

Lucky Star of Space on Farmlands

Chapter 21 Fertile soil cannot be planted

Although the Lin family is not afraid of Liu Yushui, they are only a small family and cannot compare to businessmen like the Liu family, let alone the Zhou family?

If these two families really unite to deal with them, they will definitely not be able to withstand the torment. Even if they can withstand it, there will still be grandpa and grandma!

"That Liu Yushui is very vicious.

"Liu Yushui will definitely marry into the Zhou family. Those people in the Zhou family will never be able to defeat our 'good' second aunt."

This was something Lin Caisang had thought about early on. Perhaps, they had plotted against Liu Yushui to make her and Zhou Liang's affairs known to everyone, and they had played into Liu Rumei's hands.

Zhou Liang was about to go to the provincial capital to take the imperial examination. At this time, Liu Rumei was most unable to bear the challenge.

But Liu Rumei would never take this step unless it was absolutely necessary.

Therefore, this matter is not urgent yet.

"Brother, don't worry about Zhou Liang and Liu Yushui now. What you have to do now is go to the county seat and spread the word about Liu Baixiao."

"Second uncle, what happened to second uncle?"

Lin Changhong wondered what could happen to Liu Baixiao. Liu Rumei had done so much, but Liu Baixiao had never even shown his face. What could he have happened to?

"Just go and spread the word... In order to bribe people in the county government, Liu Baixiao planned to sell his biological niece to a sick man for happiness, which caused his biological niece to be almost buried alive. Moreover, this biological niece also single-handedly provided for him to go to school to learn literacy. My dearest brother's dearest daughter!"

Lin Caisang narrowed his eyes and said cruelly.

"You can make up anything else you want, but remember, you must not tell anything about Liu Yushui and Zhou Liang. Also, don't let grandma know about it."

She warned her eldest brother.

She also wanted to watch the dogs of the Zhou family and the Liu family bite the dogs for a while longer. If the matter was revealed so quickly, wouldn't she have become Liu Rumei's accomplice?

"Okay, I'll go tomorrow." Lin Changhong said.

Think about it, before Liu Baixiao became an official, he wanted to get rid of their poor relatives. If he really had some connections in the county government, their life would be even more difficult.

So he naturally supported Sangsang in this matter.

Although, he has never done anything to not support his sister...

After talking with Lin Changhong, Lin Caisang drove her brother out on the pretext that she was dizzy and wanted to rest, while she herself entered the Golden Pearl Space, looking at the earth and sighing!

After a while, she reached out and grabbed a handful of soil in her hand.

"Such fertile soil cannot be planted. Is it too fertile that the seeds are directly absorbed into nutrients?" She murmured to herself, but there was nothing she could do with this small circle.

"How about going to the mountains to dig trees and try planting them?"

Anyway, she also thought about going up to the mountain to see if there was anything in the mountain that could be sold for a few dollars. It was just in time to try this golden bead space again. If even the tree could rot, then this golden bead was real. It could be thrown away by her, it would be of no use at all.

...

The next day, early in the morning, her eldest brother took the extremely reluctant Uncle Lin and went to Qianlin County together to 'build momentum' for Liu Baixiao.

Lin Caisang also got up very early. He used Uncle Lin's carpenter's tools to cut more than a dozen slender and sharp bamboo sticks and inserted them into his hair. It was really hard to see them for a while.

With the bamboo basket on her back, she was ready to go out.
