

Star of Space 195

Chapter 195 Believe it or not, I will beat you!

"Sang Sang taught her. She is so smart and capable. When he heard that Lin Caisang taught her, Yang Lin immediately praised her without hesitation.

Lin Baiyi: "..."

His idea is to be a chicken thief, and Sang Sang's idea is to be smart and capable? Why is the difference so big? Who is her dearest person, her daughter-in-law?

"Alin, don't be busy with me these days. Keep an eye on He girl at home and don't let her get involved with Liu Yushui again. Sangsang just told me that Liu Yushui is pregnant with the child now. No matter what their family's plan is, this child cannot be harmed by us and don't cause trouble for Changfeng."

He told his wife.

"And regardless of whether Liu Yushui is pregnant with a child or not, she is not a good person.

"good."

Yang Lin hurriedly responded.

"From tomorrow onwards, I will call Shang He'er for everything I do, and I will definitely not let her go to Liu Yushui! As for today..."

Thinking of the ruined seedlings she had seen in the yard, her face immediately turned as black as the bottom of a pot.

She is a farmer, and she faces the loess with her back to the sky every day. She knows how important vegetable seedlings are to a farmer, but today she was ruined so much by her ignorant daughter!

There is no way to repair the broken ones, but there are still many seedlings that have been pulled up but have not yet been planted.

"That girl has cultivated so many seedlings. I have to let her plant them on Manghuang Mountain by herself. Otherwise, she would have thought that everyone in this family is so easy to talk to."

The bitter fruit you picked can only be swallowed by yourself. Caihe dared to do this just because Sangsang would be reluctant to part with those seedlings and plant them alone at night.

Then she let that girl Caihe do the planting while she watched to see if she would do so many things in the future!

...

In another place, Liu Baixiao and his family had just received the title deed of the small yard from Patriarch Lin. They stood in the yard overgrown with weeds, frowning and looking at the dilapidated house with rotten walls.

"Mom, why do people live in this place?"

Liu Yushui frowned, covered her mouth and nose with one hand, and looked at the place where she was about to stay with a look of disgust.

At this moment, Liu Rumei was feeling very uncomfortable all over. She was used to living a life of fine clothes and fine food, and a young lady who was being waited on by a lot of maids was suddenly going to live a poor life. The gap in her heart was huge.

But it's not possible to live here. Those people in the Lin family are ungrateful and heartless people. They kicked them out without even giving them a meal. If they don't live here, will they really have to sleep on the streets?

"Baixiao, please clean up quickly."

For a moment, before she could recover from the gap, she gave instructions to Liu Baixiao.

"You want me to clean it up? What are you using your hands for? Do you still think you are the eldest lady before? You don't even know what the situation is now, and you want to yell at me. Believe it or not, I will beat you. ah!"

Liu Baixiao glared at her angrily.

"Hurry up and put your things down, get a piece of cloth and clean up the house. Yu Shui, you come with us!"

Now that he has finally turned over and become the master, it feels so good. He even has the title deed of the small yard in his hands, and he no longer has to be arrogant.

It's just that the money in the pocket is gone, which is a problem.

"you--"

Liu Rumei had a bad breath stuck in her throat, and she almost spit out a mouthful of blood.

"What are you doing? Go quickly!" Liu Baixiao didn't care what she did, he urged.
