

Star of Space 153

Chapter 153 I, I...I'm not excited

"What... is this all about? Isn't it just tying up my hair and wearing a hairpin? It's not just writing a document, but I'm actually pressing red handprints!"

It's enough that this guy Ya Molian actually carries something as valuable as red seal mud.

"Forget it, sleep."

I no longer thought about whether or not I should write it down, so I climbed into bed and fell asleep with my head covered.

...

"What, what the hell, you say it again?"

Early the next morning, two people were standing in the kitchen, Lin Caisang and Lin Changfeng.

"What's wrong? Sangsang, why are you so excited?" Lin Changfeng looked at her, a little confused.

"When it comes to hairpins, if a woman has promised to her husband's family, she will allow the man from her husband's family to come over and personally tie up the girl's hair and wear a hairpin. This is the custom of our Liang Kingdom. Have you forgotten?"

Lin Caisang: "!!!"

At this moment, her expression was beyond description.

Such a huge black hole in the universe, she was so stunned that she didn't even turn her brain and ran straight into the hole.

In order to be able to send Yamo Lian back as soon as possible, he even took the initiative to propose a written document!

"I, I, I...I'm not excited."

Damn it, she wasn't excited, she just wanted to hit her to death!

Also, why did she forget? She didn't even know if it was good or not! ! !

"Actually, it's nothing. The marriage between you and the Zhou family has been cancelled. It's okay if you don't know these things. Lin Changfeng was concentrating on baking corn cakes in his hands. He didn't stare at her all the time, and he didn't see her ugly expression. face.

"Customs vary from place to place. Just like in our Ye County, although there is a saying of wearing a hairpin to tie one's hair, it is rare for the husband's family to send a hairpin to the girl's house when getting engaged. At most, it is just a matter of words. In short, I will definitely be there when the time comes. When I tie my hair, it would be nice to have a peach wood hairpin. Some people just give me a red headband. "

Lin Caisang: "???"

She doesn't care whether others give her a mahogany hairpin or a red hairband. The problem is that she sold herself last night, and she still carelessly thinks that it's just a note. What's the big deal about combing her hair.

It never occurred to her that as a young girl, she could let a strange man tie her hair!

He raised his hand and wiped his face, feeling really stupid.

"It's such a big black hole, and I jumped in!"

"What did you say? Sangsang, what kind of black hole?" Lin Changfeng didn't hear her words clearly and turned to look at her and asked.

"No, it's nothing."

Lin Caisang shook his head quickly and refused to tell anyone about the stupid thing he had done.

"I mean, I had a nightmare last night when it was dark and cold. I dreamed that a big mouse ran into my room. It almost scared me to death. I have to do more work today to calm down the panic."

She gritted her teeth and said the word 'big rat' extremely hard!

That's right, she was not far from death now. She knew that Ya Molian was a dangerous person, but she actually sold herself to him.

"You."

Lin Changfeng smiled when he heard her words.

It was the first time that he heard about people who were frightened but worked to cope with it.

"Are you too busy and tired these days?"

"Maybe."

Lin Caisang nodded and added silently in his heart that he was frightened by Ya Molian. He had never seen such a sinister person before.

"Go and have a rest. When the meal is ready, your brother will bring it to you. Just stay at home today and don't bother going up the mountain." Lin Changfeng said.
