

Star of Space 196

Chapter 196 Just a bastard

After kneeling in the Lin family's yard for so long, his knees were so painful that he happened to see a long stone slab in the yard and asked Liu Qingshui to sit down together.

"Qingshui, go sit over there with dad for a while, and then you can go to bed after your mother has finished cleaning up."

Seeing this, Liu Rumei took a deep breath.

It's really like a tiger being bullied by a dog. This husband, who used to be so mean in front of her and didn't even dare to say a harsh word, actually bossed her around.

And the most annoying thing is that she can't even say no, otherwise she won't even have a place to live.

"Yushui, go clean it up with your mother.

She looked at her daughter and planned to ask her to clean up together.

"Mom, I'm still pregnant with the child, how can I do that kind of work?" Liu Yushui stopped doing that immediately after hearing her words.

This place was so dusty and full of weeds that there was almost no place to stand. She was asked to clean it up. She didn't want to do it.

"Let Chu Shui go."

She focused her gaze on her third brother Liu Chushui.

When Liu Rumei heard her daughter's words, she thought it was a good idea, so she asked Liu Chushui to clean up alone, so that she wouldn't get dirty, and immediately focused her eyes on Liu Chushui.

"Chu Shui..."

"I will tidy up my own room. If you don't want to live in it, then don't tidy it up." Liu Chushui didn't care about how many of them there were. He threw away the others' luggage, carried his own, and chose a remote room to leave. Got in.

"Mom, look at my third brother..."

Seeing Liu Chushui ignoring them, Liu Yushui was so angry that her stomach hurt. She turned around and complained angrily to Liu Rumei.

"Okay, okay, stop making such a fuss and hurry up and clean up with your mother. Your father and the others are still waiting." Liu Rumei had no choice but to squeeze her daughter into joining her.

She knew very well that in this family, she and Yu Shui were the most disliked people. If they didn't work hard, they would suffer a lot in the future.

She can do whatever she wants outside, but when she gets home, if she does it any more, she will go hungry.

Who told her that she really didn't have a single copper in her hand now?

"I'm still pregnant with the child. This is your grandson. Don't you want it?"

Naturally, Liu Yushui didn't want to work, so her stomach bulged and she started talking about the child in her belly.

Unexpectedly, Liu Rumei glanced at her belly with disgust and frowned even more.

"What grandson? People in the Zhou family admit that he is a grandson. Now... the one in your belly is nothing, just a bastard. It would be best to get rid of it. It will also save me the money to buy medicine."

After hearing such words, Liu Yushui looked at his mother in astonishment.

From what her mother said, did she want to buy medicine to get rid of the child in her belly? How is this possible? Now that she was in this situation, the child in her belly was her only hope.

Without the Liu family, she would be reduced to living in a small courtyard in Yacun. She might have to farm and make mud legs in the future. It was very likely that Zhou Liang would not like her anymore.

But she couldn't give up. As long as she gave birth to the child, if it was a boy, she could work hard and let Zhou Liang marry her for the sake of the child. Even if she was just a concubine, her life would be much better than her current life.

"Mom, nothing can happen to this child, do you know that?" She quickly took a step forward and came to Liu Rumei's side.
