Chapter 225 Go and have fun by yourself

"ah!"

Liu Rumei screamed immediately and wanted to run away, but Liu Baixiao slapped her hard several times and fell to the ground in pain.

"No, don't... don't hit, it hurts... Baixiao, I... I was wrong, I don't dare anymore."

"Smelly bitch, I'll beat you to death!"

Liu Baixiao didn't pay attention to her begging for mercy at all. He just felt that these blows on Liu Rumei's body had finally vented the cowardly anger he had suffered in the Liu family over the years, and he was very energetic.

In the room, Liu Yushui was sitting on the bed, holding her knees with her hands, her eyes red, listening to the screams coming from the yard.

"How...how did it become like this?"

She couldn't figure it out. She obviously had a good future, Zhou Liang would marry her, and she would become the first lady to be elected. But in the blink of an eye, there was nothing. All that was left was her father's curses on her and her mother, and the wicker whipping her. Pain in the body.

Yesterday, she was whipped with a wicker for being lazy, and until today, she hasn't been able to eat any food.

What her father meant was that the family didn't have much food, so they had to save it for him and Liu Qingshui. Women were inherently useless and had little strength to do any work, so naturally they would eat less if they could.

After a while, she heard Liu Baixiao gasping for breath and stopped taking it out on Liu Rumei.

"Get up, I don't want to lie on the ground pretending to be dead!"

Liu Rumei had no choice but to hold her body and stand up tremblingly, looking at Liu Baixiao timidly.

"Hurry up and cook, do you want to starve me to death? Where is Chu Shui, that little thing is dead, it's so slow to catch a fish, it's a waste!" Liu Baixiao glared at her and cursed.

"Chu Shui...he caught a fish and fell into the river, but was rescued by Lin Caisang and brought to the Lin family." Liu Rumei answered him in a low voice.

"What?!"

When Liu Baixiao heard her words, he jumped up immediately.

"This little guy dares to go out to eat and drink on his own behind my back. Look, I can't kill him!"

In his eyes, Lin Caisang now has such a barren mountain, and he must have a lot of money in his hands. If Liu Chushui goes to Lin's house now, what else can it be if he doesn't go to eat and drink?

His family was calculating how much food they could eat in a day to get more food for a few days. Fortunately, his unfilial son went to enjoy the blessings by himself.

"Where's the fish? Hurry up and burn the fish for me to eat."

"What kind of fish? Chu Shui has fallen into the river, where are the fish?" Liu Rumei muttered softly.

If she had a fish in her hand, she would have lost her temper just now and received a beating alive. It was not worth it at all.

"No fish?"

Liu Baixiao became excited again, and then cursed again.

But no matter how much he scolded him, he didn't dare to go to Lin's house, fearing that Lin Caisang would ask him for money again, even if he wouldn't give it, and he didn't want to feel the creepy feeling that someone might steal his money.

...

In the main room of the Lin family, Liu Chushui was holding a bowl, sipping corn paste in small sips, and holding a piece of corn cake in his other hand. Although he was eating delicately, he was still devouring it with a hint of embarrassment.

"Is this child starving?"

Lu Qiubo and the others were back. Looking at Liu Chushui, although they were angry because of Liu Baixiao, Liu Chushui was still a child after all, and he was his grandson. There was no reason not to feel sorry for him.

What's more, looking at Liu Chushui's appearance, he is also quite well-behaved.

"Um."

Liu Chushui nodded heartily and took another bite of tortilla.
