

Star of Space 257

Chapter 257 It's all because of you!

"Grandpa, I..."

"He girl, if you don't want to eat, go back to your room and think about what you did wrong. If you don't understand, don't come out." Lin Laogong gave his granddaughter a cold look and said.

Hearing such words, Lin Caihe was simply stunned and couldn't figure out why she made everyone angry again.

But no matter how confused she was, there would be no food for her tonight. She could only go back to her room and think about it amidst the anger of her family.

"Old lady, tomorrow you..."

After the troublemaker left, Lin Laojiang looked at Lu Qiubo again.

"Okay, okay, I understand. I'll go there tomorrow morning." Lu Qiubo interrupted and answered.

How could she not know what her old man was thinking? She was the same, they were all her grandsons, so there was no reason why she shouldn't feel sorry for him. Leaving aside Liu Qingshui and Liu Yushui, Liu Chushui was at least a sensible person.

If I can help her, I will of course help her.

...

After Lin Changhong delivered the cornbread, he went to Ya Molian's house and happened to meet Lin Changfeng who had just come to see the situation.

"How did you come?"

Seeing Lin Changfeng, he was a little surprised.

I didn't see him in the main room just now, otherwise Lin Caihe wouldn't be so arrogant, as if he wanted to eat people.

"Where were you just now? Didn't I see you at home?" he asked.

"I went to borrow some books from my classmates."

Lin Changfeng raised the baggage in his hand and explained.

"When I first entered the village, I heard that Sang Sang and Brother Molian had picked up an injured person. Who was that person? Did Sang Sang tell you?"

"I don't know." Lin Changhong shook his head.

"I heard from Sangsang that the man didn't seem to remember what happened before. He couldn't even remember how he was injured, but the injury was quite serious. There were so many injuries all over his body, it was terrifying."

Thinking of Zhong You's injuries, the hairs all over his body stood up.

"However, the people in our village are very talkative. They are still talking bad things about people outside at night. What's wrong with saving someone? That's because we, Sangsang, have a good heart."

"I'm just afraid of saving people who shouldn't be saved." Lin Changfeng said.

He was worried about Sangsang's safety. He didn't know what happened this year. Things kept happening at home. Although life was getting better, the troubles came one after another.

"I think so too, but Sangsang still needs to be saved." Lin Changhong raised his eyebrows.

"But everyone has already been touched by us, so we can't say we won't save him. Sangsang said we should take one step at a time and see what happens. Brother Mo Lian is here to help. Why, do you want to go in and take a look?"

"No, I'm going back first."

Lin Changfeng shook his head, retreated from the yard, and walked towards his home.

Lin Changhong looked at his back, shrugged his shoulders, and turned around to go to the main room of Ya Molian's house.

...

In the room, Lin Caihe's face was full of anger after being driven back. He sat on the edge of the bed and stared at the kerosene lamp on the small table, as if the shadow of Lin Caisang was reflected in the light. She could glare at her. It looks like there are several holes.

"Lin Caisang, it's all because of you!"

She clenched her hands hatefully and smashed them against the bed beside her.

Because of Lin Caisang's presence, she has not been taken seriously since she was a child. The best thing in the family is always Lin Caisang's, including food, drink and food. Even her grandpa and grandma only love Lin Caisang and treat her Raise as a kitten or puppy.

"It's only a few days away. How come they are so cruel? What's so good about that bitch Lin Caisang!"
