

Star of Space 255

Chapter 255 I'm not happy

It's time for Lin Caisang to admit defeat this time. I wonder if Grandma hates the Liu family the most, but she is still helping them now. If she doesn't add insult to injury at this time, how long will it take?

'Snapped!'

As soon as she finished speaking, she heard the sound of chopsticks being slapped heavily on the table.

Immediately afterwards, a slap fell directly on Lin Caihe's face, which made one side of her face numb. She stared blankly at the person who slapped her, her grandma Lu Qiubo.

"Grandma, you...you hit me?"

She couldn't believe it. Based on the current situation, grandma shouldn't have beaten Lin Changhong. Then grandma should have called Lin Caisang back and scolded her thoroughly.

Why was she the one who got beaten?

"How could our Lin family have a person like you who is so vicious and doesn't care about brotherhood?" Lu Qiubo's eyes were so angry that they were about to smoke, and he raised his finger and pointed at Lin Caihe.

"Isn't Liu Chushui your cousin? Huh? You are so happy to hear that he is starving and suffering, and you want to add insult to injury? You still want to sow discord at home. Do you think the life at home is too peaceful?"

"I...where do I have it?"

Lin Caihe felt guilty for a while, but still denied it.

Although she wanted to sow discord between Ah Nai and Lin Caisang, brother and sister, so that Ah Nai would be more attracted to her and their third wife in the future, how could she admit it at this time?

"I just... Grandma, I just hate the people in the second uncle's family. They have harmed our family countless times, and they almost killed my eldest brother. I... I watched cousin Changhong help them, and I Not happy.

"Yeah?"

Lin Changhong sneered and stared at Lin Caihe dimly.

"How do I remember that on the first day that my second uncle and his family returned to the village, you were the only one in our family who wanted them to live in our house. Am I remembering it wrong?"

He reminded Lin Caihe and everyone.

"you--"

Hearing his question, Lin Caihe gritted his teeth and glared at him angrily.

"I...I just didn't understand it at the time." She tried her best to defend herself.

"Oh, you didn't understand it for a moment?"

Lin Changhong seemed to understand Lin Caihe very well and nodded.

"Then it's best that you can understand it now. Don't think about it one day and think that grandpa and grandma are too good to me and Sangsang, say some nonsense, or do some vicious things.

I can't tolerate sand in my eyes. If you can't control your mouth anymore, I have plenty of ways to shut you up! "

"you....."

Lin Caihe was frightened by the gloom in his eyes and shrank her neck.

"Father, mother, look at cousin Changhong, he..." She couldn't fight him, so she could only turn to others for help.

However, Lin Baiyi didn't even look at her, and Yang Lin just glanced at the daughter who was trying to save trouble, "He'er, it's good for you to know that Changhong is your cousin."

"I....."

Lin Caihe was so choked by Yang Lin's words that he dared not say anything.

Are you blaming her for talking too much? She shouldn't be talking at this time? But she was obviously right. Why should she send the food at home to Liu Chushui? Grandma tried her best to be harsh on her mouth, but saved it for Liu Chushui!

She is not convinced!

"Old lady, go and pack some water and ask Changhong to bring it with you. You have to drink some water as well as eat dry food." Lin Laogan told Lu Qiubo.

"good."

Lu Qiubo responded and went to the kitchen with Lin Changhong, pretending to be cool and leaving.
