

Star of Space 1311

Chapter 1311 Maybe what?

"Your Majesty, Miss Lin, I will make arrangements right now."

After saying this, he turned around and left.

"Brother Mo Lian, is this banishment less scheming?" Lin Caisang said after the others left.

Fortunately, I didn't mess up the matter this time. If it happens again or twice, I'm sure something will go wrong.

Now in Prince Mo's Mansion, every step must be taken carefully, there is no room for any mistakes!

In fact, not only banning Jue, but also banning Wu and Jiang Lijiang were not scheming enough. They obviously couldn't keep up with Sui Zimo's ideas. If this continues, some things will be difficult to handle.

"You always have to learn slowly." Sui Zimo said lightly.

Wherever he was before, he had always had the final say. Even in Julian Palace, he was the only one with the most influence, with only a few traitors.

Therefore, they have always acted according to their own thoughts and have never made any mistakes.

It is understandable that he suddenly came to Shaohua City, a place full of intrigues and intrigues, and it was difficult to adapt to it for a while. He needed more room for improvement, and he also needed to banish them.

"That's true."

Lin Caisang nodded.

The people in Shaohua City were so scheming that even she thought it was too big for one head, let alone banishing them. She had to get used to it.

"Then if there is any explanation in the future, it is better to explain it more clearly. It is better than you explaining yours, they understand theirs, and there is a mistake between each other.

"Um."

Sui Zimo responded.

"However, we still need to step up our efforts to train them."

"Um?"

Lin Caisang raised his eyebrows and looked at him in confusion.

But soon, she understood and nodded to him.

"I will go into Jinzhu Space later to see if there are any books that are suitable for them to read, and let Ziyu and Jiang Zuo copy them for them."

...

The palace, the emperor's bedroom.

The emperor almost fainted again from anger when he heard the news that the eunuch had returned to the palace.

"Your Majesty, this servant asked the eunuch who went to announce the decree clearly. Although what he heard was that the female doctor went to collect medicine, the servants in Prince Mo's palace were all spreading rumors that Miss Lin was refining the poison. I accidentally poisoned myself."

Eunuch Gui spoke in the emperor's ear, while trying to help the emperor.

"I have also received news before that King Mo had sent people to knock on the city gate overnight and sent a team of people out of the city urgently. However, Jiang Zuo, the doctor of King Mo's Mansion, was not in the manor today. Maybe... "

"Maybe what?"

The emperor's face was full of impatience and he interrupted Eunuch Gui's words.

"In this case, this kind of thing can only be deceived by low-level people like you, but can it be deceived by me?"

"Your Majesty is right, this servant is short-sighted." Eunuch Gui quickly lowered his head and apologized.

"snort!"

After the emperor took a deep breath, he snorted heavily.

"Sui Zimo, he is really capable. He thinks that this will stop me from announcing that the female doctor will enter the palace? That is his delusion!"

"What does the emperor mean..." Eunuch Gui looked at the emperor and asked carefully.

"Draw up the decree, King Xuanmo enters the palace." The emperor ordered to Eunuch Gui.

"Yes, I obey your order."

Eunuch Gui stood up, knelt down to the emperor, stood up again, turned around and walked outside.

When he got outside the door, a smile appeared on his lips, and he walked lightly to the imperial study room, preparing to prepare an order to announce that Prince Mo would enter the palace.

Chapter 1312 You read, I'll copy

...

the other side.

In the golden bead space, Lin Caisang looked at the two confused people in front of him, and then at Sui Zimo next to him.

"Brother Mo Lian, are you sure that you can't see anything in this jade tablet?"

Although she had asked once before, she couldn't help but ask again. There were so many words engraved on these jade tablets, but they couldn't see any of them?

This is impossible, right?

After hearing her words, Sui Zimo just shook his head.

"It's true that I didn't see any words."

"Sister-in-law, could this be like a jade mirror? Only you can see the words on them, but we can't?" Sui Ziyu raised his doubts.

