi for many years. How could she say these words to a stranger like him? Even if she mentioned it accidentally, it was impossible.

The only possibility is that that guy did it on purpose, deliberately telling him this 'fact' that was not a fact and asking him to pass it on to his prince!

Depend on it!

This is really treating him like a sick cat. Is he as stupid as those people think?

still.....

Looking back and thinking about it, he was really stupid. No, he didn't even hesitate and just told his master and mistress.

"My lord, King Yi is quite smart."

The Fifth Young Master hasn't been brought into the mansion yet, but over there, King Yi and Princess Yi have given him such a hard time!

"It's just that cleverness is mistaken for cleverness." Lin Caisang curled his red lips and said.

Each of these people think that they are the smartest people in the world, but they have forgotten the saying: There are people outside the world, and there is a sky outside the world!

"Miss Lin is right, that subordinate went out to do something." Ban Wu responded and went out.

"Brother Mo Lian, what do you think about this?"

Seeing Wu Wu leaving, Lin Caisang looked at Sui Zimo again and asked.

"Being smart!"

Sui Zimo said four words calmly.

Do you want them to believe that Wu'er is just the son of Prince Yi's palace? Little did he know that this point had been destroyed by Princess Yi's move.

"It seems that the identity of this fifth young master is really not simple." Lin Caisang raised his hand and touched his chin.

If it were just a child from Prince Yi's palace, Prince Yi and Princess Yi would just have to have a good relationship with the national teacher Suyang. Why do they need to do something like this in front of them?

Or in other words, there are several children in Prince Yi's palace, why did the emperor not like any of them, but just chose the youngest fifth son and put him in the Imperial Master's Palace?

What does this mean?

"I'm afraid it's not that simple to find out the identity of the Fifth Young Master. It seems that the only way is to get the person to us first. We have to talk about the rest."

"Jiang Zuo."

Sui Zimo called out, and Jiang Zuo came in immediately outside.

"My lord, what are your orders?"

"Go to the palace and pick a boy of similar stature to Wu'er and send him to Suyang." Sui Zimo ordered.

"Brother Melian, what do you mean..."

After hearing his instructions, Lin Caisang raised an eyebrow and looked at him.

What he meant was that he could skip the step of poisoning and asking Su Yang to send the people to Prince Mo's Mansion. He could just find someone to replace the Fifth Young Master and get the people to Prince Mo's Mansion.

But in this case, won't anyone doubt it?

Not to mention that the emperor's people would keep an eye on the Fifth Young Master in the Imperial Prefect's Residence. Even the two from Prince Yi's Residence would not let the Fifth Young Master stay in the Imperial Preceptor's Residence without any care, right?

"Your Majesty, the person can be found, but the Fifth Young Master is the Fifth Young Master after all. It would be difficult to replace him directly," Jiang Zuoye said.

"A little difficult?"

Sui Zimo raised his eyebrows and glanced at Jiang Zuo.

"What does that have to do with you?"

"Well."

Jiang Zuo choked at his prince's words.

Yes, what does this have to do with him? So what if the Fifth Young Master has changed his appearance, Ziyong Suiyang will explain to people outside that he has nothing to do with him.

Chapter 1268 Got it!

To put it bluntly, even if the emperor knew that the Fifth Young Master was in Prince Mo's mansion, could he still open his mouth to ask for help from his prince openly?

This is naturally even more impossible.

"My subordinates will do it now."

"Wait a minute."

Just as he was about to leave, Lin Caisang stopped him.

"Miss Lin, do you have any other instructions?"

He turned to look at Lin Caisang and asked.

"Let's see, even if we want to change people, it's better to do nothing. I still have some skills in disguise. You can bring the child you found, and I'll disguise him first. After all, I have also seen the fifth young master Suyang over there."

Lin Caisang said.

"Yes, Miss Lin."

Jiang Zuo responded and immediately went out.

...

After Jiang Zuo brought the child over, he was stunned when he saw Lin Caisang using his disguise technique on the child's face.

"Lin...Miss Lin, are you sure you have met the fifth young master?"

He looked at Lin Caisang with some stuttering, and after hesitating for a long time, he still asked.

Looking left and right, up and down, he didn't realize how much the child he brought back from the palace looked like to the Fifth Young Master, let alone being disguised to look exactly the same.

"Of course, when I went back to the Imperial Preceptor's house last time, I saw the fifth young master right in front of me." Lin Caisang said with satisfaction as she looked at the child she had made easy for.

