Chapter 190 Isn't it time to respect you?

He never thought about such a day, but it didn't work, and the Liu family couldn't go back.

When Yang Lin heard what his mother-in-law Lu Qiubo said, he lowered his head and became silent, and the strength in his hands also relaxed a bit.

At this moment, Lu Qiubo used his strength to break away from Yang Lin's hand and rushed to Liu Yushui, pointing his trembling right hand at the tip of her nose.

"You little thing, you have looked down on our Lin family since you were a child. You have always made trouble for Sangsang. In the end, you even wanted to snatch her fiancé. You secretly went to Chencang there and even got pregnant with the child. What is going on now? You want to let Sangsang get pregnant. Our Lin family welcomes you and the bastard in your belly so that you can continue to cause trouble for Sangsang?"

Don't think that I don't know what you are thinking. You look like you are wrong, but in your heart you wish that all our family members would die so that the house could be freed up for you to live in!

Humph, you are pretending to have a nose and eyes. Do you think that except you, everyone else is stupid? ! "

Liu Yushui's face slowly turned pale after listening to her words, and he gritted his teeth and said nothing. Liu Baixiao, on the other hand, heard his own mother's words and quickly spoke with a smile.

"Mom, what are you talking about? You are my biological mother. How could I think so? I hope you and dad can live a long life."

"Longevity?"

Lu Qiubo looked at Liu Baixiao and sneered heavily.

"The two elders of us have lived to be a hundred years old, which is exactly what you want. We can continue to harm Sangsang and the second child's family, right? I don't know what you have in mind?"

"Well!"

Liu Baixiao choked on her words and turned red.

"Mom, Baixiao is your son. He is in trouble now. Wouldn't it be a good time to come home? Do you want to watch your son starve to death outside?"

Finally, Liu Rumei couldn't stand Lu Qiubo's scolding anymore, so she frowned and said something.

It's true that a tiger has been bullied by a dog. Seeing how they look like this now that they are down and out, she used to come to her door all the time. Why hasn't this old thing ever said a word "no" to her?

It's not like she had money in her hands before, and this family was expecting to get some benefits from her fingers, but now they can't.

"Are you so snobbish? Isn't it because we have no money? Didn't we respect you less before? The money we gave you is enough for us to live here for a lifetime, right?"

"you....."

Lu Qiubo was almost amused by Liu Rumei's words. When did the Lin family get a copper plate from Liu Rumei?

"Old man, if you dare to agree to let them go home, I will move to Menghuang Mountain with Sangsang and the others, and let you live with them alone. Anyway, there are houses on the mountain, so you can live in it!"

She was so angry that she yelled at the still closed door.

In an instant, the courtyard became quiet. No one dared to say another word. Liu Baixiao reached out and secretly pinched Liu Rumei's arm, which made her grin.

After a while, just when Yang Lin didn't know how to persuade his mother-in-law, and the eldest son standing at the door of his room didn't seem to want to persuade her.

Outside the yard, Lin Changyi came back angrily carrying a large basket of vegetable seedlings.

"Grandma, do you see how the second sister ruined Sister Sangsang's seedlings?" He put the basket in front of his grandma, turned his head and glared at Lin Caihe who ran into the yard after him.

When Lin Caihe saw him looking at her, her feet stopped and she stood there nervously, not daring to move.
