

## Lucky Star of Space on Farmlands

### Chapter 16 Just rolling around there, not afraid...

Lin Baiyi and Lin Changhong must have deliberately blocked his grandson. Otherwise, how could the matter between his grandson and Liu Yushui be discovered?

"snort!"

When Li Zheng heard what he said, he snorted coldly, and even waved his sleeves directly at him, without any good expression at all.

"This... the third child, Changhong, what's going on? How did they..."

Mrs. Lin Lu was also a little confused and had no idea what was going on. In her heart, no matter how much Liu Yushui and Zhou Liang were in love, they couldn't just mess around without being engaged, right?

But the fact is that Zhou Liang and Liu Yushui are now tied up, their hair is messy, and their clothes are even more haphazardly worn.

"Grandma Qiubo, it's like this."

Before Lin Changhong could say anything, Ya Enxi jumped out from the side.

"Yesterday Brother Molian and I brought back a lot of game, so we gave each of them a pheasant to Li Zheng, Chief Ya, and Chief Lin. I also said in passing that the pheasant stewed with spring bamboo shoots tastes very delicious. Isn't that... ...

Li Zheng and the others went to the small bamboo forest over there early in the morning to dig spring bamboo shoots. Who knew that they had not yet dug up a few bamboo shoots, but they saw these two people actually doing such shameful things in the small bamboo forest in broad daylight. My son, it's still wet in the woods. I can just roll around there and I'm not afraid... ahem.

I almost made Clan Chief Ya and Clan Chief Lin mad to death. No, the two Clan Chiefs have gone home to lie down. I asked Li Zheng to come over and explain this matter clearly to you and Grandma Laogan. After all... this week Liang But he is engaged to a mulberry-picking girl.

He glanced with disgust at Zhou Liang, who had his hands tied and his face flushed, and Liu Yushui, who lowered his head and shrank his neck.

"Aunt Lu, Patriarch Lin asked me to tell you something. He, the patriarch, will never agree to the marriage between the Zhou family and your family." Li Zheng looked at Lin Lu and said word by word. At the end, he also said Added a sentence.

"Sang girl is a good girl."

Master Zhou: "..."

Everyone in the Zhou family: "..."

What does this mean? Lin Caisang is a good girl, but the children of their Zhou family are not good people?

But Ya Enxi's words just now made it clear enough. Zhou Liang secretly went to the small bamboo forest with Liu Yushui behind everyone's back, where the two of them were having an affair!

If they say anything again at this time, they really can't afford to lose face.

Mrs. Zhou, on the other hand, couldn't hold back her anger when she saw her son being beaten and tied up in public, so she choked at Li Zheng.

"What a good girl, she is clearly a concubine who has killed her husband and is no longer wanted! My Liang'er has been in bad luck for eight lifetimes since she got involved with her. Now that I meet a better girl, of course I have to hurry up You started it, are you still waiting for someone else to snatch it away?"

Although she doesn't like the girl Liu Yushui, but now this matter is a matter of face, so she can't say anything bad about the girl her son likes.

Everyone: "!!!"

Who the hell is this person? It's natural for him to steal love?

With such a mother, no wonder Zhou Liang would do such a thing that ruined the family tradition. It turned out that he just followed his mother.

"you--"

Just as Lin Lu was about to reply, Lin Caisang pulled off her sleeve.

"Grandma, please don't speak at this time. Just watch." She approached Lin Lu and lowered her voice.

At this time, it didn't matter who was the leader, but it definitely couldn't be from their Lin family. They couldn't afford to offend Master Zhou just because of the reputation of Master Zhou, who had taught in the county.