She also knew before that the words on the jade mirror could not be seen by others except where Lin was picking mulberry trees. Even she, a slave, could not see it.

In the same way, the words on these jade plaques are invisible to them.

"Brother Yujing, what's going on?"

Lin Caisang looked sideways at the jade mirror aside and asked.

‘Dear Master, this is your Golden Pearl Space. Only you can see everything in the Golden Pearl Space. If you want others to see it, you have to use your points. ’

A line of words appeared in the jade mirror.

Lin Caisang: "..."

Points, when she worked so hard to earn them, was she spending them like this?

She doesn't even know that the next upgrade of her Golden Pearl Space will have to wait until the end of the year, and she still wants her to spend her points like this. Not to mention the door, there isn't even a window.

"Forget it, I'll just copy it myself." She had no choice but to say.

"What's wrong?"

Sui Zimo asked her out loud.

She gave Sui Zimo a helpless smile.

"I need points, so forget it. I can just copy it when I have time. It's quick anyway."

She is different from others in copying books. She uses a pencil, which is naturally much faster than those who write with calligraphy. As long as she works harder, she can copy it quickly.

"That's it, you read it and I'll copy it." Sui Zimo thought for a while and then said.

"Your Majesty, it's better for my subordinates to come and copy it. You have a lot of things to do outside..."

Halfway through Jiang Zuo's words, Sui Ziyou pulled him aside and glared at him angrily.

"What's wrong?"

Jiang Zuo didn't understand what kind of temper Sui Ziyou was playing, so he asked inexplicably.

"Why are you interfering in the matter between Brother Zimo and sister-in-law? Are you showing that you are capable? Or do you think you are not being punished by Brother Zimo to do some work that can scratch your skin?"

Sui Ziyou said angrily.

Jiang Zuo: "..."

When she reminded him, he finally understood.

Raising his hand, he couldn't help but pat his mouth, wondering why he was so mouthy?

The master wants to increase his relationship with his mistress, why should he interrupt? He must have had his head caught in the door to have such an inexplicable idea.

"I'll get a pen. Let's copy it slowly."

On the other side, Lin Caisang would certainly not refuse Sui Zimo's proposal. Since arriving in Shaohua City, it was rare for the two of them to have such free time, so naturally they wanted to stay together for a while.

"I'll go with you." Sui Zimo walked over with her.

...

In Prince Yi's Mansion, Princess Yi has been extremely anxious recently and has been walking in circles in her room.

"Princess, please rest for a while."

Prince Yi looked at her like this and couldn't help but say something.

No matter how anxious they were, Yin Baiqing was taken away by Sui Zimo. What could they do?

Chapter 1313: Still unable to eat and walking around!

"My lord, how can you still be so calm and calm? Wu'er has been missing for a few days!" Princess Yi turned her head and glanced at Prince Yi, her face full of anxiety.

If reality hadn't allowed her, she would have really wanted to rush into Prince Mo's Mansion to ask for someone!

"Then what else can be done?"

Prince Yi asked her, should he be as anxious as her, like an ant on a hot pot?

If this is really the case, will this Prince Yi's Mansion be no longer necessary? Can he still stay there?

"Princess, it's useless to worry now. It's better to calm down and think about how to get Wu'er back."

he said.

"get back?"

Princess Yi was stunned when she heard what he said.

But soon, she came to her senses and sat down on the chair next to Prince Yi, staring directly at him with a pair of eager eyes.

"My lord, what can you do? Tell me, what should I do?"

"What can I do?"

Prince Yi chuckled lightly and shook his head.

From Sui Zimo, it was really impossible for him to get anything cheap.

Didn't you see that not even the Emperor and the Queen Mother could get any benefit from Sui Zimo?

"This matter is all the Emperor's fault. As long as the people sent by the master come to inquire about it and we explain the whole story clearly, that will be fine.

As for the emperor, there are people to deal with it, so what does it have to do with them?

After hearing what Prince Yi said, Princess Yi almost chewed her silver teeth into pieces.

"It's not that simple, my lord!"

