

## Lucky Star of Space on Farmlands

### Chapter 19 I really have to let it go

Liu Yushui was the only one left in the yard, and Lin Caisang instructed Lin Caiqing to release her secretly.

"Humph, they are so cheap!"

Lin Baiyi slapped the table angrily, his teeth itching with hatred.

"Third uncle, don't be angry. There must be a reason for Sangsang to do this. Let's listen to what Sangsang has to say." Lin Changhong persuaded Lin Baiyi and turned to look at Lin who was lying on the table. Picking mulberries.

"Sangsang?"

"Grandma, Brother Changfeng has to go to the provincial capital to take the imperial examination this year, so can he not go to school and go home and read by himself?" Lin Caisang sat up straight and looked at Lin Lu.

"That's what happened.

Lin Lu thought for a while and nodded.

It's just that it's convenient to read any book you want in the academy. How can you afford books at home? Lin Changfeng can only stay in the academy for a longer time.

This is also something that can't be helped.

"Brother, don't have lunch at home. Let grandma bake two pancakes. Now go and find brother Changfeng." Lin Caisang looked at Lin Changhong and said.

"What? Now?"

Lin Changhong was a little confused.

What is his sister doing? It's better for my cousin to be in the academy than at home.

"Sang Sang, your cousin will be back in a few days. There is no need to look for him." Lin Baiyi said to her.

"Third uncle, you don't understand what I mean. I'm not asking Brother Changfeng to go home. I'm asking Brother Changfeng to read at home instead of going to the academy."

Lin Caisang looked at Lin Baiyi seriously.

"Now our Lin family and Zhou family have completely broken up, and although Brother Changfeng's reputation in Qianlin County is not as good as Zhou Liang's, it is not much different. I am afraid that Master Zhou will secretly plot against Brother Changfeng for Zhou Liang.

He definitely can't get involved in matters in the provincial capital, but if Brother Changfeng is in the academy and he wants to use tricks to harm Brother Changfeng's reputation, he can still do it. We need to guard against them.

It's different at home. They can't see Brother Changfeng's people, so how can they plot to harm him? "

After listening to Lin Caisang's long words, Lin Changhong took a deep breath and looked at Lin Lu.

"Grandma, Sang Sang is right. Zhou Liang is so insidious. I don't think there are any kind-hearted people in his Zhou family."

"Even if there are good-hearted people, they don't mean well to our family."

Lin Lu also sighed lightly, and then she realized why Lin Caisang didn't care about Zhou Liang's plot against her just now. It turned out that it was for Lin Changfeng's future.

"Changhong, please don't go. Baiyi, go and ask Changfeng to tell the master at the academy that his grandpa misses his grandson in the hospital bed and asks him to come home."

She looked at Lin Baiyi.

"There are two more pancakes in the kitchen. Take them and go now."

"Okay, mother."

Lin Baiyi nodded, stood up and went out without saying anything else.

"Sang Sang, after much thought, grandma still feels that we can't just let it go. How about asking your grandpa what he wants to do about Zhou Liang and Liu Yushui?"

After Lin Baiyi left, Lin Lu said again.

"We really have to let this matter go." Lin Caisang shrugged and said.

"No matter what Liu Yushui is, she is still the daughter of my second uncle. If we really make the scandal about her worse, in the end it will be our Lin family who will be

embarrassed. Not to mention the eldest brother and the others who will get married in the future, it will be He'er. He and Qing'er, I'm afraid they can't find a good family."

What she said is very realistic.

"this....."

After hearing her words, Lin Lu hesitated.
