Chapter 254 Didn't I tell you?

"ah?"

Lin Changhong turned to look at his grandfather with a blank look on his face.

"Cousin Changhong, was it Sister Sang Sang who asked you to come and get the steamed buns? This is the family's steamed buns. The whole family is pointing to it to fill their stomachs. You took so much at once, and we can all share the rest. But come."

When Lin Caihe saw that he had taken away so much at once, his expression suddenly turned bad. He put the chopsticks he had just picked up down again and looked at him with an evil look.

"Besides, you didn't pay more than us. Can you finish eating with so much?"

"I can take as much as I like, do you care?"

Lin Changhong looked at her, his face immediately changed color, and his voice became colder.

"A person who didn't even pay his share of the family dares to talk nonsense here. Sangsang is so polite to you. You really think it's a blessing, don't you? Believe it or not, I'm going to slap you!"

This Lin Caihe is really getting more and more excessive in her actions and words. If she is allowed to continue like this, she doesn't know how she will mess up the family.

"you--"

When Lin Caihe heard what he said, her eyes turned red and she looked at Lin Laogan with aggrieved face.

"Grandpa, look at cousin Changhong. He blames me for doing something wrong and even speaks cruel words to me. You should take care of him!"

"If you don't want to eat, go back to your room and stay there!" Lin Laogong glared at her and shouted coldly.

"Chang Hong is right. You are a stinky girl who needs to be dealt with. If I don't give you a good scolding, I will really think that I can survive. If you talk anymore, stop eating. I will be hungry!"

Although he said this, he still turned to look at Lin Changhong.

"Changhong, are you giving so much to that person?"

He also heard that Sang Sang and Ya Mo Lian rescued an injured person on the road and were now at Ya Mo Lian's house. It was appropriate to go there with some food. There was nothing to say.

"yes."

Lin Changhong nodded.

"I haven't given him food all day. I'm afraid something might happen if he's really hungry, and he'll have to cause trouble in the village again."

Thinking of Liu Chushui, he really wanted to sigh. He really had different fates from Liu Qingshui. One could be given food while he was lying in bed, but the other had to be locked up and starved.

"Um?"

Lin Laogong was confused.

"Changhong, who are you giving food to?" Lu Qiubo asked.

What does it mean to have no food for a day? Didn't that person just get rescued? Is her grandson confused?

"Liu Chushui."

What Lin Changhong said couldn't be more natural.

Besides Liu Chushui, who else could he give food to? This is a strange question to ask.

"After he left our house yesterday, his second uncle locked him up and didn't even give him food. Didn't Sangsang tell you?"

"What?"

When Lin Caihe heard what he said and saw the ugly faces of Lin Laogan and Lu Qiubo, she felt proud and screamed immediately.

"Cousin Changhong, are you too greedy? Have you forgotten how the second uncle and the others plotted against our family? Now you actually want to give them our food. Isn't this to make them full? So thoughtful to deal with us.

Cousin, how could you do such a thing? That Liu Chushui deserved to starve to death, and yet you gave him food. No matter how much food our family had, we would not give it to them even if we threw it into the water to feed the fish!

Father, Grandma, do you think what I said is right? "

After saying that, she glanced proudly at Lin Changhong and looked at Lu Qiubo, who was turning blue with anger.
