

Star of Space 151

Chapter 151 Do you think I am dangerous?

She still wants to be a human being.

"What are you doing here again?" she asked.

"I'm here to tell you that I like that painting very much."

A faint voice floated into Lin Caisang's ears. When she heard him say she liked it, Lin Caisang felt proud. Painting was the only skill she could master...

Ah, her best skill is obviously medical!

"As long as you like it."

"A painting made of ink stone?" Ya Molian asked again.

"Um."

Lin Caisang responded.

"Brother Mo Lian, when are you going to leave?"

After hesitating for a while, she finally asked. She was sleepy and wanted to sleep. This guy couldn't stay in her room all the time, right? That doesn't make sense either.

"Wait, let's ask the last question." Hearing her question, there was silence in the air for a while. Just when Lin Caisang thought Ya Molian would get up and leave, he heard his voice.

"what is the problem?"

Why did she feel that there was a creature called "danger" flowing in the air, and every creature was rushing behind her crazily? She swallowed, feeling that this last question must be a trap!

"You...you asked."

As she finished speaking, she saw two arms, one on the left and one on the right, supporting her pillow, and a dark figure pressing towards her.

"Brother Mo Lian, you...what are you doing?"

She hasn't done anything that is outrageous to both humans and gods, right? She obviously gave him such a good gift, so why did she feel that... a certain man wanted to break her neck?

'Boom, boom, boom.

The room was eerily silent, and she could only hear her own heartbeat, which was completely messed up, and... her breath so close at hand.

"I heard that you think I'm in danger and you want to stay away from me? Huh?" A low and lazy voice sounded in her ears.

Lin Caisang: "...!!"

It is indeed a trap!

And it's an extra-large pit! !

Where's the knife? Where is her Qinglong Yanyue Sword? ? ?

Lift her up, she's going to cut out the tongue of her big-mouthed brother. How many times has she been tricked by Lin Changhong's open mouth?

"Hehe, hehe, how, how could it be possible, Brother Mo Lian, what nonsense are you listening to? We have been neighbors for so many years, haven't we? I don't know what kind of person Brother Mo Lian is."

She felt extremely guilty and had to try her best to explain.

She thought to herself, luckily the room was dark enough, otherwise, one look at her face would tell that she had suspected Ya Molian for a long time, and she might really be silenced!

"Then what kind of person am I? Huh? Xiao Sangzi?" Ya Molian asked.

Although the room is dark, who is he? Not to mention it is just dark, there is not even a trace of light, how can he not be able to feel the breath of the person next to him?

"You...hehe, Brother Mo Lian, you..."

I was so nervous that my mind went blank. I had no words to describe Ya Molian.

Act bravely? everyone likes them? Kind and honest?

Bah, bah, bah, what are these things? Can you get close to the big-tailed wolf in front of you?

Obviously it's not possible!

"Xiao Sangzi, actually... you are right."

Just when Lin Caisang couldn't find any good words to describe Yamolian, he suddenly heard him speak.

"ah?"

One sentence made her look confused.

What did she say? She didn't say anything. She didn't even have time to explain.

"I am a very dangerous person." Ya Molian continued.
