Chapter 192 This person is gone

"this....."

Lin Baiyi's expression froze and he didn't know what to do.

"Dad, look at this..."

"What's wrong with the business registration? What's wrong? Others who want to do business don't have the ability. Dad, I think it's just the right time for the second uncle and the others to come back." Ever since Lin Caihe saw Liu Yushui, his eyes were shining, and he fell in love with Liu Yushui. Yu Shui's beautiful clothes.

She thought that as long as Liu Yushui came back to live, those clothes would be hers from now on, and she felt happy just thinking about it.

"What I was most worried about before was that my second uncle was away. Now that he is back, I feel relieved. How wonderful. From now on, our family will live in harmony, which not many people can envy.

"Lin Caihe, shut up. If you talk nonsense again, I will seal your mouth with charcoal!" Lin Caisang glared at Lin Caihe fiercely.

"I'm not wrong."

Lin Caihe muttered unconvincedly.

"Grandpa, do you think I am right?"

"He girl, how about you go with your second uncle's family?"

Seeing that she still dared to ask herself, Lin Laogong looked at this unfulfilled granddaughter and suggested with a face full of vicissitudes of life. This was considered a very serious warning.

Although he was a little reluctant to leave the second child's family, he still remembered how the second child treated them in the past, and he really couldn't like Lin Caihe's temperament of healing the scars and forgetting the pain.

"I....."

When Lin Caihe heard Grandpa's voice, he immediately didn't dare to speak anymore.

"Grandpa, let me see it this way. It's impossible for my second uncle and the others to not have a single coin on them. There are a lot of houses without owners in our village. It's better to let them buy their own house and live in it. It doesn't have anything to do with us. What do you think?"

Lin Caisang put forward his own opinions.

"Sister Sang Sang, the second uncle and the others just said they wanted to change their surname." Lin Changyi said.

"Change your last name? Ha."

Lin Caisang chuckled, glanced at his cousin Lin Changfeng, and then continued to look at Lin Laogong.

"Master, what do you mean? Do you want your second uncle to change your last name back?"

She can't make the decision in this matter, it depends on the wishes of grandpa and grandma. If they are reluctant to let go of their son, changing their surname will really have no impact on her and her eldest brother.

"If grandpa wants the second uncle to change his surname back, then he can only let the third uncle and his family live separately."

It was a fact of life for Liang Guo that people with a business background could not pursue an official career. Unless Lin Changfeng separated and left the family, he would still have nothing to do with Liu Baixiao and the others.

"What kind of surname should I change? Our Lin family no longer has this person."

Before Lin Laojie could speak, Lu Qiubo rushed to speak.

"Old man, he changed his surname to Liu without our consent, and now he says he can change it back if he wants. Who does he think we are? You can't be so confused and agree to this.

Also, I don't agree with them coming back to live. You have to think about how Liu Rumei harmed Sangsang in the first place? Why do you want to harm Changfeng? And how has she treated us over the years? "

"Do you think I'm really confused? That unfilial thing wants to change his surname, isn't it just for himself?" Lin Laojie was amused by his old wife's words and said with a smile.

Wouldn't changing his surname make it easier for him, Liu Baixiao, to get food from their house in the future?

"Um."

Seeing what he said, Lu Qiubo smiled and nodded.

"Then according to Sangsang's wishes, drive them out and let them buy a house to live in. A skinny camel is bigger than a horse. If you don't even have the money to buy a house, then you deserve to starve to death!"
