

Star of Space 184

Chapter 184 What, are you proud?

...

However, although Liu Rumei woke up in time after listening to Lin Caisang's words, it was still too late.

He hurried back to Liu's house, wanting to sell all the things he had saved over the years for money so that he could plan for the future, but he couldn't even get through the gate of Liu's house.

"I am the eldest lady of the Liu family, you dare to push me?"

Liu Rumei became angry when the servant pushed her and prevented her from entering.

But what if you are angry? He could only watch helplessly as the door of Liu Mansion was closed in front of him. No matter how he yelled or screamed, it was no use. At his feet, there were luggage packed by the maid of Liu Mansion. There was nothing except a few sets of clothes.

"How could this happen? How could this happen?"

Liu Yushui couldn't accept this fact, shook his head with a pale face, and murmured to himself.

A few days ago, she was held in high esteem by others as a young lady from the Liu family. She would soon marry into the Zhou family and become a young lady, but in the blink of an eye, she was reduced to homeless?

"Liu Qingshui, it's all because of you!"

Turning her head, she looked at Liu Qingshui with scarlet eyes and grabbed his collar.

"Who are you trying to save? What does their life and death have to do with you? Why don't you learn more skills if you have the time? All you want to do is travel around. Now it's better. We've all been harmed by you. "

"What does this have to do with me? It was obviously you who brought the Liu family into disgrace, so my great-grandfather kicked us out. Liu Qingshui doesn't think it's his fault.

"You're still blaming me. If it weren't for you, would I have been framed by those people instigated by the Zhou family?"

He finally understood that he would suffer this disaster all because of Liu Yushui. If she hadn't daydreamed about marrying Zhou Liang, how could such a thing have happened?

"you....."

Liu Yushui was so angry that she raised her hand to hit Liu Qingshui in the face, but Liu Qingshui pinched her wrist.

"If you dare to hit me, believe it or not, I will kill you, you stinky woman!" He warned fiercely.

"Mom, look at him..."

How could Liu Yushui be Liu Qingshui's opponent with brute force? He could only turn around and complain to Liu Rumei.

"Okay, just stop making trouble."

Liu Rumei just glanced at her daughter impatiently, then turned to look at Liu Baixiao.

"Now that the Liu family is unreliable, they have no choice but to go to Yacun. Why, are you proud?"

Liu Baixiao's face was full of embarrassment and he didn't know what to say.

What about going to Yacun? Can I still go back to live at Lin's house? He didn't understand how they treated his parents until now. How could his parents free up a house for them to live in? Is this a daydream?

"Why are you going to Yacun, looking for scolding?" he said angrily.

"What did you say?!"

Liu Rumei's eyes widened when she saw that he dared to contradict her.

"Liu Baixiao, do you have the guts to say it again?"

"Say it again, Liu Rumei, you thought you were the eldest lady of the Liu family. You were kicked out and you are nothing from now on!" Liu Baixiao's face turned cold and he yelled at Liu Rumei.

"you--"

Liu Rumei was speechless for a moment, grinding her teeth but could only swallow the bad breath.

Yes, she has nothing now, because she had to go to Yacun to do business, and she didn't even have a tael of silver with her, no good clothes, and no gold or silver jewelry.

I was really penniless at the moment.

"Then tell me, what else can we do?" she asked Liu Baixiao.

"How do I know? Who should I ask if you ask me?" Liu Baixiao asked her back.