If she could just explain it like this and everything would be fine, then would she still need to be so anxious? Why not just quietly be her Princess Yi in Prince Yi's Mansion and ignore whatever is happening outside?

But if she really didn't care, if the master blamed her, and she let the emperor take Yin Baiqing away so easily, that would be a big crime!

When the time comes, they, Prince Yi's Mansion, will still be unable to eat and walk around!

"My lord, why don't you understand? Master is a person who only cares about the results and never cares about the process.

Even if the fault of Wuer's disappearance is all the fault of the Emperor, in the eyes of the master, we are all at fault just like the Emperor. If he is really angry, we will only end up in a more terrible situation than the Emperor. End! "

It's okay with the emperor. After all, he is the emperor of Weiguo. No matter how angry the master is, he will take it for this reason and won't really do anything to him.

But that's not the case here. She is just an incompetent subordinate next to the master, and Prince Yi is just a powerless prince. The master wants to punish them, but he can do it by any means!

Otherwise, why would she be so anxious?

"We have to find a way to deal with this matter. We definitely can't count on the Emperor. We can only rely on ourselves!"

Relying on that fool of the emperor, they won't be able to get Yin Baiqing back from Sui Zimo's hands until the year of the monkey, so they might as well rely on themselves!

"What should we do?"

Prince Yi asked her, that was Sui Zimo's Prince Mo's Mansion. You don't have to guess what kind of defense there is.

"Is it possible that we need to send someone to Prince Mo's Mansion to find out what's going on?"

What's more, it is still unknown whether Yin Baiqing is still in Prince Mo's mansion.

If he is not there, they will send people to look for him. It would be better if he is not discovered by the people from Prince Mo's Palace. If he is caught, will he still have the dignity of Prince Yi's Palace?

Chapter 1314 Just admit it

"The only choice is to find it!"

Princess Yi grinded her teeth and spoke very seriously.

"Even if we can't find him, we still have to make a show of it. If the master comes to argue with us in the future, at least we have tried hard and failed to find him, so we can explain one or two more.

If we don't even look for it, then the master will blame us and we won't even have a say! "

she said.

"this....."

Prince Yi was still hesitant.

If you send someone to Prince Mo's Mansion to look for someone, what kind of people should you send to look for him so as not to alert the guards in Prince Mo's Mansion?

"Princess, do you really think this method is feasible? But what if no one can be found?" he asked.

"If you can't find anyone, then keep looking. In short, we must continue to look for Wu'er's whereabouts. Even if we can't find him, we can't just be silent. Your lord, we can't bear the wrath of the master!"

Princess Yi said.

"This...that's okay."

Thinking of that mysterious and terrifying man, Prince Yi finally nodded and agreed to Princess Yi's method.

"I will make arrangements later, and we can take action tonight."

"good."

Princess Yi nodded.

...

Not long after copying the book in Jinzhu Space, Sui Zimo was admitted to the palace by the eunuch sent by the emperor.

In the emperor's bedroom, Sui Zimo looked at the emperor lying on the bed with a confused expression.

"Father, what do you mean by this?"

He blinked and asked.

"you....."

The emperor was so angry that he almost lost his breath when he asked a question.

"Sui Zimo, let me ask you again, where is Miss Lin, the female doctor in your residence? Where did she go?"

He asked again.

"Father, aren't you asking questions knowingly? Miss Lin went to collect medicine and you didn't know about it?" Sui Zimo said.

"Nonsense!"

The emperor shouted sharply, staring straight at him with a pair of eyes as black as a panda.

"Do you think I don't know? Everyone in your house is spreading the news that Miss Lin was poisoned by the poison you made and was poisoned. Did you send her back to her hometown?"

he asks.

"Father, it turns out you already know."

When Sui Zimo heard him press like this, he simply admitted it.

This time, the emperor was angered by him again.

After saying this, what else could he say? He originally wanted to make it clear to Sui Zimo again and again, but he didn't believe anything about collecting herbs or poisoning, and asked Sui Zimo to hand him over directly!

