

Star of Space 212

Chapter 212 You must negotiate money with him

"Second uncle, you must have a lot of money when you come out of Liu's house. Look at how many people I hired to do part-time labor on the barren mountain, and the wages haven't been paid yet. How about...you give me some money first?" When will I return the money to you?"

As she said that, she stretched out her hand towards Liu Baixiao.

"What?!"

Hearing her words and seeing her hand stretched out towards him, Liu Baixiao was speechless and couldn't believe what he had heard.

He came to ask for the land deed, but why was Lin Caisang plotting against him and wanting his money?

"Why, is the second uncle afraid that I won't be able to make enough money to pay you back in the future, so I won't lend it to you?" Lin Caisang looked at Liu Baixiao seriously and coughed lightly.

"Second uncle, don't worry. I won't borrow more. I only borrow ten taels of silver. Although it's hard to earn money, I think I can always earn ten taels of silver and return it to you in ten or twenty years during the New Year. Er Uncle, look..."

"Um... Sangsang, my second uncle still has a lot of things to do at home, so he's leaving first. Qingshui, why are you still standing there? Hurry up and leave."

Before Lin Caisang could finish speaking, Liu Baixiao pulled Liu Qingshui over, and the two walked away in a hurry, as if there was a big white tiger chasing them behind them.

Watching the two people leave, Lin Caisang chuckled and went to the main room to have breakfast.

"Sangsang, you can do it."

Lin Changfeng had just walked around Menghuang Mountain when he met Liu Baixiao and his son running hurriedly outside the yard. He returned to the main room and looked at Lin Caisang with a smile.

The whole family had nothing to do with Liu Baixiao. They scolded him and couldn't leave him, and they couldn't beat him. However, this man refused to leave. He was still thinking about how to drive him away later.

"To deal with the second uncle, you must negotiate money with him." Lin Caisang raised his head and glanced at him.

The matter of money is Liu Baixiao's top priority. In order to get money, he is not afraid of anything.

"Grandpa, if my second uncle dares to come again next time, just use my method to deal with him."

"Um."

Lin Laogong nodded heavily.

He also heard what Sang Sang said to Liu Baixiao in the yard just now, and one sentence really hit the point.

In fact, when this son came back, he still sympathized with him somewhat and thought he would help if he could. After all, he was abandoned by the Liu family and now he had nothing.

But just like what Sangsang said just now, Liu Baixiao cares so much about money, and it was for the money that he joined Liu's family.

How could he not have even a few taels of silver in the Liu family for so many years? I'm afraid I have too much money to burn my hands, but I don't want to take it out. I think I can deceive him a little, right?

"Yesterday I heard Brother Mo Lian mention that he found a litter of newborn wolf cubs in the inner forest. He originally didn't want to raise one at home, but now it seems that he might as well raise one."

Seeing that Lin Laojiang agreed with her words, Lin Caisang said again.

It seemed today that she had underestimated Liu Baixiao's face. If he was allowed to come over and make trouble like this every day, Brother Changfeng would stop studying.

"Sangsang, do you mean to raise a wolf at home?"

Even though Lin Changfeng was as calm as Lin Changfeng, his face was full of shock and he looked at Lin Caisang in disbelief.

"Isn't this bad? Wolves can eat people. If we raise wolves at home, people in the village will gossip about us."

Thinking that I would hear wolves howling at home from time to time in the future, the hair on my body stood up before I knew it. It was scary just thinking about it. I don't know what Sangsang was thinking.
