Chapter 258 Kill that little bitch

She and Lin Caisang are only a few days apart. Wasn't it because Lin Caisang was born a few days earlier? Why is she just a cabbage and radish, while Lin Caisang is the meat of the family?

"Wealth star? Lin Caisang is a dead fat pig. What kind of fortune star is destined to be a dead pig? A rotten pig, a broom star! He is so fat that he doesn't even look at his disgusting appearance. He still wants to miss Brother Mo Lian. You It's worthy!"

She said disdainfully after taking a heavy sip on the ground.

"Vixen, you are really ugly and do mischief. You stay at Brother Mo Lian's house late at night, and you even use the family's food to show your courtesy. Do you think that fool Liu Chushui will have money in his pocket for her? Humph!

Just wait and see, sooner or later everyone will see your true face clearly! "

Her father, her mother, her eldest brother, and everyone in the village will all know that she, Lin Caihe, is a hundred times more powerful than Lin Caisang, the money-minded one who eats everything in and out!

When the time comes, she will ask Grandma to drive Lin Caisang out of the Lin family and let her starve to death outside!

"Lin Caisang, you bastard, a black-hearted piece of junk, just wait, I won't make it easy for you! I'm going to find Liu Yushui and kill you little bitch!"

If you want to secretly flatter Liu Chushui and get benefits from Liu Chushui, there is no way!

It's hard for her, and Lin Caisang can't have a good time either!

...

In the past two days, because Liu Baixiao was obsessed with food at home, Liu Yushui had never had enough to eat. She had no choice but to wander outside the Lin family, thinking about whether she could go to Lin Laogan to ask for some food. food.

After all, these people in the Lin family are her grandfather and grandma no matter what, so they can't possibly watch her starve to death, right?

But even though she was hungry, she still couldn't save her face. She used to be aloof and looked down on people like the Lin family, especially Lin Caisang, who was engaged to Zhou Liang.

Now she had to lower her head to beg for food from these people, and she couldn't swallow this breath.

Tonight, she managed to sneak out and finally made up her mind to knock on the courtyard door. The most important thing was that even if she could go hungry, the child in her belly couldn't stand being so hungry.

She still had to count on this child to get Zhou Liang to marry her, so nothing could happen to the child.

He raised his hand to knock on the door, but was stopped when he saw that the courtyard door was opened a crack, and two dark eyes were staring at him inside.

"Ah...um!"

Just as he was about to scream, he reacted in the next moment. After covering his mouth and agreeing, his other hand covered the mouth of Lin Caihe who was screaming inside the courtyard gate in time.

...

After a while, Liu Yushui and Lin Caihe found a field stalk near the village, and they stood there.

"Cousin Yushui, when are you going to kill that bitch Lin Caisang again? I feel so sad when she is at home. Everyone in the family only listens to her, and no one cares about my feelings at all."

Lin Caihe was full of complaints, and the clothes in his hands had been twisted into twists without even realizing it.

"Sooner or later, I will kill that little bitch!" Liu Yushui snorted after hearing her words.

I remembered that when the family came to the Lin family for help, it was Lin Caisang who deliberately made things difficult for them. Otherwise, they would have stayed at the Lin family, and she would have been fed by Lu Qiubo. How could she have such a belly today? The end of being extremely hungry.

Moreover, the more she thought about what happened to Liu Qingshui, the more wrong she became. Did Lin Caisang also do something in this matter? That woman was just jealous that she was favored by Zhou Liang and would become the first lady in the future.