I originally thought that Sui Zimo would be a bit harsh, but unexpectedly, he actually admitted it directly.

"you....."

"Father, being poisoned by the poison you made is not a glorious thing after all. Miss Lin was invited back by my son, so my son naturally wants to keep Miss Lin's secret to prevent her reputation from being damaged. "

Seeing that the emperor was so angry that he could not speak, Sui Zimo continued to speak.

"That's why I asked the people in the mansion to tell me that Miss Lin went to collect medicine. I hope my father will forgive me."

emperor:"....."

At this age, Mo, when did he develop a pair of iron teeth?

He hadn't even asked a few questions before he was so blocked that he couldn't even ask a single question!

"Where's Miss Lin? Where did you take her?" he asked.

"She was poisoned. Erchen can't detoxify her here. Naturally, she has to be sent back. Otherwise, Erchen won't be able to shoulder this responsibility." Sui Zimo said calmly.

Chapter 1315 He is from the Liang Kingdom

"You... Sui Zimo, why are you so confused!"

The emperor is really going to be so angry at this evil obstacle that he sent him back after being poisoned. Doesn't he know how to detoxify people?

If someone is in his palace, he will have to drag him no matter what...

Well, I was almost dragged into a ditch by Sui Zimo. How could there be any truth in Sui Zimo's mouth? The poisoning is totally fake. Miss Lin must still be in Prince Mo's Mansion.

But he can't argue with Sui Zimo, right?

If Sui Zimo refused to admit that he was still in Prince Mo's mansion, he couldn't do anything to Sui Zimo.

"Mo'er, listen to your father's words, quickly chase her back, and send her to the palace to treat her slowly. There are so many imperial doctors in the palace, they will definitely be able to cure Miss Lin's poison. .

He thought he spoke to Sui Zimo very seriously.

"I'm afraid this won't work, right?"

Sui Zimo, however, disapproved of the emperor's words and refused directly.

"Father, it's not that I don't believe in the imperial doctors in the palace. Look, those imperial doctors can't even cure a common illness like yours, and they still think they can cure Miss Lin's poison? Isn't that fanciful?"

He gave the emperor a very innocent look.

emperor:"!!!"

He just made an excuse to ask Sui Zimo to send Miss Lin to the palace. Could it be that the palace doctors really couldn't cure his illness?

This is something that everyone knows very well. Does Sui Zimo not understand it in his heart?

"Mo'er..."

"Father, you don't need to say any more. I can't decide what happened to Miss Lin. If something hadn't happened to Miss Lin, would I not have kept her?" Sui Zimo interrupted the emperor and wanted to say something. Export words.

"It's just that Miss Lin's father's family is very difficult to mess with, and I can't make enemies with them. Therefore, I think it's safest to send Miss Lin back."

"Where does Miss Lin live?" the emperor asked.

Now that things have come to this, it's not an exaggeration for him to ask this question, right?

"Where does Miss Lin live? I'm sorry that I can't tell my father directly. After all, I have promised with my own life to Miss Lin's family that I will not reveal anything about Miss Lin."

Sui Zimo bit off his words in one breath, leaving the emperor no chance to ask again.

"Father has always been kind, so he would not care about the life and death of his children, right?"

emperor:"!!!"

He wants Sui Zimo to die!

But these words can only be shouted in the heart, and it is impossible to say them directly in front of Sui Zimo.

"You can always tell me where Miss Lin is from, right? I won't ask for details. You can just give me a general idea, okay?"

If he could get a rough idea, he could also order someone to find the person. Although there were many people named Lin in Wei State, it was easy to find people from wealthy families and it wouldn't be too difficult.

"That's fair to say."

Sui Zimo nodded, but he didn't think it would be possible to say this.

When the emperor heard his words, his eyes immediately brightened. As long as he could get the words out of Sui Zimo's mouth, it would be easy.

"Miss Lin is from the Liang Kingdom."

Sui Zimo spoke calmly and said to him.

"Well!"

