

Star of Space 177

Chapter 177 Find a way for me quickly!

"The second sister has such a beautiful idea. Letting Cousin Changfeng come out to take the blame for the eldest brother will help Zhou Liang get rid of Cousin Changfeng as a target. Do you think that everyone in the world will revolve around you? , what you say is what you say, and others do what you want?

Those who regard others as fools are the direct fools! "

"you--"

Liu Yushui was so angry at what he said that he took a step back.

That's what she was thinking, let Lin Changfeng take the blame, so that no one in the family would get into trouble, and she could also remove Lin Changfeng, the thorn in his side, so that no one would want to go against Brother Zhou Liang in the future.

This is a good thing that kills two birds with one stone.

"Liu Chushui, have you forgotten your last name? Your last name is Liu!" She asked him with scarlet eyes.

He actually called her a fool, this Liu Chushui!

"snort."

Liu Chushui snorted coldly, stepped towards Liu Rumei and Liu Baixiao, passed them, and walked out of the house.

"Mom, look at my third brother, how have you spoiled me?" Liu Yushui couldn't get any benefit from Liu Chushui, so he turned to Liu Rumei and stomped his feet to complain to her.

Hearing this, Liu Rumei was ashamed by Liu Yushui's words no matter how straight he was.

Is she used to Liu Chushui? It has never been good or bad. Liu Chushui has been so upright since he was a child and has never pleased her. How could she pamper Liu Chushui?

Every day when she saw her son, she was in a very bad mood. She would either hit or scold him several times.

"Okay, why are you arguing with him? Don't be angry and be careful about the child in your belly." She advised her daughter.

"snort!"

Liu Yushui stamped her foot again and became even more angry when she mentioned the child in her belly.

"Now that my eldest brother has been taken away, what use is the child in my belly? After hearing this news, how can the Zhou family admit their marriage to our Liu family? Mother, please find a way for me quickly!"

Of course there is a way, and she has already thought about it carefully. She believes that her mother has the same thoughts as her.

"Okay, okay, I'll think of a way."

Liu Rumei nodded quickly, no one could wrong her daughter.

"Mom, go to the county government office right now. Your eldest brother will be rescued. You go back to your room and rest first."

The people in the Lin family are unwilling to hand over Lin Changfeng, so what? She has many ways to make the county magistrate think that Lin Changfeng did this. As long as the people in the county government are convinced, even if Lin Changfeng There are a hundred mouths, and it's all incomprehensible!

"Liu Baixiao, what are you doing standing there? Hurry up and prepare the carriage, and go to the counting house to pay three hundred... no, one thousand taels of silver. I'm going to Qianlin County. You go with me."

"okay."

Liu Baixiao responded quickly, raised his feet and left in a hurry.

He naturally knew what Liu Rumei wanted to do. He wanted to blame Lin Changfeng for the murder. As long as he used money in the county government, the matter would be easy to handle.

But he also knew that things that Liu Rumei thought were easy to do were already very difficult to do.

Because when he went to Ya Village, everyone who made the noise knew about it. If the Lin family brought several patriarchs from Yan Village to testify, Lin Changfeng would be innocent, and the Liu family might be imprisoned. A false accusation.

But he didn't dare to tell Liu Rumei about this directly, so he could only do it according to her wishes.
