

Star of Space 154

Chapter 154 Just yawned...

"my brother....."

When Lin Changhong was mentioned, Lin Caisang's face suddenly turned ugly again.

She really couldn't afford this brother who had been cheating girls for twenty years. She couldn't say anything to Ya Molian, but she said she warned him to stay away from Ya Molian. Wouldn't this cost her her life?

"Then I'll go back first."

With that said, she turned and left the kitchen.

As soon as I arrived in the yard, I saw a certain brother who had no idea that he had tricked his own sister. He yawned and walked out of his room. When he saw his own sister, he immediately said hello with a smile.

"Sang Sang, you got up so early."

"snort!"

Lin Caisang glared at him coldly, went back to his room without saying anything, and closed the door with a bang.

Lin Changhong: "..."

Standing there with a confused face, looking at the dust stirred up by the door, he turned his head and happened to see Ya Molian coming from the next yard.

"What's wrong?" Ya Molian asked him.

He heard the loud slam of the door closing, with such a stance that he almost slammed the door to the ground.

"Did you make her angry?"

Lin Changhong: "!!!"

June Feixue, he is simply more unjust than Dou E!

"I just yawned..."

He had just come out of the room. How could he offend Sangsang? It really was none of his business. Could it be that a yawn could offend Sangsang?

"Could it be that after I returned to the room last night, Sangsang dreamed of that big rat again?" He couldn't help but mutter.

But what does this have to do with him?

The big mouse Yamolian dreamed of by Lin Caisang: "..."

It seems that this girl knows that she did something important last night, so she is sulking?

Therefore, she blamed all the faults on Lin Changhong, because this boy leaked the truth in front of him and betrayed her.

"Sang Sang, Sang Sang, what's wrong with you? Come out and show me."

While Ya Molian was thinking blankly, Lin Changhong had already walked to Lin Caisang's door, patted the door gently, and asked in a soft voice.

Lin Caisang in the room: "..."

I really want to yell outside, I don't have a brother like you who cheats people to death without paying for it!

However, her eldest brother really pampered her too much, making her feel guilty even when she found a few reasons to complain about him.

"Okay, okay, I admit, my dear brother just has a missing string in his mind. It's not a big deal."

However, just selling his own sister's life-long event is a big deal, right?

She was roaring in her heart, feeling that a large area of cells in her head had been burned. Why was her neighbor Ya Molian, the sinister man? Why was this? ? ?

"Sang Sang, Sang Sang, open the door quickly." Outside the door, Lin Changhong continued to knock on the door.

"Forget it, forget it, I - endure it!"

Lin Caisang took a deep breath, reciting the "Forbearance Jue" secretly in her heart, walked to the door, and opened it.

"I do not.....!!"

When she looked up, she saw the big-tailed wolf that had tricked her into trying to kill her, standing calmly in the yard and staring at her.

Finally, he couldn't hold back the breath he was holding in his heart. He closed the door behind his back, pushed Lin Changhong away, and walked angrily to the place where he usually kept the bamboo basket.

Put the bamboo basket on your back and walk directly out of the yard.

"Sang Sang, where are you going?" Lin Changhong saw this and hurriedly chased after him and asked.
