

Star of Space 1271

Chapter 1271 I'm about to break out in a cold sweat

Here, how many of the maids in the mansion have been driven away by the little guy? Everyone can't stand this little guy.

"I....."

Ban Wu curled his lips and was speechless.

What can he do? Maybe in a few days, this little guy will make enough noise and know that he can't get out no matter what, and he will settle down, right?

After all, this little guy will never starve to death.

Because as long as it's time to eat, the little guy will sit down and eat quietly, and as soon as he's done eating, he'll start making a fuss and go home again.

"Could it be that he has always been so noisy in the Imperial Preceptor's Mansion?"

Jiang Zuo couldn't help but ask himself.

"nonsense!"

Ban Wu rolled his eyes at him, feeling that what he said was really no different than what he didn't say.

If this little guy would be at peace in the Imperial Master's Mansion, would Suyang drug him? There must have been a commotion. If it hadn't been for the drug, no one would have been able to get out of the Imperial Master's Mansion.

"you say....."

"What's going on, Brother Jiang Zuo, Brother Ban Wu, you guys brought someone here, and they made so much noise that my medicine almost got mixed up."

Just when Ban Wu was about to say something else, he heard a voice coming from outside the yard. Zhong You walked in while asking.

The two looked at each other and almost looked away. The courtyard where Zhong You lived was next door to this courtyard. He could hear any movement in this courtyard immediately.

"Did I disturb you?"

"Can you stop making noise? Who is this kid? Why is he so noisy?" Zhong You looked at the little guy who was blocked by several guards and maids but still wanted to rush out of the yard.

Just as he came in, the guards and maids flashed, and the little guy caught him and ran out.

He stretched out his hand, grabbed the person, and threw him back to those people.

"Let me go, you bad guys, bad guys. My father will not let you go. He will definitely kill you all to avenge me!" The little guy failed to escape and could only yell at the guards and maids. .

"Tsk."

Zhong You clicked his tongue and looked at Ban Wu and Jiang Zuo.

"Isn't this child the fifth young master of Prince Yi's palace?"

He asked, looking at Wu Wu and Jiang Zuo raising their eyebrows at the same time, and couldn't help but break into a cold sweat.

"Why are you so noisy? How old is this child? Why did Prince Yi's Mansion raise such a child?"

Even if they leave home, six or seven-year-old children should already understand some principles, right? Doesn't he know that being so noisy will bring disaster to his father, the queen, his mother and his concubines?

"Who knows?"

The two of them shrugged at the same time, saying that they couldn't understand how this child had such strong energy.

"Is it time for dinner?"

Ban Wu asked Jiang Zuo that only at three o'clock every day when eating, could the child let the adults take a break and take a breath.

"That's almost it."

Jiang Zuo nodded, stood up, and walked out.

"Brother Wu, I don't think this kid can do this. We have to find a way to calm him down," Zhong You said.

Otherwise, he would be so noisy all the time, not to mention several adults would be dragged down by him, even he would be tired, right?

When the master and the prince brought this child here, they didn't want him to come to Prince Mo's palace to endure hardships and make himself miserable. They had to think of this method, right?

"I want it too."

Ban Wu was helpless, didn't he want this child to calm down?

Chapter 1272 Are you really going to get a hound?

For this little guy, he personally went to the Imperial Master's Mansion to ask Butler Xin for advice. The solution he got was to find more servants and watch the little guy in batches. There was no other way!

"I can't coax her well. I've tried everything that children like, food, play, and use, but it doesn't work.

It's not that he can't eat well. As long as it's time to eat, the little guy will naturally settle down. But at other times, no matter how delicious you give him, he won't want it!

"I almost want to fetch a hound in the backyard to scare him, but this method has never been used."

He said honestly.

"hound?"

Zhong You murmured and turned to look at the little guy.

Seeing that when he heard the hound, all his movements paused unconsciously.

He blinked, then blinked again, to make sure that the scene just now was not his hallucination. Then he looked at the little guy steadily and continued to speak to Fei Wu.

"I remember there are several hounds in the backyard, right? Then let the hounds guard outside the yard, and then leave this little guy in the yard and let him make trouble on his own."