Jiang Zuo: "..."

Why didn't he feel anything at all?

"Miss Lin, that fifth young master doesn't look like this," he reminded.

"I know."

Lin Caisang nodded, saying that he knew the appearance of the fifth young master very well.

"It's enough to make it almost the same, but it has to be exactly the same, so why bother?"

"Well."

Jiang Zuo was stunned by her words. He was really confused.

If it doesn't have to be exactly the same, then why let him bring people over to disguise themselves?  
This is not a joke on him.

"Your Majesty..."

Turning his head, he looked at his prince who had been sitting next to him without speaking.

"Sang'er, that's it, let Jiang Zuo take him to the Imperial Preceptor's Mansion." Sui Zimo didn't even look at him, but pulled him back to his side as if he didn't want Lin Caisang to be too tired. .

Jiang Zuo: "!!!"

What are his two masters doing, and why does he not understand it at all even though he has the same head as them?

"Miss Lin..."

"Jiang Zuo, why do you have so many questions?"

Lin Caisang took a deep breath, stared at him and asked angrily.

"Why do you make them exactly the same? Are you afraid that the emperor and the two people from Prince Yi's Mansion will get the news that someone is in Prince Mo's Mansion too soon?"

"Uh, Prince, Miss Lin, what do you mean? You have to let your subordinates understand it before we can do anything." Jiang Zuo really didn't understand what the two of them meant and continued to ask.

"The identity of Wu'er is probably only known to the emperor and the two people from Prince Yi's Mansion. If that's the case, then if we want to know Wu'er's identity, who should we break a hole with?"

Lin Caisang asked him back.

"This... subordinate understands!"

Suddenly, Jiang Zuo's eyes lit up, and he immediately understood why Lin Caisang wanted to give this child a face that was different from the five young masters, but also had a lot of imagination.

He just wants the emperor's people and the people in Prince Yi's Mansion to find out that the Fifth Young Master in Su Guoshi's Mansion has been replaced.

Chapter 1269 It's only a ghost if I didn't mention it!

And the person who is most likely to replace the person is Prince Mo's Mansion, his prince Sui Zi Mo!

"Your Majesty, Miss Lin, you are so upset, this subordinate is really..." He looked at the two of them speechlessly and sighed inwardly.

Just now, he thought that the child was too unlikeable to be disguised, but if it was just to make the emperor and others suspicious, then this little resemblance would be enough. A nine-point resemblance with a deep resemblance and a false resemblance would be the easiest to confuse people. .

"What did you say?"

Lin Caisang narrowed his eyes and looked at Jiang Zuo.

"Well."

Jiang Zuo immediately tensed up his back and quickly shook his head.

"No, it's nothing. I didn't say anything. I went to do some work. [6] [9] [s] [h] [u] [x] [.] [c] [o] [m]"

With that said, he took the child out, preparing to go to the Imperial Master's Mansion immediately to exchange him.

...

In the Imperial Prefecture.

When Su Yang saw the child brought over by Jiang Zuo, his brows were already furrowed.

Prince Mo and Miss Lin really dare to think and do anything. They had previously sent someone to tell them to spread a bag of poison directly to the Fifth Young Master, and then send them to Prince Mo's Mansion.

He almost threw the medicine into the Fifth Young Master's mouth, and then came to tell him that there was no need to go to such trouble.

At that time, he quickly ordered someone to snatch the food away from the baby's mouth, and he almost broke out in a cold sweat.

Now, he has been given a child who looks similar, but feels something is wrong about everything. What kind of trouble is this going to cause?

"Jiang Zuo, what exactly do your princes think?"

As for this child, he can guarantee that it will be revealed before tomorrow. What secrets can there be?

"The prince only ordered his subordinates to bring the Fifth Young Master back to the mansion. He did not give any other orders." Jiang Zuo replied bluntly.

Suyang: "..."

He finally realized that if he cooperates with that guy Sui Zimo, his lifespan will be shortened by a lot!

"Then he always said how to arrange the child you brought, right?"

he asks.

"Your Majesty never mentioned it," Jiang Zuo replied.

"Didn't you mention it?"

Su Yang raised his eyebrows in surprise and looked at Jiang Zuo with sweat on his face.

It's a shame if I haven't mentioned it before!

Isn't Sui Zimo afraid that the emperor will ask him to come to the palace tomorrow to have a good chat? Or maybe it could be said that Sui Zimo was not afraid of anything now that Miss Lin was at home?

