

Star of Space 169

Chapter 169 Maybe someone is greedy

"Get out of here, if there's anything good to see, get out of here!"

He waved his hand and shooed everyone away like flies. Even if he didn't live a satisfactory life in the Liu family, he was still someone who could afford money. These mud-legged people couldn't compare.

When the villagers saw him like this, they laughed and turned away.

...

Soon, Liu Baixiao saw the deserted area, which had been almost tidied up. Because it was noon, there were a few men carrying their belongings and preparing to go home for a meal before coming back to work.

Seeing Liu Baixiao coming towards him, everyone pointed at him before leaving.

Liu Baixiao was so pale by them that he wanted to turn around and leave, but thinking that his son was still hiding there, he could only grit his teeth and continue walking up the Menghuang Mountain.

"Sang Sang, Sang Sang, look at that person, is it Liu Baixiao?" Lin Changhong saw Liu Baixiao's figure at the foot of the mountain with sharp eyes, and shouted to his sister at the top of his voice.

Isn't it strange that people who haven't come to my door in the past ten years are actually coming?

Lin Caisang heard Lin Changhong's voice and raised his head to look far down the mountain. Sure enough, he saw Liu Baixiao's sneaky figure, looking around, apparently looking for his grandpa and grandma.

"Grandma, the second uncle is here."

Lu Qiubo of the Lin family was planting vegetable seedlings beside her. When he heard that his son was back, he didn't even raise his head to take a look. It seemed that he was really disappointed with Liu Baixiao.

"Ignore him. Grandma doesn't have a son, and you don't have a second uncle, Sangsang!" Lu Qiubo said without raising his head.

"Grandma..."

Lin Caisang looked at his grandma helplessly.

"Don't tell grandma whether you are close or not. If he, Liu Baixiao, still has affection for our family, he wouldn't be so cruel." Lu Qiubo finally raised his head, but just glanced at Lin Caisang, and then said .

She doesn't have to worry about becoming a son-in-law or changing her surname. Anyway, life is his own and he can live it how he wants.

But the last time he hurt Sangsang so badly that he was almost buried alive, he couldn't be forgiven without care. Moreover, after so long, he didn't even come to apologize.

It can be seen that Liu Baixiao felt that his wife was absolutely right in doing this.

What would she do with such a son?

"Grandma, I heard the news before that Liu Qingshui was involved in a life-and-death lawsuit. Now that the second uncle comes back, there will definitely be nothing good. I just want you and Grandpa to be more careful and not to be plotted by the second uncle."

Lin Caisang said.

"What? A life-threatening lawsuit?"

After hearing this, Lu Qiubo finally put down the vegetable seedlings in his hand.

However, she was surprised for only two seconds, but she frowned and looked at her granddaughter seriously.

"Sang Sang, where did you put your mountain deed? You have to hide it. Now that the barren mountain is covered with a decent look, someone might be greedy. Don't let anyone steal the mountain deed."

This person, of course, refers to Liu Baixiao.

Lin Caisang: "!!!"

She thought grandma would be worried when she heard something happened to Liu Qingshui, but she didn't expect that the first thing she thought of was that her mountain deed would be stolen by Liu Baixiao.

Grandma wouldn't think that Liu Baixiao was here to borrow money, would she?

"Don't worry, grandma, I kept the Shanqi very well and no one will find it," she said.

But no, who can take away the things placed in the Jinzhu Space? Unless she brings someone in to get the mountain deed.