Hearing this, Ban Wu's eyes suddenly lit up.

Why didn't he think of this good idea? Although this little guy was very noisy, he was also very precious about his life. He watched the little guy not miss every meal, eating a big bowl every time, including meat and vegetables. Eat with it.

If the hounds were tied directly outside the yard, many people would be saved from exhaustion.

"That's a good idea, I'll do it right away."

With that said, he stood up and walked out of the yard.

Zhong You: "..."

Seeing that Ban Wu thought he was leaving as soon as he came out, he hurriedly followed him.

"Brother Wu, please wait!"

"Is there anything else, Zhong You?"

Ban Wu was finally stopped by Zhong You outside the yard and turned around to ask him.

"Are you really going to get a hunting dog?" Zhong You was speechless.

"What can we do? Isn't this your idea? I think it's pretty good." Ban Wu said.

He thought this idea was really good. Anyway, he didn't want to waste time with this little guy, and he couldn't ask his mistress for help. How could he and Jiang Zuo, two grown men, raise such a noisy child?

After all, in the Ruoda Prince Mo's Mansion, he didn't just have to settle this little guy, there were other things waiting for him to do.

"What's good?"

Zhong You was amused by his words.

"The little guy is smart. The hounds can only defend themselves for a while. If this little guy throws a few pieces of meat to the hounds every day, he will soon become familiar with the hounds. Isn't he blind in vain?"

That's what he did in the beginning. Now those hounds listen to him and wag their tails when they see him!

"Is he that smart?"

After hearing what he said, Ban Wu glared and asked.

"What should we do? Zhong You, you don't know that in the past two days alone, I have mobilized thirty guards and thirty maids in the mansion to keep an eye on this little guy."

"No need to bother." Zhong You shook his head.

"Didn't you notice that when the Fifth Young Master heard us mention hounds, the look in his eyes was not fear at all, but excitement?"

"ah?"

Ban Wu opened his mouth wide and looked at Zhong You.

He really didn't notice this, because now his mind was full of how to coax this little guy.

Chapter 1273 Go home, where?

"I'm telling you, go to Master. She seems to have a black panther next to her. Go borrow it and use it. Then talk to the little guy about the terms. I think the little guy will settle down."

"Black Panther?"

Ban Wu blinked.

He knew that there was a black panther beside his mistress, but so what?

"Listen to me, bring the Black Panther to the Fifth Young Master, and tell him that if he stops making trouble, let the Black Panther play with him. If he still makes trouble, take the Black Panther away and let him choose it himself."

Seeing his doubts, Zhong You said again.

"Can you still do this?" Ban Wu was shocked.

However, no matter what method it is, you can always give it a try. He was almost fainted by this little guy.

"Okay, I'll go find the master right now...Miss Lin!"

With that said, he left Zhong You and walked away alone.

...

Not long after, in Sui Zimo's study.

"Are you making a fuss?"

Lin Caisang just raised his eyebrows lightly after listening to Ban Wu's words.

"Yes, Your Majesty, Miss Lin, you don't know how noisy that little guy is. He keeps clamoring to go home and wants to go home. No matter what, he can't be comforted."

Ban Wu complained whenever he got the chance.

It was a good thing that could be done immediately, but because the little guy made such a fuss, he felt like he had stabbed the yellow lotus nest, and his whole body was filled with a bitter taste!

"No, I heard from Zhong You that there was a black panther next to Miss Lin, so she wanted to go to the fifth master to coax him. I felt that the fifth master should be quite interested in the black panther.

"You want Xiao Hei from me?"

Hearing this, Lin Caisang chuckled and glanced at him.

She had never heard of pulling a leopard to play with children. This was the first time she heard of it.

However, if this was Zhong You's advice to Ban Wu, it would definitely be correct, proving that the little guy did have a deep interest in wild beasts.

Zhong You always sees people very accurately.

"Yes, yes, Miss Lin, your side..." Ban Wu nodded quickly.

"No problem, you can take Xiao Hei away."

While he was talking, a black panther appeared next to Lin Caisang, and he swallowed a big mouthful of saliva as he looked at Ban Wu.

