

Star of Space 235

Chapter 235 On Trapping People

Lin Caisang: "..."

Look at what I did. I didn't say anything or do anything.

"Sister Sangsang, can Changyi and I give you a hundred cents first? Don't worry, we will work hard for you in the future and we will pay you back, really."

Lin Caiqing muttered, looked at Lin Caisang timidly, and asked in a low voice.

"ah?"

Lin Caisang was a little confused by what they said.

Why do you want to borrow money from her when you are so good? What kind of plot is this? Why can't she see it?

"etc."

Suddenly, she seemed to have thought of something and blinked.

"Qing'er, Changyi, what do you mean, your eldest brother's share of the money will be divided equally among the three of you from now on?"

One hundred and fifty cents per person, if divided equally among three people, would be exactly fifty cents per person. If these two little guys borrowed one hundred cents from her, wouldn't that be a good deal?

Okay, these two people, when it comes to deception, she was actually outclassed by them.

She thought Lin Caihe was already bursting with tears at this moment, right? I don't even know where to earn one hundred and fifty cash, but now I have fifty more cash!

Sure enough, when she looked at Lin Caihe, she saw that her face was livid and her whole body was not well.

"Um."

Lin Changyi nodded vigorously.

"My eldest brother always taught me that brothers working together are stronger than gold. I want to learn from my eldest brother.

Lin Caisang: "..."

Changyi, your Chinese language was taught by an English teacher, right? Can this word still be used in this way? Please forgive her for her poor reception.

"Ahem, Changyi, they should be brothers and sisters, they have different meanings." She reminded Lin Changyi.

"However, Chang Yi's approach is still good. It's rare for Chang Yi and Qing'er to be so sensible, so I'll hand it over to you first." After saying that, she reached into her arms again and wanted to take out the money, but was stopped by Lu Qiu Bo stopped him.

"Sang Sang, there is still money to be spent in Menghuang Mountain, and grandma and your grandpa can wear enough clothes. The extra 100 yuan can just be used to make up for Chang Yi and Qing Yatou, so don't take it out."

Lu Qiubo said.

"Oh well."

Lin Caisang hesitated for a moment and nodded.

"Girl He, Chang Yi and Qing Yatou have expressed their opinions, what about you?" Lin Laogeng looked at Lin Caihe and asked.

"I....."

After being named, Lin Caihe bit her lip and didn't know what to say for a moment.

"Grandpa, I...I have no money now."

Now she doesn't even know where her share of the money comes from. How can she pay the fifty cents for her eldest brother? Isn't this trying to force her to death?

"If you don't have money, make money."

Lu Qiubo didn't give her a chance to shirk and spoke directly.

"Either go to the barren mountains to work like Chang Yiqing girl, or go to the mountains to collect firewood, hunt, and collect herbs. You can always get a little money. If not, you can help Grandma with the housework. For every thing I do, Grandma will give you two pennies for free, until I do a hundred things a month and pay the full amount."

"What?!"

Lin Caihe raised his head in shock and looked at Lu Qiubo.

Doesn't this mean she should be doing things at home? Moreover, she could secretly do less in the past, but that won't be possible in the future, not even one less thing.

"Grandma, I, I... this is too unfair. How can Changyi and Qing'er let Sister Sangsang do it, and I have to do it myself?"

She gritted her teeth and asked.

"Because Chang Yi and Qing Yatou will help Sang Sang work, have you done it? Sang Sang also said that he will give Chang Yi and Qing Yatou wages in the future. If you want wages, you have to work, not only Sang Sang It's the same everywhere."

Lu Qiubo answered her words.
