

Star of Space 206

Chapter 206 Go wherever you fall in love

"you--"

When Lin Laogong heard what he said, a bad breath stuck in his throat, and he almost fainted from the anger.

"Liu Baixiao, you want our Lin family's land, you're dreaming!"

Before Lin Laogan could curse, Lu Qiubo, who had just come out of the kitchen with corn cakes, shouted angrily at Liu Baixiao.

"Mom, are these corn pancakes? They are so delicious."

Liu Baixiao didn't pay attention to the anger on Lu Qiubo's face at all. Instead, he stared at the dustpan filled with tortillas in her hand with a smile on his face, and stretched out his hand to control Liu Qingshui.

"I haven't eaten these corn pancakes in years. Qingshui, hurry up to your grandma and get some. If you haven't eaten breakfast, don't make your body suffer from hunger."

Although Liu Qingshui disliked the corn tortillas being too rough, it was better to have something to eat than to eat something made by his mother that was too burnt to be eaten, right? It was hard on him last night. The food his mother cooked was simply not suitable for human consumption!

"Grandma, how much flour is added to this pancake? It won't taste good if you don't add more. You..."

While he was disgusted, he wanted to go over and get it.

"go away."

Lu Qiubo slapped Liu Qingshui's outstretched hand back with a slap. His strong hand, which had been working all year round, made Liu Qingshui's back turn red and he stood with his teeth clenched, not daring to move.

"If you want to eat, don't you know how to cook it yourself? My Lin family doesn't have the food of your Liu family. You can go wherever you like, so get out!"

"Grandma..."

"Mom, why are you like this? Qingshui is not your grandson? Dad, look at how your mother treats Qingshui?" Seeing Liu Qingshui's sad face, Liu Baixiao hurriedly stepped forward to help, questioned Lu Qiubo, and asked Mr. Lin by the way. Geng complained.

"You will reap what you sow."

Lin Laogan frowned and glanced at Liu Baixiao displeased.

"Old lady, when the meal is ready, tell everyone to eat. Our house is going to be closed for dinner. Those of you who have nothing to do with it should leave quickly. Don't be an eyesore here!"

"you....."

"Chang Yi, come out to deliver breakfast to your father and cousin. Chang Feng, come out to eat. Sang Sang, Sang Sang, are you awake?" Lu Qiubo nodded and called everyone out at the top of his voice.

At dawn, Lin Baiyi, Lin Changhong, and Lin Caiqing went to plant seedlings on Menghuang Mountain.

As for Lin Caihe, her mother, Yang Lin, forced her to carry an oil lamp on the mountain to plant seedlings until early in the morning because of the consequences of her own planting yesterday. She is still asleep, so it was Lu Qiubo who made breakfast.

"Don't call Sangsang. She is very tired these days. It's rare to let her sleep a little longer before she gets up." Lin Laogong told his wife.

"This...is OK."

Lu Qiubo hesitated for a moment, then nodded.

"Grandma, is there any pancake kitchen left? I'll deliver it to my cousin and the others."

Lin Changyi ran out of his room, went to the kitchen, and came out after a while carrying a food basket.

"Grandma, give me two pancakes. I'll eat them outside. I'll go to the fields to pull seedlings later. Don't let my second sister do this work today."

He took two corn pancakes from the dustpan in Lu Qiubo's hand. He carried a bamboo basket on his back, a food basket in one hand and a water jar in the other, and quickly left the yard.

Lu Qiubo also took the dustpan to the main room.

Soon, Lin Changfeng came out of his room, glanced at Liu Baixiao and his son who were standing awkwardly in the yard, came behind Lin Laojie, and directly pushed Lin Laojie to the main room.