"My subordinate, please leave now."

He really didn't understand why there was such a terrifying thing following his mistress?

Look at the look in his prince's eyes...

No, his prince didn't even give Black Panther and him a look, he just looked at his mistress with doting eyes.

"etc."

Just when Ban Wu was about to leave with Black Panther, Sui Zimo stopped him.

"My lord, do you have any other orders?" Ban Wu turned around and asked.

"Go and find out, where does Wu'er mean to go home?" Sui Zimo asked.

"ah?"

Exiled Wu was stunned when he heard the order.

Where else can I go back? It must be back to my own palace, Prince Yi's palace?

Is it possible that the Fifth Young Master still wants to return to the Imperial Master's Mansion and live a life of being watched all the time? This is of course impossible.

"What the prince means is..."

"Go and do it."

Sui Zimo didn't give him a chance to speak and interrupted him with two words.

"yes."

Ban Wu responded and went out with Black Panther.

"Brother Mo Lian, do you think that when Wu'er said he was going home, he was not going back to Prince Yi's Mansion, but to some other place?" When there were only two people left in the secretary, Lin Caisang asked Sui Zimo.

But even she didn't expect this.

Because Wu'er came from Prince Yi's Mansion, when he talked about going home, everyone would intuitively think that it was Prince Yi's Mansion that he wanted to go back to.

Chapter 1274 I want to play with the black panther

And don't everyone in the Imperial Preceptor's House think so?

But what if the return home Wu'er said was not to Prince Yi's Mansion, but to some other place?

Then this matter really needs to be investigated carefully, although they can't find anything now.

"perhaps....."

Sui Zimo only uttered two words and did not say anything else.

...

In the courtyard of Prince Mo's Mansion, where all the servants had one head and two heads, the Fifth Young Master no longer made a fuss, because he was eating at the moment.

Jiang Zuo, who was sitting not far away, couldn't help but sigh as he looked at the fifth young master who was eating quietly.

"It would be great if this little guy could always be so quiet!"

Although he is small, his lips are red and his teeth are white, and he is so adorable. If he could be more lovable, everyone would be willing to pamper him, right?

But unfortunately, he has a noisy temper!

"Jiang Zuo, what are you muttering about?" Exiled Wu just came back and heard his muttering.

"I'm...scared!"

Jiang Zuo turned around to answer his words, but when he saw the huge black panther following Ban Wu, he was so frightened that he jumped up from the stone bench.

"Exiled Wu, although that little guy is quite annoying, you can't scare him with such a scary guy. He's still a child. You...Prince and Miss Lin are really the same, why are they just letting you do it? "

Such a big black panther would have frightened him when he first saw it, let alone a child.

This person, Ban Wu, is too violent and stubborn in everything he does!

"you....."

"A black panther, it's really a leopard!"

What he wanted to say was interrupted by an excited voice.

Before he had time to react, when he felt a small figure about to pounce on the huge thing, he stretched out his hand and wanted to pull the little guy to his side, but he was not as fast as Wu Wu.

With only a flash of banishment, Wu caught the fifth master in his arms, making him unable to get close to the black panther.

"Let me go, I want to play with the black panther, you are all bad guys!" The fifth young master struggled in his arms, trying to get off, but he couldn't get away no matter what.

Jiang Zuo: "..."

What did he hear? The little guy actually wants to play with the black panther?

This is really a child who was pampered by the two unscrupulous masters of Prince Yi's house. He is not even afraid of danger. That is a black panther, a beast that can bite and eat people. He still wants to play with it?

"If you are obedient every day and live in this yard, I will let you play with it, how about it?" Exiling Wu's voice sounded in his ears.

The Fifth Young Master was stunned for a moment, then quickly frowned, as if he was very unhappy.

"If you don't agree, that's easy. I'll just take it away and you'll never see it again."

The voice of banning Wu rang again, and the black panther, as if it could understand the words of banning, turned around and walked out of the yard.

"Okay, okay, I promise to live in the yard and stop running around."

After all, he was a child. When he saw that the black panther he liked was about to leave, he didn't care about anything else and hurriedly spoke out, hoping that the black panther would come back.

