

Star of Space 191

Chapter 191 Just drive him out!

"Tsk, what's going on? Why are there so many...how did this happen?"

When Lu Qiubo saw the vegetable seedlings in the basket, all of which had no roots, he immediately forgot about Liu Baixiao's family and looked at Lin Changyi with wide eyes.

"Changyi, what's going on?" Yang Lin also came forward and picked up a handful of vegetable seedlings and asked.

"It's the second sister. When I went to look for her, I saw her pulling out seedlings randomly, like this, like this." Lin Changyi made famous gestures with his hands, which was exactly the same as the way Lin Caihe was letting out anger in the ground just now. Exactly the same.

"Brother, you shouldn't have let your second sister go out and see what she has done?"

He looked at Lin Changfeng who was standing by the door.

At this time, Lin Changfeng also walked over, looked at the green vegetable seedlings, then raised his head, glanced sharply at Lin Caihe, who was standing at the entrance of the courtyard with an embarrassed face, and spoke in a deep voice.

"I asked you to help grandma and mother when you have free time. Is this how you help?"

"me....."

Lin Caihe was speechless and didn't know how to explain it, his face was burning.

"I saw that Grandma and the others had finished planting their seedlings, so I wanted to pull some out, but I... Isn't this the first time I've done this? I'm not familiar with it yet. I... Brother, I didn't mean it. I'll do it next time. It will be done well."

"And next time?"

Hearing her words, Lin Changyi couldn't help but raise his voice and looked at her with disgust.

"I....."

"Okay, girl He should stay at home from now on and just do the things at home." Lu Qiubo frowned and glanced at Lin Caihe before speaking.

"Changyi, go and see why your father and the others haven't come over yet?"

"Ok, I....."

"No, mother, we are here. There is something delayed over there." Lin Changyi was responding when he heard his father's voice. He turned around and saw Lin Caisang and Lin Changhong coming back.

"Sangsang."

Lin Changfeng walked to her side and set his sights on Liu Baixiao's family.

"Don't worry, they don't have the ability to act like a monster in our house." Lin Caisang comforted him in a low voice.

"Third uncle, we are all here. Go and push grandpa out. There are so many of us, so let's sit in the main room. Grandpa's room is too crowded and we can't seat so many people."

She looked at Lin Baiyi.

"good."

...

The whole family, except Liu Baixiao's family who was kneeling in the yard, everyone else had gathered in the main room and each found a place to sit down.

"Sangsang, what do you think we should do?"

Lin Changyi had a sad look on his face. Faced with the sudden arrival of his second son and his family, he really didn't know what to do. He could only look at his granddaughter, who had the most ideas recently.

"I?"

Lin Caisang blinked innocently, raised his finger and pointed at himself.

"I....."

"Old man, aren't you embarrassing Sang Sang? If you ask me, just drive them out!" Before Lin Caisang could say anything, Lu Qiubo frowned and looked outside the hall and said.

"Mom, that's the second brother."

Lin Baiyi spoke up after hearing his father's words.

"Third uncle, second uncle and their family belong to a business class." Lin Caisang reminded Lin Baiyi and everyone else without blinking.

Among their family, only the third uncle should not say such things. Liu Baixiao's family is a businessman. If he returns to Yacun, it will definitely affect Lin Changfeng, who is going to take the imperial examination this year.
