

Star of Space 186

Chapter 186 The word 'unfilial'

But what can she do? Now all the way out lies with the Lin family. If she offends them again, she will really end up sleeping on the street.

"Dad, just for the sake of Qing Shui and Chu Shui, please forgive us. Qing Shui, Chu Shui, I still don't kowtow to your grandpa." Liu Baixiao continued to pretend to be pitiful, and turned around to let the two His son also helped him.

"Grandpa, I am Qingshui. I used to come to your house often. Have you forgotten?" Liu Qingshui received his father's look and immediately kowtowed to the closed door.

At this moment, it doesn't matter whether the people inside can see it or not, as long as he can stay, eat and drink, he can do anything.

"Grandpa, my father has said that we will all change our surname to Lin from now on. The Liu family doesn't want us, and we don't want the Liu family anymore. From now on, we will only be close to you and Grandma. Grandpa, please open the door.

On the side, Liu Chushui looked at his father and eldest brother with cold eyes, and sneered in his heart.

He also wants to live here, even if he learns to do farm work in the future and learns to carry everything in this family on his shoulders, but here, there is no room for him to speak.

Because in these years, he has only been to this home once, just once.

It's not that I don't want to come, it's that I don't dare to come.

The things his parents and eldest brother and second sister had done really made him ashamed to come to the Lin family, especially because he had never been taken seriously in the Liu family these years. If he wanted to come to Yacun, he could only use two A leg came over.

What's more, he still clearly remembers that when he was seven years old, he saw that other families had grandparents, but he only had grandparents from the Liu family.

He was curious and wanted to see what his father's parents looked like, so he secretly came to Yacun. However, this time, when he returned to Liu's house, his mother caught him and accused him of cheating.

The seven-year-old boy was beaten until he lay on the bed for more than half a month, and the servants of Liu Mansion were not allowed to invite the doctor to see him.

It was also from that time that he knew what human relationships were, and the world was cold and cold. He was obviously the person closest to him, but his mother beat him half to death. After his father found out, he just came over to take a look.

After that... there is no after.

"Chu Shui, what are you doing, not kowtow?!"

An angry voice interrupted his memories. He looked up and saw his father looking at him angrily.

In desperation, he could only bend down and kowtow to the door.

"Grandpa, I am Chu Shui. I kowtow to you. It is Chu Shui's fault that I have not come to visit you in these years."

"Why!"

In the room, Lin Laogong sighed heavily when he heard the word 'unfilial'.

"Changzhi, come in."

The sound reached the yard. When Lin Changyi heard his grandpa calling him, he immediately opened the door and walked in.

"Grandpa, what are you calling me for? Did they bother you and want to drive them out? I'll go right away." Lin Changyi said automatically before Lin Laojie could say anything.

Hearing this, Lin Laogong took a deep look at this little grandson.

Children are the ones who know good and bad best. Chang Yi's words said so casually, but the thought he had just had was put away again.

"Chang Yi, go to Menghuang Mountain and call back your grandma and sister Sang Sang, as well as your parents and brother Chang Hong. Let them all come back."

When Menliu Baixiao and his family come back to live, he can't make the decision alone. It depends on everyone's wishes. If everyone doesn't agree, he will never let them come back to live.

"Hey, okay."

Lin Changyi responded and went out again.