Hearing this, Ban Wu's thin lips curled up slightly.

He said to himself: This little guy is just like what Zhong You said, he is really easy to coax.

It's just that the method of coaxing him is really a bit... no, it's very special! Xiaoya actually likes something as scary as a black panther.

Chapter 1275 Prince Niu's Mansion

And Jiang Zuo on the side: "..."

He listened to the little guy's words with his mouth open. It was obviously a very simple sentence, but he didn't seem to understand it.

"Exiled to martial arts..."

I want to ask Ban Wu, who gave him such a terrible idea that could rescue them? This is definitely not what ordinary people can imagine.

However, before he could speak, Fei Wu glanced at him with cold eyes, causing him to be silent for a moment.

"Fifth Young Master, this black panther is called Xiao Hei. It is Miss Lin's favorite thing. During your stay in the palace, you can play with it. Miss Lin asked your subordinates to tell you that you must treat it well. , you can't bully it, do you understand?"

Ban Wu patiently explained to the Fifth Young Master.

"oh oh."

The Fifth Young Master immediately responded and struggled to get off Ban Wu's body.

He looked at Ban Wu and Jiang Zuo, then at Xiao Hei, then walked cautiously towards Xiao Hei, approaching him slowly.

Jiang Zuo: "!!!"

Exile Wu, please tell me clearly, when a man and an animal are together, who will bully whom? The fifth young master's small body is enough for Xiao Hei to bite him a few times, right?

But unfortunately, the little guy is not afraid of the black panther at all.

"Fifth Young Master, you play with it first. There is one more thing."

Seeing that the little guy was now focused on playing with Xiao Hei, Ban Wu was not too wary, so he slowly approached him.

"The prince and Miss Lin heard that you have always wanted to go home. They asked me to come over and ask you where your home is. I can also order someone to find out and then send you home."

Jiang Zuo: "???"

No need to ask, the little guy's home is Prince Yi's Mansion?

But now they can't send the little guy to Prince Yi's Mansion. What's more, this little guy is not the person wanted by the master and the mistress. How can he be sent back so easily?

Of course this is impossible!

However, as soon as he opened his mouth to block out the words of banishing Wu, he only received the little guy's answer.

"My home is my home, Prince Niu's Mansion, don't you know?"

Jiang Zuo: "..."

What the hell is Prince Niu's Mansion? Isn't it Prince Yi's Mansion?

The word 'Niu' and the word 'Yi' have two completely different sounds. No one can hear them wrong!

Ban Wu: "!"

Sure enough, the prince's guess was right. This little guy was really not the fifth son of Prince Yi's family.

Fortunately, the prince was smart and asked him to ask. Otherwise, they would never have thought that the little guy's return home was not to Prince Yi's Mansion at all, but to some other place.

"Prince Niu's Mansion?"

He looked at the little guy in surprise.

"Aren't you the Fifth Young Master of Prince Yi's Mansion? How did you come out of Prince Niu's Mansion? Where is Prince Niu's Mansion?"

"I'm not the fifth son of Prince Yi's Mansion. I came here with my uncle. My uncle asked me to live in Prince Yi's Mansion first, so I stayed there. But it's been two years and my uncle hasn't come to pick me up. I don't know. When will you pick me up?"

After rolling around a few times with Xiao Hei, the little guy knew everything about banning Wu.

"Do you know where Prince Niu's Mansion is?" Ban Wu asked again.

"Prince Niu's Mansion is Prince Niu's Mansion, my father is in Prince Niu's Mansion, where is it..." The little guy shook his head, saying that he didn't know either.

When Ban Wu heard what he said, he was helpless.

I don't know where he is, how can he reply to the prince?

However, the little guy said that he had lived in Prince Yi's Mansion for two years, so it was reasonable that he was quite young when he was sent to Prince Yi's Mansion, so he couldn't remember some things.

Chapter 1276 Why don't you believe it?

"My name is Ban Wu. You can call me Uncle Wu. What about you? What's your name?" He asked again.

If you can't tell anything else, you can always tell me your name, right?