But he knew that the emperor had already issued an imperial edict to Prince Mo's Mansion, inviting Miss Lin to enter the palace.

This discerning person could tell at a glance what the emperor was thinking. At this time, Sui Zimo still dared to charge forward with a gun.

That's not to say you're not bold!

"Jiang Zuo, you can't do this. If you don't explain it clearly to the national teacher, what will the national teacher do?"

He couldn't just ignore everything and just treat this child as the fifth young master and just throw it aside, right? In this case.....

"Tsk!"

Suddenly, he clicked his tongue softly as if he thought of something.

"So that's what it means. Tell your prince, my master understands."

It turns out that that guy just made the emperor and others suspicious?

But he really didn't understand why Sui Zimo cared so much about just the fifth young master of Prince Yi's palace?

Of course, in addition to Sui Zimo and Lin Caisang being particularly concerned about the Fifth Young Master, he also discovered that the Emperor was also particularly concerned about the fifth Young Master.

Otherwise, just based on this child's status as the fifth son of Prince Yi's palace, would the emperor send so many pairs of eyes to his palace to keep an eye on him, both covertly and covertly? Of course it's impossible!

Chapter 1270 Surrender

Needless to say, the two people in Prince Yi's mansion were also brave enough to put all their people in his mansion.

However, he turned a blind eye and pretended that he knew nothing.

"In this case, I will take the fifth young master and leave."

Jiang Zuo glanced at the little guy who was sleeping soundly on the big bed in the room, and said something to Su Yang.

"good."

Su Yang nodded and watched Jiang Zuo leave with the Fifth Young Master in his arms.

"Steward Xin, please order someone to make arrangements for this young master."

After explaining to Butler Xin, he left this room that he had not been to several times.

Later, Butler Xin gave a simple explanation to the servants waiting on him, and then followed his master's footsteps out.

"Sir, you just let Prince Mo take the Fifth Young Master away?"

"if not?"

Suyang paused and asked him.

Judging from the attitudes of the Emperor, Sui Zimo, Prince Yi and Princess Yi, this fifth young master is not a simple person.

Such people are like hot potatoes. If you don't throw them away quickly, do you really want to keep them for the New Year?

I'm afraid that if he doesn't stay for the New Year, he will be burned to death by this extra-large potato, right?

"Then... what are you talking about outside? The emperor's people are still watching." Butler Xin asked.

"What can I say? My national master doesn't like this kid. How does he have anything to do with my national master? Tell them and let them be more alert. After so many years in the national master's office, what should and should not be said? , always know."

Suyang warned him.

"Yes, sir, I understand."

When Butler Xin heard what his master said, how could he not understand it?

He just pretended that no one from Prince Mo's mansion had been here and didn't know about the Fifth Young Master being replaced, and that was fine.

...

In Prince Mo's Mansion.

The Fifth Young Master has been here for two days.

From the first day they came here, they were so quiet that now, Jiang Zuo, Fei Wu and the others have completely surrendered to this little guy.

"Jiang Zuo, why don't you give him a shot to knock him out?"

Ban Wu didn't care whether the person making trouble in front of him was a child or not, he suggested to Jiang Zuo beside him.

Hearing this, Jiang Zuo just rolled his eyes at him.

"You think I don't want to?"

He raised his eyes and looked at the fifth young master who was making a fuss about going home from morning to night. He really had the urge to strangle the person unconscious.

It's no wonder that when I brought the child back from the Imperial Prefect's Mansion that day, I saw that the child was asleep. It was because Suyang ordered someone to give the little guy medicine that he fell asleep!

This little guy kept making noises as soon as he woke up. There was really nothing we could do about him.

"Otherwise, go find Miss Lin to find a solution?" he suggested.

The key is, this guy doesn't know his identity, he can't hit him, and he will cry even more miserably if he scolds him. They really have no way to start.

You can't give him a shot to knock him out whenever he makes a fuss, right?

The little guy had to lie down and sleep on the bed for twelve hours a day, and he didn't even have to eat.

"bad idea."

When Ban Wu heard his words, he was even more speechless.

What kind of mistress is this guy, someone who specializes in coaxing their children?

If their prince knew that they couldn't handle a child, they would have to ask their mistress for advice, and they would not be able to send them to the end of the world!

"This is a bad idea, do you have any good ideas?" Jiang Zuo asked him.
