

Star of Space 218

Chapter 218 Do you dare to hit me?

"Just got out of the water, make a bowl of brown sugar water and drink it." Lin Caisang said.

"Don't move, go sit in the main room."

Lin Changfeng quickly took the ginger in her hand into his own and pushed her out of the kitchen.

By chance, Yang Lin and Lin Caihe came in carrying a basin of washed clothes and were about to close the courtyard door.

At this time, Liu Rumei rushed in like the wind, looked around but did not see her son, and began to curse again and again.

"Liu Chushui, where are you little red guy? Your father asked you to catch a fish. Where did he catch it? Did he take advantage of the vampires of the Lin family? The family is waiting for you to catch the fish and come back to cook you. It's better for you to give the fish to Lin Caisang and eat the inside and outside. I shouldn't have given birth to you in the first place!"

Seeing Lin Caisang standing with Lin Changfeng, he pointed at her nose and ran over.

"Lin Caisang, you little bitch, I know you are a shameless person who specializes in charming men. Chu Shui is your cousin. You can use your tricks on him. I will tear you alive..." ..."

'Snapped!'

As soon as she arrived in front of Lin Caisang, a big mouth fell on her face, and she froze on the spot.

"You, you dare to hit me?"

Covering her face, she looked at Lin Caisang, her aura instantly reduced.

She dared to come to Lin's house to make trouble because Lu Qiubo was not at home, and Lin Laoji was bored in his room all day long and did not take charge. There was no one with a higher seniority than her in the family, and no one dared to do anything to her.

But now, Lin Caisang dared to hit her.

"Why don't I dare to hit you? For a person like you, you are lucky not to be beaten to death!" Lin Caisang glared at Liu Rumei with a cannibalistic look and said viciously.

She originally thought that Liu Chushui was used to enjoying the good things in the Liu family and couldn't bear to be in the village without food or drink, so he secretly went to catch fish in the creek alone.

But what did she hear?

It was Liu Baixiao, the father, who forced him to catch fish? How old is Liu Chushui? If she remembers correctly, he is only eleven years old, right? Let the half-grown children go fishing, but I don't even leave the house at home!

What a father!

As for Liu Rumei, looking at her like that, she felt that it was natural for Liu Chushui's son to catch fish for her to eat.

If such a person shouldn't be beaten, who else should be beaten?

"Have you cared about your son since he was covered in water and you saw him? Besides blaming and scolding, what else have you done? I just realized today that parents can still act like this, forcing their sons to go I caught fish for you to eat, but why didn't you get stuck with fish bones?"

"you--"

Liu Rumei had a lump in her throat and was so angry that she could only stare at her.

"I'm telling you, Liu Rumei."

Lin Caisang took a step forward and pointed at Liu Rumei's nose.

"If I hadn't happened to pass by the stream today and saw Liu Chushui falling into the water, he would have died in that river. And you, the mother, and Liu Baixiao, the father, are the murderers who killed him!"

"No way, Sangsang, did you go into the water to save Liu Chushui? How can you bear the cold in the water? He'er, why are you still standing there? Go to the kitchen and make a bowl of brown sugar water for Sangsang. Put more ginger."

Hearing her words, Yang Lin screamed, put down the tub and came to her side, looking at her carefully.

Turning around, he told Lin Caihe.