"My name is Yin Baiqing."

...

"Your Majesty, Miss Lin, this is what I asked about."

In the study, Fei Wu told the two of them everything he asked.

After hearing his words, Sui Zimo just looked at each other with Lin Caisang. The indifferent look in his eyes said everything. This was what he expected.

"This Prince Yi's Mansion is so bold!" Lin Caisang couldn't help but say.

If Yin Baiqing is not the fifth young master of Prince Yi's palace, then his identity is really easy to guess. To be related to Princess Yi, a woman from Qianhuan Continent, Yin Baiqing is not only from Qianhuan Continent. , where else could it be?

"Brother Mo Lian, it seems that Princess Yi is still connected with people from Qianhuan Continent." She guessed.

Although it was just a guess, she knew in her heart that this was a fact.

"Um."

Sui Zimo nodded.

Come to think of it, Princess Yi was the one who followed the emperor's wishes and stayed to keep an eye on him secretly, right?

And when the emperor sent King Yi to throw him outside, King Yi also got the secret instruction of Princess Yi to put him in Ye County, and secretly watched him for a month to make sure that he could settle down in Yacun. Just left.

Then this kind of kindness is not considered kindness.

"You step back first."

He looked at Ban Wu and ordered.

"My subordinates resign."

Ban Wu retreated.

"The water in Prince Yi's Mansion is deeper than the palace." Lin Caisang said.

Judging from Yin Baiqing's true identity, the head of Prince Yi's palace is Princess Yi, right?

As for King Yi, he had been assimilated by Princess Yi a long time ago, or in other words, he was lured by Princess Yi with benefits, and he had become just like the people of Qianhuan Continent.

"It's just that I don't understand why the emperor wanted to poison Princess Yi?" she asked.

"He doesn't know Princess Yi's true identity." Sui Zimo said.

Only this explanation can explain why the emperor wanted to kill Princess Yi.

The emperor must have thought that Princess Yi was the weak woman who was forced by him to marry King Yi, but had no ability to fight back.

Now that he is back, in order to prevent him from getting the secret of his identity, the emperor can only eliminate those who know the secret, and Princess Yi is the one who knows his secret and may betray the emperor at any time.

"Brother Mo Lian, do you think Princess Yi is really incapable of spiritual cultivation? Why don't I believe it?" Lin Caisang raised his doubts.

"Don't quite believe it?"

Sui Zimo chuckled, feeling that his son's words were becoming more and more humorous.

It's not that I don't quite believe it, it's that I simply can't believe it!

"Except for the secret of my life experience, I can't believe a word of it!" he said.

"Uh-huh."

Lin Caisang quite agrees with this point.

After coming here, she couldn't believe anyone except her brother Mo Lian, and that Princess Yi...

"She should be able to detoxify her body. She is still living half-dead. It's really her!" She sighed.

"Ah."

Sui Zimo chuckled lightly.

"The Exile Jue has blocked many people who came to seek medical treatment for you, and among them, there are many people who deliberately poisoned themselves in order to invite you to the mansion for medical treatment."

he said.

"It turns out that she really came after me."

Chapter 1277 Let you die more happily!

Lin Caisang found out the truth.

Princess Yi should know that since she entered the mansion with Sui Zimo, the relationship between the two must be good.

And Sui Zimo had already had a falling out with the emperor. They couldn't tolerate each other, so she deliberately took advantage of the emperor's poison to get close to her.

"But, how could she know that you would take me to Prince Yi's Mansion?" she asked.

However, as soon as she asked the question, she already understood the mystery, and it was all clear on her face.

"So, the dirty things that Princess Yi did in the past were revealed by herself, just to make you suspicious and find her?"

If Yin Baiqing's identity hadn't been exposed due to this interlocking thing, she would never have guessed that the truth of the matter was like this!

This woman is indeed not someone to be trifled with.

Sui Zimo didn't say anything, he just raised his hand and caressed her face.

...

Things in the Imperial Prefect's Mansion really cannot be hidden from the Emperor's eyes and ears.

Especially regarding Yin Baiqing, and because Suyang did not intervene to stop it, the emperor found out faster. The next day, they already got the news that Yin Baiqing might have been replaced.

