Chapter 187 Because Sister Sangsang doesn't allow it

...

On Menghuang Mountain, Liu Rumei made a scene in the morning, but it did not affect the busy atmosphere on the mountain.

Lu Qiubo and Lin Caisang were still planting vegetable seedlings, and Yang Lin and Lin Caiqing were added. Lin Changhong did not come over, but was discussing with Lin Baiyi on the other side how to build windmills and other things.

Everyone was smiling and having a good time.

"Sister Sang Sang, Sister Sang Sang, this is incredible."

After a while, Lin Changyi trotted over. After searching for a long time, he found Lin Caisang and the others, and immediately roared.

"What's wrong? What happened so suddenly? Second aunt is here again?"

Lin Caisang raised his eyes and glanced at him with a chuckle. Now, except for Liu Rumei who came to the door to cause trouble from time to time, nothing else really shocked them.

"It's more serious than that."

Lin Changyi gasped lightly, with his little hands on his hips.

"What's wrong, Chang Yi?" Lu Qiubo put down the vegetable seedlings in his hand and raised his head to ask him.

"Grandma, this is terrible. My second uncle, my second aunt, and my cousin Qingshui are all here. They said they were kicked out by the Liu family and wanted to go back to our house. They are kneeling in the yard now."

Lin Changyi looked at Lu Qiubo and said with a bad expression.

"Grandpa asked me to tell you all to go back."

"What?!"

When Lu Qiubo heard this, he jumped up immediately.

"How dare this evil-hearted person come here? Look, I won't sweep him out with a broom!"

As he said that, he wiped the mud on his apron with a dark face and ran down the mountain.

"Grandma, grandma!"

Lin Caisang wanted to chase her, but her grandma didn't know if she was really angry. The wind was blowing under her feet, and she ran away in the blink of an eye.

"Third Aunt, hurry up and chase Grandma, don't let her hit Liu Yushui, that woman is pregnant with a child."

She quickly told Yang Lin on the side.

"Hey, okay, Qing'er, let's go back."

Yang Lin grabbed Lin Caiqing and hurriedly chased him out.

"Sister Sang Sang, please go back. I'll go find Dad and Brother Chang Hong." Lin Changyi said to Lin Caisang and was about to walk up the mountain, but Lin Caisang held his hand.

"etc."

She looked at Lin Changyi and carefully thought about what he just said.

"Changyi, you just said that grandpa asked you to come back to us?"

"Yes, grandpa asked me to come." Lin Changyi nodded.

After hearing his words, Lin Caisang gritted his teeth and took a deep breath.

A grandfather is a grandfather after all, and Liu Baixiao is his son. No matter how many mistakes he makes, the family ties are still there. It is impossible to really see his son in despair and not reach out to help him.

She can understand how a father feels.

But that didn't mean that she would let Liu Baixiao stay as he wished. For the Lin family, it would be almost devastating.

The return of Liu Baixiao means that there is a arrogant Liu Qingshui in the family, a Liu Rumei who only knows how to curse and thinks he is the best in the world, and a Liu Yushui who is full of tricks and wants to plot against her all the time. .

Will she be peaceful in the future?

Just guarding that family every day was enough for her, and she didn't need to do anything else.

"Sister Sang Sang, what do you mean by grandpa? You don't really want to keep the second uncle and the others, right? What should I do?" Lin Chang noticed her silence and realized that grandpa asked him to call someone. Meaning.

"Don't worry, they can't stay because Sister Sangsang doesn't allow it."