The emperor was choked by his words and almost spit out a mouthful of blood, and his whole body fell backward.

"Your Majesty, Your Majesty."

Seeing this, Eunuch Gui hurriedly came over to help the emperor, so that the emperor would not lose his dignity in front of Sui Zimo.

Chapter 1316 Should I send someone to chase him?

"Liang Guo!"

After a long while, the emperor came out of his mouth with two words.

Not to mention that the relationship between Weiguo and Liangguo has always been bad. On the border between the two countries, the armies often have frictions, and small battles are constant.

Just the word "Liang Guo" came out of Sui Zimo's mouth...

The Liang Kingdom is so vast, how can he find someone named Lin? Even if they are found, how can it be so easy to bring a family back to Weiguo?

"Sui Zimo, is that Miss Lin really from Liang?" he asked.

Why didn't he believe it so much? That little girl was from Liang Guo? He's actually from Liang? !

"yes.

Sui Zimo nodded.

"Father, Miss Lin is very famous in the Liang Kingdom. You might as well send someone to inquire about her and then you can find out."

emperor:"....."

He doesn't want to inquire about anything. That's Liang Guo. Do you think he can find out something just by asking?

"That being the case, Mo'er, you should keep Miss Lin here. If she returns to Liang this time and never comes here again, wouldn't our Wei Kingdom lose a miracle doctor?"

His face was full of disapproval of Sui Zimo's actions.

"What do you think, Father?" Sui Zimo raised his eyebrows and asked.

"I think that people with great talents like Miss Lin should stay in our country. Why not send people to chase them back? What do you think?"

The emperor asked Sui Zimo.

"Catch it back?"

Sui Zimo raised his eyebrows again, but he snorted in his heart.

"In that case, just do what your father said. Father, please send someone to chase Miss Lin back as soon as possible."

"I...I sent someone to chase him?"

Hearing his words, the emperor opened his mouth and almost choked himself to death with a breath of evil breath.

Sui Zimo sent the person away, and now he actually asked him to send someone to chase him? What's more, he didn't think that Lin Caisang was really sent away after being poisoned. He must still be in Prince Mo's Mansion!

"yes."

Sui Zimo nodded to the emperor.

The expression on his face that if you don't chase someone else, it really made the emperor angry.

"Of course, my father sent people to chase him. If I sent someone, Miss Lin would definitely not listen to him. But the people sent by my father are different. Even if they catch up to the Liang Kingdom, they can still be together. The emperor of Liang negotiated and brought Miss Lin back. "

Hearing this, the emperor opened his mouth, but found that he could not say a word.

If he doesn't send people to chase him, who can chase him?

Sui Zimo blamed everything on him. The key was that he knew that Lin Caisang was definitely still in Prince Mo's mansion, but he couldn't talk to Sui Zimo about it!

"That being the case, you can go back."

What else could he say? Sui Zimo really couldn't take any advantage at all.

"Yes, I will retire."

Sui Zimo responded and prepared to leave.

Suddenly, as if he thought of something, he turned to look at the emperor again.

"Father, if you want to send someone to chase Miss Lin, you have to hurry up. When I ordered Jiang Zuo to send the people back last night, they had to travel day and night. After all, Miss Lin was poisoned. Yes, no delay."

emperor:"....."

If he wasn't still lying on the bed, I really wanted to slap Sui Zimo in the face!

"Okay, I understand."

"My son, please retire."

Suizi Mozhen left, while the emperor was half lying on the bed sulking.

Chapter 1317 The princess ordered you to go

"Your Majesty, do you want to send someone to chase Miss Lin?" Eunuch Gui walked in with cat steps and asked the Emperor.

Hearing this, the emperor gave him a cold look.

"Why are you chasing after me? Sui Zimo thinks that I am easy to bluff. Do you really allow him to bluff like this?"

It would be strange for Miss Lin to leave Weigu. She must still be in Prince Mo's palace. If he really sends someone to chase someone, he would be stupid!

