

Star of Space 129

Chapter 129 Who is your cousin?

"Well.

Zhou Liang was choked by Ya Molian's plain words.

He didn't know what was going on, but this man's eyes looked normal, but it made his skin crawl all over his body, and he felt like he wanted to rush out the door and run away.

"No, it's okay."

He shrunk his head and shook his head timidly.

Seeing Zhou Liang's appearance, Lin Caisang rolled his eyes in his heart.

Look, this is a typical case of bullying the weak and fearing the strong. Yamolian just released a little pressure and made Zhou Liang become like a soft-footed shrimp.

"Cousin Sangsang..."

Liu Yushui didn't feel the secret competition between the men, he was just enjoying himself.

The man Zhou Liang was originally Lin Caisang's, but now she has snatched it away. Now that she is pregnant with Zhou Liang's child, no matter how unwilling the Zhou family is, they will slowly soften and agree to her entry after some time.

From now on, she will be the lady who will lift people up, and then she will be the lady who will lift the Yuan Dynasty, and maybe even the lady who will be the number one scholar.

"Who is your cousin?"

She had just spoken when she was interrupted by Lin Caisang.

"Girl, your surname is Liu and my surname is Lin. We have two completely different surnames. We are cousins. How did you establish this relationship?"

She asked Liu Yushui unceremoniously.

"you--"

Liu Yushui was angered by her disrespectful words and secretly grinded his teeth.

But thinking about Lin Caisang's destiny as a star of wealth and wealth, and her mother asking her to have a good relationship with Lin Caisang, Zhou Liang could still be admitted to the Juren Examination by relying on Lin Caisang's good luck, so she could only endure it.

Grinning, she smiled stiffly at Lin Caisang.

"Cousin Sangsang, look what you said, although my father married into my Liu family, he is still a member of the Lin family. He belongs to grandpa and grandma..."

"Liu Baixiao's surname is Liu, not Lin." Lin Changfeng reminded him with a cold face.

"this....."

Liu Yushui's face suddenly darkened and he glanced at Lin Changfeng.

She was still wary of her cousin Lin Changfeng, who had never looked down upon her well. After all, like Zhou Liang, this man was going to take the imperial examination in the future.

It must be easier for people who are protected by Lin Caimulberry to take the exam, right?

She originally wanted to give Zhou Liang a few words to ask him to be careful about Lin Changfeng, or to lay some tricks on Lin Changfeng, but on the one hand, Zhou Liang didn't care about Lin Changfeng at all and felt that he was too young. It's a great work.

On the other hand, Lin Changfeng had already left the academy and returned home. Even if they wanted to set up a trap, they had nowhere to do it.

"Cousin Changfeng, I..."

"Miss Liu, my sister has already said that our Lin family does not have any relatives named Liu, so you'd better not admit relatives at will." Lin Changfeng interrupted her and reminded her again.

"Also, my Lin family has three girls who have not left the court. This reputation cannot be damaged. I hope Miss Liu will respect herself."

After saying this, Liu Yushui's face became extremely ugly. Wasn't this a disguised way of scolding her for not respecting herself? Damn Lin Changfeng, did he really think she couldn't deal with him?

Zhou Liang's face turned green and white. His eyes glanced uneasily at Liu Yushui's belly next to him. He opened his mouth but didn't know what to say, so he could only grind his teeth secretly.

Although Liu Yushui was pregnant with his child, he was extremely happy, but if such a thing happened to him, a scholar, his future would probably be ruined.

Originally, he listened to his family members and wanted to hide at a relative's house for a while to quiet his ears.
