Chapter 134 Enough to support a big show

"I didn't see Liu Yushui and Zhou Liang together yesterday, but now I see them." Lin Caisang curled his lips.

"What do you mean?" Lin Changhong asked.

"As for the Zhou family, let Liu Rumei do it, so that she has no time to worry about Liu Baixiao's affairs; as for Zhou Liang, let Liu Yushui do it. With beauty, how can Zhou Liang have the time to read a book? He deserves his autumn Wei failed!"

Lin Caisang said.

"this....."

Lin Changhong paused and looked at his sister with some joy on his face.

If he goes and reveals Zhou Liang's residence now to Liu Rumei's ears, it will undoubtedly push the Zhou family into a desperate situation and have to marry Liu Yushui.

In just a few days, the marriage will be finalized, Zhou Liang will be taken back to his home, and his family will watch him study peacefully, and this matter will come to an end, right?

"Mrs. Zhou will agree to let Liu Yushui in?" he asked.

"Of course not." Lin Caisang shook his head.

Since he can't, then shouldn't this matter still cause trouble? Lin Changhong raised his eyebrows and asked with his eyes.

"Mrs. Zhou is a smart person. She will not agree to Liu Yushui entering the Zhou family and becoming her daughter-in-law, but she can drag it. If Zhou Liang concentrates on studying and attending the Qiu Wei Festival, he can drag the Liu family for several months. "

Lin Caisang said again.

"Liu Yushui's belly..."

"Only the people in Yacun know this. Liu Yushui can just hide at home and secretly give birth to the child. When the time comes, buy one get one free and marry her, she will still be the bride. What a good thing. Liu Rumei is Only a fool would refuse."

Lin Caisang said.

Of course, this requires Mrs. Zhou to coax Liu Rumei with her smooth tongue. As long as people are excited, nothing will go through their brains, but it is also possible that Liu Rumei will not believe Mrs. Zhou's words.

But then there will be a 50/50 chance. It would be better to let Liu Yushui spend all his efforts to pester Zhou Liang, and then let Liu Rumei bring chaos to the Zhou family.

How great, beneficial to everyone.

"Then what do you mean, we won't do anything?" Lin Changhong asked.

"Um."

Lin Caisang nodded.

Just let Liu Rumei and her daughter play freely.

It is said that three women make a show, but Liu Rumei, mother and daughter, are enough to support a big show. If others interfere with it, the original balance may be broken?

"That's it for now. It's not that easy to find out where Zhou Liang is anyway."

she said.

Lin Changhong: "..."

Why does he feel like he is being led by his own girl? Is it an illusion?

"But I already know where Zhou Liang is." He couldn't help but muttered.

"What?"

Lin Caisang blinked and stared at him.

When did her brother become so capable? He could know everything in the world without even stepping out of the door? Why does she feel so unreal?

"How did you know?"

What she wanted to ask was: How did you get the ability to know where Zhou Liang lives?

"I heard from people in our village. They said that someone saw Zhou Liang in the county town when he went shopping. He went to his second uncle's house. I even wrote down the address."

Lin Caisang: "!!!"

Who in this village can have such good skills?

Except for Lin Changfeng, who would go to the county town for free? They all go to the town to buy things. It is cheap and close, and can save a lot of trouble.

Brother, do you believe this?
