

Lucky Star of Space on Farmlands

Chapter 14 Is this slap loud?

It was only because he felt a little sorry for the Lin family that he didn't take out the divorce documents immediately. He just never thought that the Lin family was going to push them to a dead end.

"You old fool, your granddaughter is already a concubine. How dare you come to challenge my Liang'er for something that no one wants? If you want to break off the engagement, my family will do the same. Who do you think you are?"

Mrs. Zhou was blocked in the corner by Lin Caisang. She couldn't push and push her, and couldn't walk out. She could only jump and scream.

"I'm telling you, you...ah!"

But before she could finish her words, a big slap fell on her face.

"you--"

"If you dare to be disrespectful to my grandma again, I will make you speechless again!" Lin Caisang narrowed his eyes dangerously and glared at Mrs. Zhou fiercely.

"Lin Caisang, you little girl, how dare you disrespect your Aunt Zhou, she is your elder!"

When Zhou Jitang saw his wife being beaten, he immediately rushed over. Unfortunately, he was a scholar with no strength, so he was overturned by Lin Caisang and almost fell to the ground.

"elder?"

Lin Caisang's lips curled up slightly and turned around.

He just glanced at Zhou Jitang lightly, and then looked at Master Zhou.

"It turns out that the tutor in Old Master Zhou's family means that everyone in your family is an elder and should be respected by others. People from other families are inferior to you. My grandma is an immortal thing. What about you, Old Master Zhou? ? If Sangsang remembers correctly, Master Zhou should be older than my grandma, right?"

Hearing this, Master Zhou took a deep breath and wanted to have an attack, but he didn't know where to start.

Lin Caisang was disrespectful to Zhe Mei, but that was also because Zhe Mei insulted Lin Lu first. Everything comes first, and Zhe Mei deserved to be beaten even if he was the first to speak disrespectfully.

He actually underestimated this little girl Lin Caisang!

"Jitang, Zhemei, don't say anything more."

After glaring at his son and daughter-in-law displeased, he looked at Lin Lu again.

"Sister Lu, when you take out the divorce document, does my old brother know about it?" he asked.

"Grandpa Zhou, this document was written by grandpa himself."

Without waiting for Lin Lu's reply, Lin Caisang answered Master Zhou's questions fluently.

"My grandpa also asked Sangsang to tell Grandpa Zhou. He said: My Lin family is being harmed for no reason now, and almost lost the lives of my family. Although there is nothing wrong with it, after all, we are not worthy of such a high-ranking family as the Zhou family. , it's better to get together and part ways, Sang Sang and Zhou Liang will have nothing to do with the marriage of men and women from now on!"

Master Zhou: "..."

Was this really what Lin Laojie said? He doesn't believe it!

"Sang Sang, actually Grandpa Zhou is still very satisfied with your grandson..."

"Sang Sang thanks Grandpa Zhou for your love. It's Sang Sang who deserves it, not Brother Zhou Liang. In fact, Sang Sang can see over the years that Brother Zhou Liang is also very good to Sang Sang and cares a lot about her. But now that something like this happened, this It's futile to delay the marriage, so it's better to retreat."

Lin Caisang interrupted Master Zhou and said.

Who doesn't know how to say nice things? Look, are her words good?

Is this slap loud? Knowing that Zhou Liang played an irreplaceable role in this game, like a mastermind behind the scenes, she still held this man up high.

However, when these people fall down later, they just don't know how painful it will be.

"That's right, Brother Zhou, it's better to cancel this marriage. I know that your Zhou family is kind-hearted and can't bear to let Sangsang suffer. Then it will be up to my Lin

family to cancel this marriage. In the future, when talking to the outside world, it will also be my Lin family's fault." ”

Lin Lu's tone also softened and she said to Master Zhou.
