

Star of Space 234

Chapter 234 Let's see what other excuses she can make!

Lin Caihe suspected that his ears were wrong. Whose family's membership fee was 150 yuan? This is equivalent to five cents a day? What is it if it's not a robbery of money?

"Xiao Ai's family only needs to pay three cents..."

"Xiao Ai's family can eat meat every day, can they chew half a chicken until there is not even a shred of meat like you?" Lu Qiubo asked her with his old eyes crossed at her.

"Well."

Lin Caihe was choked immediately and lowered his head without speaking.

"Since everyone has no objections, the matter has been settled. Everyone has to pay, and no one will be left behind." Seeing that she had stopped speaking, Lu Qiubo continued to scan the others and said.

"Everyone has to pay?"

Lin Caihe was surprised again and raised his head.

"Grandma, I'm still young, why should I..."

"You don't want to eat? If you don't eat at home anymore, you don't have to pay." Lu Qiubo typed her words back.

"I....."

Lin Caihe was speechless and could only turn to look at his father.

"Dad, look..."

"He girl, you are as old as Changhong Sangsang. If they are friends with you, you must be friends with them. Also, don't point your fingers at your father for everything and think of your own solution." Before she could finish her words, Yang Lin looked at her. He looked at her calmly and said.

"I....."

How can she think of anything to do? Where can she earn 150 copper coins to give to grandma?

"Mom, He girl is old, let her pay the share. As for Qing girl and Chang Yi..." Yang Lin looked at the two younger ones in the family, slightly embarrassed.

"Mom, my third sister and I can go to the mountains to dig for medicinal materials. We can think of a way to pay for the contributions ourselves." Before Yang Lin could finish, Lin Changyi spoke hurriedly.

He didn't want to give his second sister another chance to reach out to his parents.

Look, his youngest brother has already earned his own money to give to grandma, let's see what other excuses she can make!

"Third Aunt, Qing'er and Changyi have done a good job for me these days. They are very diligent and have helped me a lot. I will pay their share of the money for them first." Lin Caisang said. He touched Lin Changyi's head with his hand.

He took out a tael of silver from his pocket and handed it to Lu Qiubo.

"Grandpa, here is one tael of silver. It belongs to my brother and me, as well as Qing'er and Changyi. I'll pay it first."

"It doesn't cost a tael of silver."

Lu Qiubo took the silver, frowned slightly and said.

"My father is the eldest, so I will pay my share in the first month on my father's behalf to my grandpa and grandma. There is still something left, just enough to make new clothes for grandpa and grandma."

Lin Caisang said.

"well."

Lu Qiubo responded repeatedly.

"Sang Sang, grandma will accept it."

"Father, mother, I will send you the money later, Changfeng..." Lin Baiyi looked at his eldest son hesitantly.

His son is a scholar, so he is naturally supported by them. This is a fact that is hard to explain.

"I discussed with your father about Changfeng's contribution money, and I think it's better for you parents to provide it..."

"That won't work."

Before Lu Qiubo finished speaking, he saw Lin Caiqing standing up from the stool.

"Why not?"

Everyone frowned, and Lin Laogong, who had been silent until now, asked.

Until now, He Yatou was the only one who caused trouble in the family. Why did Qing Yatou come out to cause trouble at this time?

What is she trying to do?

Hearing this, Lin Caiqing and Lin Changyi looked at each other, and their eyes focused on Lin Caisang at the same time.
