

Star of Space 193

Chapter 193 But this is not...

The houses in the village are all adobe houses, and they are not expensive. They can be sold for a few taels of silver, or at most a dozen taels of silver. They can definitely afford them.

"You guys, do you have any other opinions?" she asked everyone in the main room.

"I have no objection. Everything depends on Sangsang."

Lin Changhong immediately expressed his position. He raised his hands and feet in favor of driving Liu Baixiao and his family out.

In fact, if this suggestion hadn't come from his sister, he would have wanted to drive Liu Baixiao's family out of Yacun. Why would they stay here? These people would only cause trouble for them!

"Mom, if we just drive out the second brother and the others like this, will it..."

"Grandma, grandma, we don't have any objections either."

Lin Baiyi still felt that Liu Baixiao and the others were quite pitiful now, and wanted to help them, but was interrupted by Lin Changfeng, and could only shut his mouth angrily.

"Second uncle and the others are also getting older. Even if they are still in the village all these years, they should be separated. What's more, he has not contributed at all to the family in these years, so he should be separated."

As he spoke, he glanced at Lin Caihe calmly.

"He'er, if you think the second uncle's family is good, then let dad adopt you to the second uncle's family. What do you think?"

When Grandma asked them if they had any objections just now, besides the look of sympathy on his father's face, he also wanted to speak for Liu Yushui, his sister who did not know who was good or bad.

Sang Sang provided her with food and clothing, and she also wanted to make friends with Liu Yushui out of nowhere. How could he succeed if he didn't beat her up?

"I....."

When Lin Caihe heard Lin Changfeng's words, he immediately dared not speak out.

"Don't get involved with Liu Yushui in the future, did you hear me?" Seeing her cowering, her eyes still glanced at Lin Caisang intentionally or unintentionally, with an unconvinced look, Lin Changfeng warned her sternly again One sentence.

"Listen, I heard it."

Lin Caihe responded quietly.

"Dad, if you think that my son deserves to be tortured and squatted in prison, then go and sympathize with the second uncle and the others." Seeing Lin Caihe nodding, Lin Changfeng turned his attention to his father and said cautiously. .

"this....."

When Lin Baiyi heard his son's words, he paused for a moment, with a look of embarrassment on his face.

When Liu Baixiao came over that day to ask Changfeng to take the blame, he and Yang Lin were not at home. Therefore, he did not understand the family's feelings. Looking back now, he should not sympathize with Liu Baixiao's family.

But this is not...

"Aren't these all brothers? I..."

He glanced at Lin Laogong secretly and smiled a little stiffly.

"Baiyi, Changfeng is right."

Lin Laogong nodded towards Lin Changfeng and looked at his son.

"Your second brother, you should understand that he has a bad heart since he was a child. He has shown mercy by not killing our family all these years. The more we feel sorry for them, the more they will. The more I feel that we are in the wrong, how can we keep the things in this house in the future?"

He sighed and said.

It's not that he is so cruel that he doesn't even recognize his own son, but this son really disappoints him. He has to think about his other grandchildren, right?

"The way Liu Qingshui and Liu Yushui were before, do you want to take them home to make your children angry?"

he asks.

"I....."

Lin Baiyi opened his mouth, but couldn't say anything. After a long time, he sighed.