"Yes, your Majesty is right. This servant is stupid." Eunuch Gui responded repeatedly.

Raising his eyes, he took a look at the emperor's face. Although he didn't want to say anything else, he still asked.

"Then Your Majesty, what are you going to do? Are you going to let King Mo do this? Are you going to leave Miss Lin directly in Prince Mo's Mansion?"

After hearing his words, the emperor gave him a cold look again.

It was naturally impossible to leave Miss Lin in Prince Mo's Mansion. There was no way he could have allowed Sui Zimo to leave a female doctor who could kill people invisible in Prince Mo's Mansion for his use.

"Get someone immediately and go to Liang Kingdom to find out about Miss Lin."

he ordered.

Didn't Sui Zimo say that Lin Caisang was very famous in the Liang Kingdom? He wanted to see how famous a little girl could be and that the whole country knew her name?

"Yes, I will go and do it now." Eunuch Gui responded and went out to give orders.

...

In Prince Yi's Mansion.

Prince Yi personally selected several skilled guards and planned to have them sneak into Prince Mo's palace to find Yin Baiqing's whereabouts as soon as it gets dark.

"Listen to me. If you are caught because you are not as good as others, I will insist that it was the princess who ordered you to go. Do you understand?" Prince Yi ordered to the guards.

If the princess did this, then he could still say a few words, but Ruosui Zimo knew that these people went to Prince Mo's Mansion under his orders...

But of course, it would be best if the people he sent were not discovered by Sui Zimo's people.

"Yes, Your Majesty."

Several guards responded.

...

In a small courtyard of Prince Mo's Mansion.

Yin Baiqing has been very calm recently, because Xiao Hei is with him. In order to make him more calm, he doesn't even go out of the yard, Lin Caisang also lent two small white foxes out.

This night, Yin Baiqing was in the room. There was a large plate of chicken legs on the table, and in his hand, he held two chicken legs, one in each hand for the two little white foxes to eat.

"Look, I've treated you so well, and you will follow me from now on, is that okay?"

He followed the two little guys in a decent manner and spoke in a consultative tone.

The guard standing guard: "..."

That was the white fox lent by their mistress, and it had spirituality.

How could he betray his master and follow this little guy just because of a few chicken legs? This is simply impossible!

Sure enough, he saw two little white foxes not even eating the chicken legs after hearing Yin Baiqing's words.

The two little guys came together and whispered something. They pointed their buttocks directly at Yin Baiqing. One of them turned his head and glanced at Yin Baiqing...

The two little ones ran straight towards the open window.

"Hey, hey, don't go, I'm just kidding, I don't have to ask you to follow me!" Yin Baiqing yelled when she saw this.

He finally has something to play with, but why don't they all agree with him?

Chapter 1318: Coaxed into a wife slave

Moreover, for these two little ones and the big one, I don't know that the person who raises them has such extraordinary ability that he can raise them so well.

He has been coaxing for several days, but he has not been able to coax the three hearts to come to his side.

Whenever he said these words, the little guys would either bare their teeth at him and look like they were going to tear him apart, or they would turn around and walk away without leaving a single cloud behind!

"Well, I'm wrong, isn't it okay? You go and bring them back."

Seeing that the two little guys had fled from the window, he begged pitifully to the guard on the side.

Guard: "..."

Those two little ones are so fierce. How can he bring them back if he wants to?

Doesn't this young master think highly of him too much?

"Young Master Baiqing, you have to wait a moment. I don't see Miss Lin all the time." With that, he went out.

We have to find the two little ones. Otherwise, what should we do if this young master starts making trouble again?

Seeing the guards leaving, Yin Baiqing didn't say anything, she just turned her head and continued to look at the other big one.

"Xiao Hei, you are the best. You are still here with me. I will play with you every day from now on." He took the chicken legs and walked towards the black panther who was lying down and taking a nap.

...

In another place, people sent by Prince Yi's Mansion were held down as soon as they entered Prince Mo's Mansion.

"We were sent by Princess Yi."

