Chapter 263: Chased all over the yard

The more he thought about it, the more he felt that it was Lin Liuzi who was meddling in other people's business, and the anger in his heart began to rise.

"Lin Liuzi, please come out quickly and stop meddling with my family's affairs. I'll make you walk around in pain, thinking this is your home. Get out of here and go back and forth wherever you go! Let me tell you, my family is not You are messing up the ground, so be careful, sooner or later, I will kill you..."

"Liu Baixiao, you evil beast!"

Before Liu Baixiao finished his harsh words, he heard a familiar voice ringing in his ears, and his body trembled.

If the person who came was Lin Laogeng, he could still coax him a little and blame all the mistakes on Liu Chushui, but the person who came was his mother Lu Qiubo. His mother had not been there since she was young. What a fooling master.

"Mom, this really isn't my fault, it's Chu Shui. I beat him because he did something wrong. I'm his father, and it's only right to teach him a lesson..."

'Snapped! '

As soon as he turned around and explained a few words, a big mouth slapped him in the face, leaving him confused.

The next moment, Lu Qiubo quickly walked into Liu Chushui's room. Liu Baixiao breathed a sigh of relief and looked at the other Lin family members, Lin Baiyi, Yang Lin, and even the younger ones, Lin Changfeng, Lin Changhong, and Lin Cai. Sandu comes.

"This is my home. Whoever let you in, get out immediately..."

"Liu Baixiao!"

He still didn't finish his words, because Lu Qiubo could only pause in the room for a moment before he rushed out angrily.

"Where's the stick? Where's the stick you used to hit people?!"

Everyone didn't understand her question at all, but Lin Caisang stepped forward, randomly picked up a stick and handed it to Lu Qiubo, "Grandma, what are you looking for with that stick? Just pick one up." "

Lu Qiubo glanced sharply, picked up the stick in Lin Caisang's hand, and rushed towards Liu Baixiao.

"It's natural for parents to spank their children, right? I'll beat you to death, you immoral thing!"

Before Liu Baixiao could react, he was hit by Lu Qiubo several times. His teeth were so painful that he wanted to run away, but Lu Qiubo chased him all over the yard. The stick fell firmly on him again and again.

Only then did everyone realize that Lu Qiubo hit Liu Baixiao with the stick.

"Brother, Brother Changfeng, look at Grandma's reaction. Liu Chushui was beaten unclearly. You guys help him out and go to our house. I'll treat him." He waved to Lin Changfeng and Lin Changhong. She ordered as they walked towards her.

"Um."

Lin Changfeng nodded, and the two of them walked into the room.

"Uncle Liuzi, you are here too."

"Changfeng, Changhong, you are here too. This Liu Baixiao is really nothing. A child who is so good has been beaten like this. Look at this child, he can't even stand up."

Lin Liuzi sighed when he saw the two people coming in.

"How come you were beaten like this?"

Lin Changhong leaned over, glanced at Liu Chushui's ghostly appearance, frowned, and turned to look at Lin Changfeng.

"Brother Changfeng, if we look at him like this, we won't be able to help him up, and we won't be able to walk such a long way. Otherwise..."

He thought to himself, no wonder Grandma was so angry and chased Liu Baixiao all over the yard with a stick. If he saw Liu Chushui like this, he would also want to kill Liu Baixiao!

"I'll ask dad to pull the oxcart over." Lin Changfeng spoke immediately and walked out the door.
