

Lucky Star of Space on Farmlands

Chapter 15 I brought brother Zhou Liang back

However, her face didn't relax at all, it was still cold, and she didn't look good on anyone.

Master Zhou: "..."

Everyone in the Zhou family: "..."

It's obvious that they are here to cancel the engagement, okay? This Lin Lu family really has no self-awareness at all!

However, they knew in their hearts whether Lin Lu had no self-awareness or was pretending not to know. Lin Lu wanted to step on their Zhou family members.

"Aunt Lu, after all, your Sangsang family has married someone before. This marriage should have been annulled. Now even if we want to break off the engagement, it should be my Zhou family who can do it, right? After all, our Zhou family has done nothing wrong. , You can't rely on Bai Guan's bad reputation of being withdrawn from marriage, don't you think so?"

A middle-aged man stood up and was the second eldest son of the Zhou family.

It doesn't matter to him whether Zhou Liang's marriage is canceled or not, but if Zhou Liang is canceled, it won't be his business alone, and his children will also be implicated.

Therefore, he did not agree to the Lin family canceling the engagement.

"Oh, so that's what happened. The Zhou family... didn't do anything wrong."

Mrs. Lin Lu nodded and looked at Master Zhou with sharp eyes, staring at him until his face was full of shame and he could not sit still.

"Grandpa Zhou, autumn is coming soon. Brother Zhou Liang must be studying hard at home, right? He is really working hard. I think he will definitely pass the exam this time."

Seeing that Master Zhou was about to run away after being told this, Lin Caisang quickly stepped forward and added another sentence.

Master Zhou: "!!!"

He felt something was strange, but it turned out that he didn't see his unlucky grandson Zhou Liang. He obviously came with him!

This time, he stood up from the stool.

"Jitang, where is Liang'er? Where did he go?"

Breaking off the engagement with Lin Caisang was the most important thing for Zhou Liang. What could be more important than breaking off the engagement?

When he entered the village just now, he seemed to have seen...

Thinking of that person, his expression suddenly turned bad, "Hurry up and find Liang'er for me..."

"No need, Grandpa Zhou, I brought brother Zhou Liang back."

Before Master Zhou could finish speaking, Lin Changhong's angry voice sounded in the courtyard.

From Lin Caisang's point of view, no one in the yard could be seen, but listening to the footsteps, one could hear the voices of many individuals, including Lin Changhong, Lin Baiyi, Zhou Liang and Liu Yushui.

"this....."

When Master Zhou heard the sound, he rushed out of the door, and the rest of the Zhou family followed.

"Ah, what are you doing? Why are you kidnapping my Liang'er? Liang'er, Liang'er, who beat you like this? Tell Mom, Mom will beat them to death."

Almost immediately, the earth-shattering sound of plum blossoms breaking could be heard in the yard.

"What's going on here?"

Lin Lu didn't understand what happened, but he could still see that Zhou Liang and Liu Yushui came back with their hands tied.

"Grandma, the fun has just begun."

Lin Caisang's lips curled up slightly and she followed Lin Lu out.

However, what she didn't expect was that her yard was big enough, right? But half the courtyard was filled with people!

"Li Zheng, you... what's going on? How did my Liang'er offend you?" Master Zhou frowned. Although he already knew what was going on, he still asked pretending not to know.

In my heart, I have already scolded these people in the Lin family bloody.
