

Star of Space 256

Chapter 256 Staying out all night

After a while, Lin Changhong went to deliver food, and Lu Qiubo went back to the main room to eat.

She brought two bowls, put some vegetables into two bowls, placed two wobou heads in each bowl, and put them aside.

"I don't know when Sangsang will be back. This food should be cold." She muttered while eating.

"It's okay, just warm it up later." Lin Laogong said.

"Yes." Lu Qiubo could only nod.

As her granddaughter, she was busier than anyone else right now. She saw no one all day long. If she hadn't come back to sleep at night, she would have suspected that Sangsang had disappeared again.

"Mom, why don't we care if second brother does this?" Lin Baiyi frowned and asked Lu Qiubo.

After Lu Qiubo heard what he said, although she was worried about Liu Chushui's grandson and wanted to take care of him, she knew very well that if she took care of him now, Liu Baixiao's family would have to come to visit him again in the future.

"Forget it, let Chang Hong take care of him for a few days. Just don't get sick from hunger."

It's not that she doesn't want to take care of it, but that she can't take care of it. Giving birth to a son like Liu Baixiao has made her have a worry in her heart all her life.

Fortunately, the two children, Sang Sang and Chang Hong, were sensible and understood the difficulties faced by them as elders, and would understand their mood. Otherwise, she really wouldn't know what to do.

"After all, it's your own child, so you can't really starve to death, right? It will be fine in two days.

"can you?"

Lin Baiyi raised his doubts.

"With my second brother's temper, I'm afraid..."

He felt that unless Liu Baixiao deceived him about his family's land deed, he might release Liu Chushui when he was happy. Otherwise, this matter might not be that simple and nothing could be done.

"How about I go over and try to persuade you?"

"What are you going to do, that bastard? He will only be prouder if you go. If you go, I will go too." Lu Qiubo glared at his son and said.

"Old lady, you'd better go take a look tomorrow."

After Lin Laogong heard what she said, he finally said this.

"Although our family is not short of food like Chu Shui, it is not the case to send it to him every day after all. You go and have a look tomorrow morning. If it doesn't work, ask the clan leader to step forward to prevent that evil obstacle from continuing to cause trouble like this. "When will this be over? Our food doesn't just fall from the sky."

"That's right, grandma, my grandpa is right. Cousin Changhong shouldn't be allowed to bring food to Liu Chushui. Doesn't this encourage the second uncle's arrogance?" Lin Caihe forgot all about what he had just eaten and heard Lin Laogan's words gave him renewed energy.

"Also, you should also talk about Sister Sangsang. Look how late it is. She is still at Brother Mo Lian's house. If anyone knows that this girl is staying out all night, it will have a bad impact. Ah, don't look back..."

"Shut up!"

Before she could finish her words, Lin Baiyi shouted back angrily.

Before Lin Caihe could react, the Wowotou in her hand was snatched away and put back into the dustpan. When she reacted and looked at her father, she saw that his face was red with anger and he was staring angrily. Own.

She immediately shrank her neck.

"Lin Caihe, you have such a bad mouth. If you talk nonsense again, I will ask your mother to sew your mouth shut and never speak again! What does it mean to stay up all night? Is this what a girl like you should say? I think you are serious It's a waste of time!"

"I....."

Lin Caihe was immediately wronged. She just followed her grandfather's words and said a few words. How could it be her fault again?
