Chapter 132 This person's heart is... unpredictable

A middle-aged woman just came in from the door, glanced at Zhou Liang, then looked at Lin Caisang, and couldn't help but murmur.

These two people seemed to be incompatible with each other. It was a pity that Zhou Liang, a handsome scholar, was matched with such a fat girl, like a flower stuck in cow dung.

But who is this flower...

Glancing again at the two inseparable hands of Zhou Liang and Liu Yushui, the woman's expression suddenly changed again.

It had only been a few days since the engagement was broken off, and there was a beautiful girl next to her. The two of them even held hands, which showed that this was not the case in the past few days. No one would want to marry such a playboy.

She sighed quietly.

"Tsk, tsk, the girl just called this girl cousin. Is this my cousin robbing my cousin's fiancée? Isn't this too abominable?" The woman's words caused several people in the bookshop to react. The eyes of Zhou Liang and Liu Yushui became even more unfriendly.

"Just now, this woman was so arrogant towards the little girl. She is still so proud of her fiancé who stole her cousin's husband. Isn't there anyone else? The world is really going downhill. People's hearts are... unpredictable."

Several people spoke contemptuously to the two of them.

"Lin Caisang!"

Zhou Liang stared at Lin Caisang as if he wanted to eat her up.

"Why, Mr. Zhou, does he think I made a mistake? Don't forget, our family has one copy of the divorce document, not just yours!"

Lin Caisang raised his eyebrows and looked at him jokingly.

"How about I talk to Old Master Zhou about what happened to you today and see who is right? If Old Master Zhou is busy, it's actually the same with Mrs. Zhou..."

"you--"

Hearing this, Zhou Liang took a deep breath and gritted his teeth.

Lin Caisang used to just follow him and call him brother, like a fool. When did his mouth become so sharp and he actually dared to threaten him with words?

The news that he and Liu Yushui were together at the moment must not be known to his grandfather and mother, otherwise his father would really break his legs!

"Okay, okay, Lin Caisang, just wait."

After saying the cruel words, he dragged Liu Yushui away in a hurry, as if a savage beast was chasing him. Liu Yushui almost fell down several times while being dragged by him.

"Sang Sang, let's talk about Zhou Liang like this today, he won't..."

Seeing Zhou Liang and Liu Yushui leaving, Lin Changfeng looked at Lin Caisang worriedly and asked.

"He will not."

Lin Caisang's lips curled up slightly and she replied.

"No? Why?"

Lin Changfeng was puzzled. Zhou Liang looked elegant and gentlemanly to outsiders, but in fact he was a complete villain.

I suffered such a big loss from them today, how can I go back without taking revenge?

"Because he's not free!"

Lin Caisang replied with five words to his cousin.

From today on, Zhou Liang is not the original one who broke off the engagement, but the one who broke off the engagement. This matter will be spread out soon. Mrs. Zhou will definitely not be able to save her face, and she will definitely pursue the matter to the end.

It won't be long before she will find out that her son took Liu Yushui to block her in the bookstore. Her son is against her. Mrs. Zhou tried every means to erase her son's relationship with the Liu family, but she didn't expect that her son would still be there. He was carelessly spending time with his daughter.

By then, Zhou Liang will be completely locked up by the Zhou family. Will he have time to deal with the Lin family?