Before Ban Wu sent people to interrogate him, one of the men in black started shouting.

Ban Wu and others: "..."

Is this person a tease sent by God? No need to ask anything, just explained everything clearly?

Although, he also knew that these people were sent by Princess Yi, because various previous signs showed that it was Princess Yi who had the final say in Prince Yi's palace.

Even if Princess Yi used her sharp tongue to coax Prince Yi into a wife slave, it was her own fault.

Other guards sent by Prince Yi's Mansion: "!!!"

How could Prince Yi choose such a person to partner with them?

Isn't it true that there are three hundred taels of silver in this place? I was afraid that other people wouldn't know who sent them, so they actually recruited them directly? !

"It's quite quick to recruit, haha."

Ban Wu sneered and looked at the guard intently.

The guard heard the irony in his words, and when he thought about what he had just said, he was so embarrassed that he almost bit off his tongue.

He only remembered the prince's explanation before leaving. If they were caught, they would say that the princess sent them here, but he never thought that these could only be explained after they were punished!

"Since he was sent by Prince Yi's Mansion, he should be knocked unconscious and locked up first, and then sent back to Prince Yi's Mansion tomorrow!" He told the guards.

...

In the room full of medicinal fragrance, two little white foxes came back one after the other and squatted next to Lin Caisang.

Seeing her refining the medicine, he didn't dare to disturb her. However, when Sui Zimo saw them coming back, he reached out and brought the two little ones in front of him, staring at them with eyes full of smiles.

"It's really difficult to make that young master happy, isn't it?"

It had only been a few days, but he had already run back so many times that he almost lost count. It was obvious that the little guy was really not someone to be coaxed.

"Squeak, squeak."

A little white fox flapped its front paws vigorously and squeaked in its mouth.

Chapter 1319 What to do, what to do?

"Being bullied?"

Sui Zimo naturally couldn't understand their squeaking sounds, so he guessed.

"Then stay here for a while and I'll take you back later."

With that said, he put the two little ones on the ground and let them walk around the room, or find a place to sleep comfortably.

It's not a problem for that little guy to annoy these two little ones all day long. Just let him wait a little longer. If he wants to make a fuss, he can make a fuss for a while. Prince Mo's palace can still hold on.

After a while, Lin Caisang stopped. He lowered his eyes and saw two little ones. He couldn't help but look at Sui Zimo beside him in confusion.

"Why are they back?"

"Easy.

Sui Zimo just said two words to her.

"It seems that we can't go out tomorrow morning, so we'll change it to the afternoon."

"That's fine."

Lin Caisang nodded.

She didn't expect that the people in Prince Yi's Mansion would be so impatient that they would send people here directly, without even giving them a chance to breathe!

"Are you going to go to see those people off in person tomorrow?" she asked.

"It's time to meet Princess Yi again." Sui Zimo said.

"Um."

Lin Caisang nodded again.

Presumably, this Princess Yi will never be seen again. When her master gets the news that Yin Baiqing is in their hands, they will not have the chance to find this Princess Yi again.

"Do you want me to go with you?" she asked.

"What do you think?" Sui Zimo asked her.

Hearing this, Lin Caisang just raised his eyebrows.

The answer is of course no, because now she has been poisoned by her own poison and has been sent back to her hometown. Naturally, she can no longer go out for a walk.

"I think so too," she said, shrugging.

"Wait for me at the city gate tomorrow. I will accompany you after I have taken care of the matters in Prince Yi's Mansion." Sui Zimo said.

"good."

Lin Caisang naturally responded.

...

In Prince Yi's mansion, Prince Yi was in a hurry and didn't sleep well all night.

When none of the people sent out last night came back, he knew something was wrong. Sui Zimo must have been prepared and immediately discovered the guards he sent.

"How to do how to do?"

He walked back and forth in the yard like an ant on a hot pot.

"Your Majesty, there is nothing to worry about. We are worried about Wu'er's comfort and sent people to check. How dare he, Suizi Mo, argue with us? He will only continue to hide it."

