

Star of Space 145

Chapter 145 Did you do something wrong?

After a whole day's work, many pencils were ready, and she pressed them with two large stones to let them shape.

When she came out, the sky was already dark, and Lin Baiyi and Lin Yang just came back, with smiles on their faces. It could be seen that Lin Laogen and Lin Lu who greeted them were also very happy.

"Lao San, Lao San's family, how much did you sell today?"

Lin Lu asked quickly, bypassing them and looking towards the bullock cart. At this glance, his eyes suddenly lit up, and he clapped hard with his old hands.

"Hey, there are really a lot missing. It seems that they are all sold."

"Mom, the things we sell are all small items, such as pot brushes, dustpans, brooms, etc. These things are easy to sell, and I sell them cheaply. Instead of making them yourself, it is more convenient for you to buy one from me. They were all sold.

Lin Baiyi said with a smile.

He didn't expect that the business would be so good, and that all of them were actually sold.

"But these stools are not easy to sell. After walking outside for a whole day, I only sold one. But the wooden horse was sold. The children liked it."

As he spoke, he looked at Lin Changyi, who had bright eyes.

"Changyi, dad will also make you a wooden horse to play with tomorrow."

When Lin Changyi heard what he said, a blush appeared on his face, and he secretly stamped his foot, "Dad, I'm seven years old, why should I play with that thing? Why don't I let my mother give me another little brother to play with this?" almost.

"You kid, what are you talking about?"

Lin Yang looked at her son who didn't hold the door open and scolded him.

How old is she? Her eldest son, Changfeng, is already sixteen. How can she give birth to a child? Don't be laughed to death by the villagers later.

"Third uncle..."

Just as Lin Caisang was about to speak, she heard Lin Caihe's voice. She pursed her red lips and said nothing more.

"Dad, you must have a lot of money after selling so many things. Did you buy me a silk flower? I saw the pink one when I went to town last time. It was pretty." Lin Caihe's eyebrows were filled with joy, and she said proudly. He glanced at Lin Caisang.

The look in his eyes seemed to say: Look, my dad is still great and has made money.

Lin Caisang looked at her little appearance, just shook his head, sighed in his heart, and ignored it.

"Did not buy."

Lin Baiyi's face suddenly turned cold when he heard his daughter's words.

Now the whole family relies on Sangsang to earn money by digging medicine. He finally sold some stuff, but this ignorant daughter actually wants to buy silk flowers? Isn't this just throwing money into the water?

"Did not buy?"

Lin Caihe was a little unhappy, but quickly cheered up and looked at his father.

"It's okay, Dad, I know your business is good, but I forgot when I was busy. Just buy me two flowers next time. This time I will..." Forgive you.

"Lin Caihe, believe it or not, I will beat you to death!"

Before she could say the three words, she heard a roar, mixed with overwhelming anger, which made her shrink back in fright. She didn't understand why the whole family, who was so happy just a moment ago, looked so ugly at this moment. ?

"Grandpa, grandma, mother, I..." Did you do something wrong?

She obviously didn't do anything? Is it so difficult to just buy a silk flower? Lin Caisang bought Cai Qing a beaded flower a few days ago. It was so beautiful that it made her eyes hurt.

But now that she's here, why can't it be done?

"Third brother, Sangsang bought the oxcart for you. Remember to pay back the money first." Lin Laogan didn't say anything about his granddaughter. He just told Lin Baiyi and pushed the wheelchair to the main room.
