

Star of Space 265

Chapter 265 Who are you and why are you hitting me?

"you--"

Seeing Liu Rumei running away, Liu Baixiao glared at her and gritted his teeth. In the end, he could only continue running under Lu Qiubo's pursuit.

"Okay, Lin Lu, stop making such a fuss."

After a while, the head of the Lin clan came over with many people. Seeing the chaos in the yard, he stopped them.

Lu Qiubo happened to be tired from the beating. He threw away the stick and glared angrily at Liu Baixiao. Liu Baixiao was finally able to take a breath and hurriedly endured the pain and ran to Patriarch Lin's side.

"Patriarch, patriarch, save me, my mother is trying to beat me to death, you can't ignore this matter!"

"snort!"

Patriarch Lin glanced at him coldly and snorted.

"You deserve to be beaten to death!"

"you....."

Liu Baixiao was stunned. He thought that Chief Lin was here to save him, but he didn't expect that he would talk to him like this.

"Mr. Lin Lu, you are already very old. What are you doing to vent your anger on this thing?" Patriarch Lin looked at Lu Qiubo and asked.

"Patriarch, you don't know what evil things this evildoer has done." Lu Qiubo panted lightly and pointed at Liu Baixiao with a red face. He was really angry.

"Grandma, don't be angry. The clan leader is here and he will uphold justice. Lin Caisang stepped forward to comfort Lu Qiubo.

"Grandpa, the patriarch, my second uncle beat Chu Shuitang until his mouth was full of blood. His hands and feet were broken and he couldn't get out of bed. You have to take care of this matter, otherwise everyone in our village can kill his family members." I'll kill him if someone from the county government finds out about it and he comes to our village."

She said to Patriarch Lin.

What people are most afraid of these days is not lack of money or food and drink, but being visited by officials, which means they are doomed.

Everyone in the Lin clan knows that Patriarch Lin is a person who doesn't like to cause trouble and will hang up his sleeves as long as it doesn't concern him. It is estimated that if this matter comes to Patriarch Lin tonight, he will just say a few words to Liu Baixiao.

This was not the result she wanted.

Sure enough, when Patriarch Lin heard her words, he immediately frowned and looked at Liu Baixiao displeased.

"Liu Baixiao, is this really happening? Are you going to beat your own son to death?" he asked, glaring.

"Well!"

Liu Baixiao was choked by his question, but he knew how to deny it and quickly shook his head.

"Patriarch, don't talk nonsense about that stinky girl Lin Caisang. How could I do this? He is my own son. It's just that the boy did something wrong. I just taught him a lesson. It's no big deal. It's no big deal. "

"Haha, second uncle, your teachings are really harsh. People who don't know better would think you are the stepfather. Look at how badly you beat your son. Isn't he taking more air in or out? Liu Chushui is still..."

Lin Caisang sneered twice.

"Lin Caisang, you stinky girl are looking for death. If you keep talking nonsense, believe it or not, I will kill you!" Liu Baixiao shouted when he saw Lin Caisang's head popping up and staring at her with a fierce look on his face.

"You bitch...ah!"

But before he could even scream, a big hand stretched out from nowhere and slapped him hard, which was painful.

"You...who are you? Why did you hit me?" He looked intently, and he didn't recognize the person who hit him at all.

"If you dare to scold Sangsang again, do you believe that one of us will give you a slap and beat you to death?" The man threatened with a glare that was ten times more fierce than Liu Baixiao's.

Lin Caisang is a wealthy star in their Ya village. Who dares to speak to her like this?