Princess Yi didn't think this was a big deal and said to Prince Yi calmly.

What she was most worried about was Yin Baiqing. If that boy revealed his identity to Sui Zimo, something would really be wrong!

However, she comforted herself that it probably wouldn't happen.

Yin Baiqing was just over three years old when her master brought her here. After two people stayed in Prince Yi's Mansion, everyone called him Fifth Young Master. He probably even knew where he came from. Don't remember?

But she was worried about her master. If the master got the news, he would have to cut her into pieces.

But she didn't dare to hide it. Such a big thing happened, so she had to report it to the police and ask the master to send someone to deal with the matter here and get Yin Baiqing back.

"What do you know?"

Prince Yi glanced at Princess Yi anxiously.

If he had known earlier, he would not have listened to his princess and sent someone to Prince Mo's Mansion to visit her at night.

Chapter 1320 What's there to worry about?

Now no one has come back, and the people watching outside Prince Mo's Mansion have not seen anyone carrying the body out of Prince Mo's Mansion. It can be seen that these people are being detained by Prince Mo's Mansion.

In this way, these people will become a handle for him, and Sui Zimo will hold them in his hands!

"Sui Zimo will definitely come to question me. How will I tell him then?" he asked.

"It's hard to explain. Let's just say that I missed my son and went crazy. I sent people to Prince Mo's Mansion to find out. It would be better if you didn't know anything about it." Princess Yi said calmly.

"What's the matter? His majestic King Mo still wants to argue with a woman like me?"

She sneered, hoping that Sui Zimo would argue with her, so that she could find a way to entangle Sui Zimo and spread the news throughout the city that he had detained her son!

She pretended to be terminally ill and came out again, letting the officials attack what Prince Mo's house had done.

In this way, Sui Zimo had to hand over Yin Baiqing under a lot of pressure. Even if the master sent someone, he would not do anything to her.

After all, she can be considered as equal to her merits and demerits.

"princess!"

Prince Yi looked at Princess Yi for a long time before sighing faintly.

Did she really think Sui Zimo was so easy to bully and scheme? Unexpectedly, Sui Zimo was plotting something behind his back, wanting to kill Prince Yi's Mansion and the Emperor at the same time.

This is what Sui Zi Mo would do!

"Sui Zimo is not as simple as you think. There is also Miss Lin who was invited back by Sui Zimo. Do you know where she came from and what kind of relationship she had with Sui Zimo in the past?

You don't know anything, so just say less! "

Hearing this, Princess Yi pursed her lips and didn't say a word.

She had heard from the prince before that he had doubts about where Miss Lin came from.

However, only Sui Zimo knew this, and it was impossible for them to know anything unless Sui Zimo was willing to tell the truth to them.

But is this possible?

"My lord, do you think that Miss Lin has known Sui Zimo since early in the morning? I heard that in the place where Sui Zimo lived before, except for people with the surname Ya, the largest number of people were people with the surname Ya. Lin?"

She raised her doubts.

Hearing this, Prince Yi secretly rolled his eyes.

How could there be such a talented person in the place where Sui Zimo lived? That female doctor, Ms. Lin, was able to scare even the Imperial Master Suyang into a daze. This shows that she is not a simple person.

How could such a character be a girl from a small village?

"This is not something you should worry about. You should think about how to deal with Sui Zimo."

He is suffering from a headache now. If Sui Zimo really comes to question him, he really doesn't know what to say. Could it be that he really puts all the faults on his own princess?

Although this is a way, everyone knows it well. Does Sui Zimo know that he did this?

"Your Majesty, I just don't understand. What do you have to worry about?" Princess Yi chuckled lightly and spoke to Prince Yi.

"Our Prince Yi's Mansion and Prince Mo's Mansion are not at odds with each other, so what's so strange about our family going to visit Prince Mo's Mansion at night? I don't believe it, Mo can still come to question him at his age?

It would be better if he came. I was just about to ask him for my Wu'er! "

"you--"

Prince Yi looked at Princess Yi angrily.