Although the person who went to report was not sure, when the emperor heard this, he was already sure!

"Damn it, I didn't expect them to start so quickly!"

He waved away the people who came to report, slammed the table with one hand, and said angrily.

It's all thanks to those useless people in Prince Yi's palace who couldn't even hide it from Sui Zimo, making him suspect Yin Baiqing so quickly.

Now that Yin Baiqing is in Sui Zimo's hands, we still don't know what he will do next!

"Trash, they are all a bunch of trash!"

He sent so many people to the Imperial Preceptor's Mansion, but they couldn't even hold back a single voice!

The national preceptor Suyang was also a pickpocket. He originally thought that the previous time he and Sui Zimo teamed up to deal with King Lin just to avenge his son.

He thought that Suyang was the old man next to him and did not do anything cruel to him.

Unexpectedly, Suyang really wanted to be a lackey around Sui Zimo, so he actually gave Yin Baiqing directly to Sui Zimo!

"Solemn!"

He narrowed his eyes fiercely and looked into the distance.

"Since you want to die, then I will let you die happily!"

It seems that Suyang really can't stay, and he must be eliminated before he completely falls to Sui Zimo!

"Someone's coming."

He shouted towards the outside of the royal study room.

"Your Majesty, what are your orders?"

Eunuch Gui walked in, knelt down in front of him, and asked.

"King Xuanmo enters the palace!"

The emperor ordered to Eunuch Gui.

Although he wanted to kill Suyang immediately, the most important thing at the moment was Yin Baiqing. Since it was Sui Zimo who had done it, he would get her back from Sui Zimo.

I hope that little guy won't reveal his identity, otherwise, he may not be able to get anyone.

"Yes, Your Majesty."

Eunuch Gui responded and went out.

...

"Announced King Mo's entry into the palace?"

In the Queen Mother's palace, Sui Zimo stepped into the palace door and she got the news.

She raised her eyes with some surprise and looked at the eunuch who came to report. She thought that the emperor would not want to see Sui Zimo at this moment, and that the one who wanted to be announced to the palace would only be Miss Lin at most.

Chapter 1278 Who could it be?

How could he announce that Zimo entered the palace at this time?

"But what happened outside?" she asked.

"It seems that the Fifth Young Master of Prince Yi's Mansion was quietly taken away by King Mo's people," the eunuch replied.

"Um?"

The Queen Mother was even more surprised when she heard what he said.

The fifth son of Prince Yi's mansion?

She knew that the child was given to the Imperial Master Suyang by the emperor, but she thought it was nothing. Anyway, there was not only Wuer in Prince Yi's house, let alone a child who was favored by Prince Yi and his wife.

It would also be a good idea if it could be taken into the Emperor's hands.

But now, Sui Zimo actually intervened and took the person away? This made her very strange.

Even when Sui Zimo took Miss Lin to Prince Yi's Mansion, she didn't expect to go anywhere, but now, Wu'er was taken away quietly?

Could it be...

Does this Wu'er have other identities?

Thinking of Princess Yi's identity and Wu'er being favored by King Yi and his wife only two years ago, she felt a thump in her heart and secretly screamed something bad.

Perhaps this Wu'er, like Sui Zimo, came from that place!

"You really dare to do this evil!"

Thinking of this possibility, the Queen Mother became so angry that she really wanted to chop her son with a knife.

If she could turn back time, she would rather support a prince who is not her biological son to succeed to the throne than support this biological son who specializes in throwing Weiguo into a fire pit to succeed to the throne!

"You go ahead and listen. As soon as there is news, come and tell the Ai family." She ordered the eunuch.

"Yes, Queen Mother."

The eunuch responded and walked away.

And here, when the Queen Mother saw him leaving, she sighed heavily, leaned back and leaned against the old woman beside her.

"The Queen Mother, what are your orders?"

When the old woman saw this, she immediately leaned forward and asked.

"You go and wait outside the imperial study. As soon as King Mo comes out, invite him to the Aijia Palace." The Queen Mother ordered.

"Yes, concubine."

