Chapter 252 Our cow can fly into the sky

She finally let Zhong You live in Ya Molian's house, which saved her a lot of trouble. If Ya Molian kicked Zhong You out because of her eldest brother's crow's mouth, she would still have to work hard!

"You have to tell me that nothing is wrong. Don't you know that walls have ears? Shut up, did you hear me?"

"Uh-huh."

Lin Changhong couldn't make a sound and could only nod his head desperately.

Seeing him nodding, Lin Caisang let go of him and wiped his saliva on his clothes.

"Sang Sang, I'm worried about you. You don't know how powerful the tongue-tied women in the village are, and they can cause trouble for you. Besides, our family is not peaceful either. I always feel like something is going to happen."

With that said, he looked at the bright guest room again and continued talking to his sister.

"You said you saved him, so you can't always leave him at Brother Mo Lian's house, right? It would be fine if he knew where his home is, but now..."

His sister had told him just now that the person inside didn't remember anything. Now he only remembers two people, his sister and Brother Mo Lian. Looking at it like this, even if he waits for him to recover from his injury, I'm afraid he won't be able to catch up. Him?

If you turn around and drive away, you will have to starve to death!

"You don't have to worry about that."

Lin Caisang also glanced at the closed door and shrugged.

"There is a lack of a mountain guard on Menghuang Mountain. When he recovers from his injury, let him guard Menghuang Mountain and I will provide him with food and drink. It will save us a lot of trouble."

And I plan to teach him how to collect herbs, which can be regarded as a survival skill. If it doesn't work, I will let him call me master from now on. What do you think? "

Hearing this, Lin Changhong looked at his sister up and down with squinting eyes, his face full of contempt.

"Sang Sang, my eldest brother is not telling you, you are... too thick-skinned, aren't you? You are like this, and you still think of me as someone else's master? Now I even doubt that our cows can fly into the sky."

Lin Caisang: "!!!"

Why can't she be Zhong You's master? Brother, please explain it clearly to me!

"Isn't this a temporary measure? Otherwise, how can I tell the outside world? Besides, I really plan to study medicine. I have bought a lot of medical books and have been reading them. Otherwise, how would you think I would get the medicine to treat him? That's all. I made it myself."

"real?"

Lin Changhong's eyes lit up and he looked at his sister in disbelief.

"Sangsang, do you still have this ability?"

"of course."

She has learned medical skills all her life. If she didn't have this ability, wouldn't her two lifetimes have been in vain?

"Then you teach me, I want to learn too." Lin Changhong immediately accepted her words.

Lin Caisang: "..."

Is this big brother really here to trick her? Even with his talent, he still wants to learn medical skills, so don't go back and kill people.

"You can learn something else. In a few days, I will teach you something else, but the premise is that after the Menghuangshan incident is over, you have to go to school to read. If you can't recognize a few words, you will be blind in whatever you want to learn. Can you understand the words in the medical book?"

Hearing this, Lin Changhong shook his head. The words in the book knew him, but he didn't know them.

"I'm so old, do I really still have to go to school?"

He thought he was joking in front of Grandpa last time, but he didn't expect Sangsang to be serious!

"What can you do if you can't read? Spend your life collecting bird's nests and hunting? Brother, don't blame me for not reminding you. These are all based on God's face. If God is not happy, you will go hungry."
