

Star of Space 242

Chapter 242: Will you accompany me for a walk?

"Whoever she is, why doesn't the bullock cart come?"

After all, other people's affairs are other people's affairs. They have to take care of their own affairs first, and they are still waiting to go to town to buy things.

...

Coming out of the medicine shop, Lin Caisang raised his hand, pinched his eyebrows tightly with his thumb and index finger, opened one eye slightly, and looked at Ya Molian who was standing in front of him, looking at him.

"I'm really just strolling around. Brother Mo Lian, do you...have to go with me?"

I feel so tired. Can she have a magic that can make objects disappear, and directly make Yamolian disappear?

Ya Molian just raised her eyebrows and didn't say anything else. It was just that look in her eyes that made Lin Caisang unable to say any words of rejection.

Lin Caisang: "..."

Originally, when she traveled to the Lin family, she thought she was here to enjoy the blessings and make the whole family rich by the way. But now, she seriously doubted that she had come to this world to overcome a tribulation called Yamolian!

Why does this person keep pestering her?

"Brother Mo Lian, do you know where I'm going?" She looked up at him helplessly and asked.

"have no idea."

Ya Molian directly denied it.

He really didn't know where Xiao Sangzi was going, because Ban Jue had not found out any information about the 'Zhong You' she mentioned, so it was naturally impossible to know where she was going.

However, what he knew was that she must go to see this person today.

"I don't know why you are following me? Are you going to walk around with me?"

Lin Caisang was infuriated by his straightforward words, but there was nothing she could do about him.

"Is it impossible?"

Ya Molian raised her eyebrows in disbelief and asked.

Lin Caisang: "..."

At this time, is it still useful for her to say no?

"Okay, okay, you can come along."

Anyway, when the time comes to take Zhong You home, everyone will see it. It is better to go with Ya Mo Lian now. If you need something, tell him directly, which will save her a lot of trouble.

...

Zhong family.

'Pah, pah! '

The sound of the whip hitting the body, and the sound of a woman crying to dissuade him continued to be heard, making the man who fell on the ground wearing single clothes, with blood stains on his clothes densely packed one by one, looking extremely terrifying.

At first glance, it turned out that the person who was beaten to the ground was none other than the bastard of the Zhong family—Zhong You!

At this moment, Zhong Yun was standing next to him, holding a long black whip in his hand. He kept uttering dirty words in his mouth while still waving the long whip in his hand, hitting Zhong You's body.

"Hmph, you despicable things, you bastards, you don't show your virtue by soaking your urine to show yourself. You still want to study medicine as a teacher? What, do you want to continue to come back to harm me and the old man after you have learned it? "

Stopping the whip in his hand, he raised his foot and kicked Zhong You on the shoulder, but failed to move him and made himself take a few steps back.

This time, he was even more annoyed. He took two big steps forward, the whip in his hand falling like raindrops.

"Eldest Young Master, Eldest Young Master, please stop hitting. If you hit You'er again, you will be beaten to death. He is your biological brother. Eldest Young Master...ah!"

A woman in plain clothes came up to dissuade him, but before she could finish her words, she was kicked away by Zhong Yun and fell to the ground in embarrassment.

"Aunt..."

When Zhong You saw the woman falling to the ground, he wanted to crawl over, but he had no strength left, and the long whip in Zhong Yun's hand did not stop, so he fell back to the original place after a hard effort.