After the old grandma responded, she also left.

...

In the imperial study, the emperor was staring at Sui Zimo with his big eyes.

"Zimo, what are you doing for nothing?" The emperor was not polite. When he saw Sui Zimo, he didn't even let him salute and asked him directly.

"Wu'er?"

Sui Zimo frowned slightly.

"Father, what you said makes me wonder. Didn't you give the fifth son of Prince Yi's Mansion to the Imperial Master's Mansion, and from now on he will be the son of the Imperial Master Suyang? Why do you say that your son is holding the five sons? Son?"

"you--"

The emperor almost choked to death at his words and casually threw the memorial in his hand on the table.

"Zimo, don't you want to fight with your father and think that I don't know? The 'Five'er' in the Imperial Preceptor's Mansion is no longer the Wu'er of your Uncle Yi Wang's family. You don't know about this?"

"If it's not Wu'er from Uncle Yi Wang's family, then who can it be?" Sui Zimo asked him in return.

"Father, what do you mean, Wu'er was replaced by someone in the Imperial Preceptor's Mansion? Such a thing happened, then why didn't you invite the Imperial Preceptor to come to the palace to ask clearly, why did you announce the son to the palace instead? Already?

If these five sons were really replaced, they would have nothing to do with their sons and ministers. "

He said it with an innocent face. In short, no matter whether the Imperial Master's Office lost people or things, it had nothing to do with him.

emperor:"....."

It seems that this year Zi Mo wants to follow him so much that he has no idea, right?

Chapter 1279 Raising children for others

"Who else could it be if it wasn't you? Prince Yi's Mansion has no enmity with anyone, you..."

"Father, do you mean that my son has a grudge against Uncle Yi?"

Sui Zimo didn't give him a chance to finish his words and asked him directly.

"If this is the case, why did I take Miss Lin to Prince Yi's Mansion to treat Princess Yi a few days ago? Wouldn't it be better to just let her get sick?"

Father, what you said makes no sense. Is it possible that in Shaohua City, any family members who have gone missing are related to their sons and ministers? Isn't it too unfair for me? Father, do you think so or not? "

After hearing Sui Zimo's words, the emperor took a deep breath.

The current situation is that he clearly knows that Yin Baiqing was taken away by Sui Zimo, but he can't do anything to him because Sui Zimo silenced him with just a few words.

"Zimo, I know you are kind-hearted. I couldn't bear to see Princess Yi's loss, so I just wanted to get Wu'er out of the Imperial Preceptor's Mansion and send her back to Prince Yi's Mansion. That's all.

You might as well have brought the person out. Why don't you hand the person back to Princess Yi today? I can just pretend that I don't know anything and turn a blind eye and this matter will be over. "

Hearing this, Sui Zimo sneered in his heart.

Yin Baiqing's status in the emperor's heart was indeed extraordinary. She could actually let him lower his face and send her directly back to Prince Yi's Mansion?

"Father, I don't understand what you mean? Do you want me to send people to find Wu'er's whereabouts? But Wu'er was lost in the Imperial Preceptor's Mansion, where can I find him? "

He looked at the emperor with confused eyes and asked him.

I want him to send Yin Baiqing back to Prince Yi's Mansion, and then let him send people to Prince Yi's Mansion to take her away. This is really a bad idea. Does the Emperor think that he is stupid? ?

"Sui Zimo!"

The emperor was really angry and stared at him with scarlet eyes.

"I'm trying to persuade you nicely, do you think my words are child's play? Wu'er is in your hands, do you think I don't know?"

"oh?"

Sui Zimo looked at him indifferently.

"Then how did the father know that the fifth son was in the hands of Erchen? Why did Erchen want the child of Prince Yi for no reason? If Erchen wanted a child, he could marry a princess himself, why bother to find someone else's? What about children instead?"

Father, do you think this is true? My son is not stupid, so why should I raise children for others? This kind of thing is difficult and thankless. "

"you--"

The emperor almost spit out a mouthful of blood from what he said.

At this age, Mo really dared to say anything to him. Did he really think that he would not dare to punish him?

"Zimo..."

