

Star of Space 173

Chapter 173 Throw out of the village!

"Why can't you understand? Even if you don't agree, Rumei will find a way to make Changfeng take the blame. Not only will Lin Changfeng be in trouble, but he won't even be able to make a tael of silver. It's not worth it. ah?"

What he said was true. With Liu Rumei's temperament, how could she not be able to do what she wanted to do?

"You said that if you really forced Rumei to do this, it would be hard for the whole family to see each other again.

The people behind Liu Baixiao: "..."

They have really never seen such a shameless person. Is this the first time in Yacun? Fortunately, he changed his surname and got out of Yacun, otherwise it would be a disgrace to Yacun.

Even now, they feel embarrassed.

"you--"

After listening to his words, Lu Qiubo was so angry that she was swaying and was about to fall down. Upon seeing this, Lin Caisang and Lin Changhong quickly supported her on the left and right.

"Two patriarchs, grandfathers and uncles, my grandma is very angry. Please send my second uncle out of the village. Thank you."

She looked at the people behind Liu Baixiao.

"What kind of clan leader, Lin Caisang, please stop scaring...scare!"

When Liu Baixiao heard her words, he smiled coldly, not believing her words at all. The Lin family was not a very powerful family, so how could the patriarch come, let alone two patriarchs coming together.

However, he still turned around and glanced behind him suspiciously, and when he saw everyone's faces glaring at him like thunder, he suddenly broke into a cold sweat.

Instinctively, he took a step back and tried to escape quickly, but his right hand was grabbed by a man.

"Liu Baixiao, you dare to come back, how shameless!"

The man looked at Liu Baixiao's ugly face with disdain and wished he could slap him into the ground.

There are only a few talented people in Ya Village, let alone one as young as Lin Changfeng. This guy actually wants Lin Changfeng to take the blame for his unfulfilled son!

Who is he?

"Clan leader, is it too easy for him to throw him out of the village like this?" He looked at Patriarch Lin and asked.

"Hmph, give him to me..."

"Throw it out of the village quickly!"

Chief Lin wanted to say that he would give this shameless man a good beating, but was interrupted by Chief Ya.

"this....."

The man's surname was Lin, so of course he listened to Chief Lin, but Chief Ya was also a highly respected person, so he didn't want to listen to what he said, so he could only look at Chief Lin and ask for his opinion.

"Clan Chief Lin, one more thing is worse than one less thing. The key is not to cause trouble for Sangsang." Chief Ya reminded Chief Lin when he saw the man's troubled look.

It was not impossible to beat up Liu Baixiao, but they were angry, but Liu Baixiao's family would probably take their anger out on Lin Laogan's family later.

When Patriarch Lin heard what he said, he frowned and winked at the man.

When the man saw this, he immediately called three more people, lifted one of Liu Baixiao's limbs, and carried him away, completely ignoring Liu Baixiao's screams.

"Old Geng, you can't be confused about this matter, and you can't let Changfeng suffer any injustice." Patriarch Lin looked at Lin Lao Geng who had just been pushed out and was sitting in a wheelchair, and said sincerely.

"Clan leader, you don't need to say anything, my heart is open." Lin Laogong sighed and said.

He is not stupid. Doesn't he know that Liu Baixiao's son has never been reliable? This time I can risk my nephew for my son, and I can risk my nephew for myself in the future.