"Father, even if Wu'er is lost in the palace of the Imperial Preceptor, shouldn't you hurry up and bring the Imperial Preceptor into the palace?"

Sui Zimo interrupted him and asked him.

"Wu'er is really not lost by Erchen, and Erchen has no responsibility to find the child for the Imperial Prefect's Mansion or Prince Yi's Mansion. For Wu'er, the people in Prince Yi's Mansion and the Imperial Preceptor's Mansion should be more familiar with Wu'er.

Father, it's better to look for them and let them search. "

"you you....."

The emperor's mouth was open, but he couldn't say a complete sentence.

"Come here, Master Xuanguo enters the palace!"

If Sui Zimo couldn't find the whereabouts of Wu'er, then he would let Suyang enter the palace. He would like to hear how Suyang defended himself in front of him!

He wanted to see if these two people who joined forces would eventually stage a dog-eat-dog drama for Wu'er.

Chapter 1280 The noise is causing headaches!

"My father has announced that the imperial master has entered the palace, so there will be nothing to do to my son. I will inform him first..."

"You're waiting here too!"

Before Sui Zimo could finish speaking, the emperor glared at him and said sternly.

Wanting to just walk away was never that simple. Today he had to see Yin Baiqing appear in front of him intact.

Otherwise, neither Sui Zimo nor Suyang would have an easy time!

...

Half an hour later, Imperial Master Suyang arrived at the Imperial Study Room.

"My lord, please pay a visit to your Majesty. Long live your Majesty..."

"Okay, get up.

The emperor watched him kneel down and was too lazy to listen to his useless words, so he asked him to get up angrily.

After Su Yang heard this, he naturally stood up immediately, but he seemed a little out of breath.

He was urged all the way by the people sent by Eunuch Gui. He was probably the first minister to rush into the imperial study room on the royal road, right? It's definitely unprecedented.

"Your Majesty, I wonder what you are calling your ministers into the palace for?" he asked.

Of course, when he saw Sui Zimo appearing in the imperial study, he already knew what it was for, but in order to show that he didn't know anything, he continued to ask.

"I ask you, where is Wu'er? But he was taken away by King Mo?" The emperor asked Suyang coldly.

He just wanted to catch Suyang off guard so that he wouldn't even have time to think.

"Wu'er? Who is Wu'er?"

When Suyang heard the emperor's words, he was stunned for a moment, and then his eyes flicked back and forth between the emperor and Sui Zimo.

Don't blame him for being stunned, because he really didn't figure out which Wu'er the emperor was talking about for a moment? Could it be that the emperor announced that he was here for the sake of the Fifth Young Master of Prince Yi's Mansion?

emperor:"....."

Isn't this Suyang quite smart usually?

Are you actually pretending to be stupid with him at this time? !

"National Master, the fifth son my father mentioned is the fifth son of Prince Yi's mansion." Sui Zi Mo explained for the emperor.

"Fifth Young Master?"

Suyang finally came to his senses this time.

It turned out that this was what he was talking about, so he thought something big had happened again.

"Your Majesty, why are you asking about that child? Isn't he staying well in my house? Just before I entered the palace, I heard his noise in the house. It was so noisy that it gave me a headache!"

He looked at the emperor innocently and said.

emperor:"!!!"

These two people won't give up until they piss him off, right?

He had already received the news that the little guy was no longer Yin Baiqing. These two people still wanted to deceive him as a fool?

"Suyang, you..."

"Your Majesty, I don't like to talk. I really don't like that fifth young master." Before the emperor could say anything, Suyang spoke again.

When it comes to the fifth young master of Prince Yi's mansion, whether it's the real one before or the fake one now, it can drive him crazy until he loses his hair.

"That child is really noisy and keeps clamoring to go home. However, I cannot ignore the emperor's decree and send him back to Prince Yi's Mansion. I can only send people to keep an eye on the child.

Your Majesty, you don't know that just by looking at one of his children, I sent fifty people, changing one group every hour, and they could tire all the servants and maids to death.

Your Majesty, do you want to see the Fifth Young Master? If this is the case, then I ordered the housekeeper in the palace to send the child to the palace? "
